The Definitive '70s Pop Music Countdown Finally--the complete and systematic ranking of every song and every act that peaked on Cash Box(r) magazine's Top 100 pop singles charts of the 1970s. 5,350 songs performed by 1,698 acts representing all the genres and their styles that made the '70s such a diverse decade for popular music: from brassy funk to sassy punk with varieties of pop, rock, soul and more in between. They're all here: from superstars like Elton John, Paul McCartney, the Bee Gees, Chicago and the Jackson 5 to shooting stars like Cooker, Crawler, Ginger and Splinter. "Ranking the '70s" is the world's first and only uncut and unabridged ranking of pop music from the days of leisure suits and platform boots. That music stirred the passions of the "Me" generation from Earth Day, Kent State and women's lib through gas lines and the Bicentennial right up to inflation, ESPN and the Walkman and will transport early Gen X-ers back to family vacations, first dates, homework and high school graduation. Open to just about any page and you'll find your memories come flooding back to you as every song and every act is a fresh reminder of the past. It's the final word in '70s countdowns. But "Ranking the '70s" doesn't stop with song and act rankings. You can also immerse yourself in the following features: * Each act's catalog of song titles ordered by chart popularity * A categorized listing of acts as soloists, duos and groups * A revealing year-by-year ranking of every act's popularity during the decade * The top 300 songs of each year * A unique song title index with its own special features * An appendix featuring the most intense records and acts, the top 150 one-hit wonders, fastest and slowest records to #1, highest entries and exits and more!

This compilation of the popular music of the seventies, complete with piano and guitar arrangements, includes songs by Elton John, Helen Reddy, James Taylor, Joni Mitchell, and other recording artists.

You know the name. You know the number. And, strangely enough, you recognize the songs: "Live and Let Die," "Skyfall," "Nobody Does It Better" and of course "Goldfinger." For more than fifty years, the producers of the James Bond movies have felt the need to open their films with chintzy songs featuring puzzling lyrics about diamonds and guns. And for more than fifty years we've listened to, bought, and sung along with these songs. The Bond-songs make pop critics and pop historians of all of us - there is a canon of them, and whenever a new one hits the airwaves we compare it to that canon. This book is about the canon, but it's as much about the kind of audience that canon has turned us into. The Bond-songs are far more about us the consumers than they are about 007: they talk to us about what pop music has to do with work, they try to tell us what's great (and maybe not so great) about capitalism, they speak about aging and becoming obsolete. Following their trail of bizarre lyrics and retro instrumental gestures we trace a secret history of pop and of our changing ways of listening to pop over the last half century.

A reference guide to the decade's top trends, performers, and sounds, reviews the most influential albums, provides biographical overviews of key artists, and considers how technology and the Internet have impacted the industry.

(song), A Million to One, Breeze On By, C'mon Marianne, Close Every Door, Deep Purple (song), Donny Osmond discography, Go Away Little Girl, Hello Again (Neil Diamond song), Hey Girl (Freddie Scott song), I'll Make a Man Out of You, I'm Leaving It Up to You, I Knew You When, Love Will Survive, Make the World Go Away, Morning Side of the Mountain, My Love Is a Fire, Puppy Love (song), Sacred Emotion, Soldier of Love (Donny Osmond song), Sure Lookin', The Twelfth of Never, Too Young (popular song), Why (Frankie Avalon song), Young Love (1956 song). Excerpt: This article documents the discography of American pop music singer, Donny Osmond. The Osmond's 60s and 70s albums have never been released on CD legitimately in any country. Several 2 for 1 bootleg collections have been released on all of the original catalogue. Most notably the first and original 4 album sets released on the Maestro label. Maestro released the albums as an original master series with hard to find bonus tracks tracks in top quality sound. Each set contained 4 albums on 2 CDs with all of the original album cover and MGM label art work intact. Many copies of these bootlegs have followed, but the original Maestro label releases cannot be beat. These circulated through the internet on sites like eBay for about 10 years and are now highly collectible. "Are You Lonesome Tonight?" is a popular song with music by Lou Handman and lyrics by Roy Turk. It was written in 1926, first published in 1927 and most notably revived by Elvis Presley in 1960 (with the title spelled Are You Lonesome To-Night?). Even if it is sometimes reported as...

A guide for music: compositions, events, forms, genres, groups, history, industry, instruments, language, live music, musicians, songs, musicology, techniques, terminology, theory, music video. Music is a human activity which involves structured and audible sounds, which is used for artistic or aesthetic, entertainment, or ceremonial purposes. The traditional or classical European aspects of music often listed are those elements given primacy in European-influenced classical music: melody, harmony, rhythm, tone color/timbre, and form. A more comprehensive list is given by stating the aspects of sound: pitch, timbre, loudness, and duration. Common terms used to discuss particular pieces include melody, which is a succession of notes heard as some sort of unit; chord, which is a simultaneity of notes heard as some sort of unit; chord progression, which is a succession of chords (simultaneity succession); harmony, which is the relationship between two or more pitches; counterpoint,

which is the simultaneity and organization of different melodies; and rhythm, which is the organization of the durational aspects of music.

The Pigheaded Soul presents a series of witty, intelligent, and sometimes controversial essays in which talented newcomers and avowed masters alike find themselves within the literary crosshairs of acclaimed poet and critic Jason Guriel. Guriel does not shy away from the negative review, nor does he begrudge praise where praise is due. He applauds the innovative and evocative, rails against the lazy and the imprecise, and critiques the 'hipster' mentality of so-called avant-gardists who use the same tired tricks as shortcuts to perceived innovation. But far from providing only reviews and critical readings, The Pigheaded Soul serves up amusing insider anecdotes about the poetry community, from intelligent examinations of inspiration and imagination, to gonzo reportage of high-profile – and occasionally absurd – literary events. Wry, engaging, and astute, Guriel writes with a confidence and panache that enlivens the often dry and dusty field of literary criticism.

One song. One moment in a lifetime of music. Basement songs hold a special place in our hearts. Decades may pass when suddenly one of these melodies begins playing, instantly reminding you of the time and place it first sank its hooks into your heart or into your soul. It doesn't matter if it was at work, in a car, on your friend's radio, or in your parents' basement. What does matter is the music and how it still affects you. In this unique collection of essays, Scott Malchus explores the songs that influenced and guided him throughout the years: from his discovery of popular music as performed by a green felt puppet to the rock anthems played by a Journey cover band. In between, life-long friendships are forged, true love is found and adversity is met head-on. Each defining moment in his life married to a song and each song an anchor to an everlasting memory. Basement Songs is a journey full of heart, humor and above all, a love of music.
