A "beautiful and sensitive" tale of true love that transcends time, from the multi-million bestselling author of Many Lives, Many Masters (Gary Zukav, author of Seat of the Soul). Recommended by Kendall Jenner. In Many Lives, Many Masters, a skeptical Dr. Brian Weiss found his life changed profoundly after curing a patient using past-life therapy. Now he takes his research into transcendental messages one breathtaking step further. He portrays two strangers, Elizabeth and Pedro, who are unaware that they have been lovers throughout the long centuries -- until fate brings them together again. He shows how each and every one of us has a soulmate whom we have loved in past incarnations and who waits to reunite with us now. And he opens up entirely new worlds for all of us everywhere, based on a single, powerful truth...

In his bestselling book, THE SEAT OF THE SOUL, Gary Zukav's driving concept was 'multi-sensory perception', an innate sense that allows people to experience the world beyond the five senses, to listen harder to who they are and ultimately to save one's life. Now in SOUL STORIES, Gary Zukav brings this concept and many others vividly alive, with marvellous true stories of how they manifest themselves in individual lives. This book is enormously practical in the way the author builds on each specific story to a discussion of its application to the reader's needs, leading to a deeper understanding of authentic power and inner peace. And best of all, it is wonderfully readable and even more accessible than THE SEAT OF THE SOUL.

This book is about working with the universe to create your life purpose. Carolyn is an intuitive, psychotherapist and healer who had spiritual experiences that made her open up spiritually in a deep way. She began to incorporate spirituality in healing others. Through triumph and tragedy she learned to trust spirit's messages and synchronicities to open up her gifts and help others to walk their path, by trusting their own intuition.

Now, in one of the most important and useful books you will ever read, Soul Stories, Zukav shows how this new understanding of power -- authentic power -- transforms lives in countless ways. Soul Stories is filled with marvelous stories that show how concepts such as intuition, harmony, cooperation, sharing, and reverence for life actually express themselves in people's lives. In THE SEAT OF THE SOUL, Gary Zukav brilliantly set forth his concepts, explaining how the expansion of human perception beyond the five senses leads to a new understanding of 'authentic power'. Then, in SOUL STORIES, he revealed how such concepts as intuition, harmony, sharing and forgiveness actually express themselves in other people's lives. And now, in THE HEART OF THE SOUL, Zukav, together with his coauthor and spiritual partner, Linda Francis, takes the next important step in showing us how to actually apply these crucial concepts in our daily lives. Zukav reveals how true emotional awareness can transform the human experience. Although it is challenging and difficult, because it means becoming aware of suppressed pain, it is also enormously rewarding. But first the determination to explore every aspect of consciousness, and to

cultivate those that contribute the most to life, must replace the desire to bury painful emotions. Ultimately emotional awareness can free us from the compulsions, fixations, obsessions and addictions that block our spiritual development - among them anger, workaholism, perfectionism, obsessive eating, alcohol, drugs, sex - and allow us to live a fulfilling and meaningful life. THE HEART OF THE SOUL will be a revelation for readers - a soul tool with which we can forge a greater emotional awareness to enable us to use our emotions in the creation of authentic power. It is a book to read not once, but several times, for it is a life-changing work that can transform our lives for the better.

"The author of the legendary #1 New York Times bestseller *The Seat of the Soul* shows us step-by-fascinating-step how to create a life of love and where that now leads"-- In one way or another, we all carry trauma. It can manifest as anxiety, shame, low self-esteem, over-eating, under-eating, addiction, depression, confusion, people-pleasing, under-earning, low mood, negative thinking, social anxiety, anger, brain fog and more. Traumas, big or 'little', leave us trapped in cycles of dysfunctional behaviours, negative thoughts and difficult feelings. Yet many people are unaware they're stuck in old reactions and patterns that stem from their past traumas. Many of us are wary of the word and push it away instead of moving towards it and learning how to break free. Dr Sarah Woodhouse is a Research Psychologist who specialises in trauma and is passionate about helping people face this word and their past. In *You're Not Broken* she teaches you what a trauma is (it's probably not what you think), and how to recognise when, why and how your past is holding you back. She gently explains the pitfalls of ignoring awkward, upsetting episodes and how true freedom comes from looking back at your past with honesty. Then, sharing the latest research-based techniques and her own personal experience, she guides you towards breaking the trauma loop, reawakening your true self and reclaiming your future.

Then, just before her 30th birthday, the life she had so consciously created began to crumble around her. It was as if the Universe had turned off all the lights, so she had no choice but to rediscover her own. In this book, Rebecca shares her own journey, alongside practical tools to help you reconnect with the core of your being and channelled messages from the Universe. Once you rediscover what you already know at soul level, you can create a life that is in alignment, discover your soul gifts and offer the world something that only you can give.

Stories of Oprah is a collection of essays that explores Oprah Winfrey's broad reach as an industry and media brand. Contributors analyze a number of topics touching on the ways in which her cultural output shapes contemporary America. The volume examines how Oprah has fashioned a persona—which emphasizes her rural, poverty-stricken roots over other factors—that helps her popularize her unique blend of New Age spirituality, neoliberal politics, and African American preaching. She packages New Age spirituality through the rhetoric of race, gender, and the black preacher tradition. Oprah's Book Club has reshaped literary publishing, bringing Toni Morrison, William Faulkner, and Cormac McCarthy to a broad number of readers. Her brand extends worldwide through the internet. In this volume writers analyze her positions on teen sexuality, gender, race, and politics, and the impact of Winfrey's confessional mode on mainstream television news. The book also addresses twenty-first-century issues, showing Winfrey's influence on how Americans and Europeans responded to 9/11, and how Harpo Productions created a deracialized film adaptation of Zora Neale Hurston's classic novel *Their Eyes Were Watching God* in 2005. Throughout, *Stories of Oprah* challenges readers to reflect on how Oprah the Industry has reshaped America's culture, history, and politics.

Except the Little Soul didn't just want to understand forgiveness--the Little Soul wanted to experience forgiveness and know what it felt like to forgive another. So God helped in the best of all possible ways: by putting the Little Soul in the body of Meghan, a newborn baby just beginning to explore all the magic the world had to offer. But God never sends any Little Soul to Earth all alone. God sent along Melvin, a guardian angel, and a promise that God would always be there--even if the Little Soul forgot from time to time. Experience the world through the eyes of the Little Soul in her first few moments on Earth as Meghan meets her mommy and daddy, learns about love, and begins to figure out what it means--and how it feels--to be human. The Little Soul and the Earth is a delightful, vividly told and illustrated tale from the team that created The Little Soul and the Sun. The first of a new series of Little Soul adventures, it exemplifies the vital truth that God is with us always, no matter where our own adventures lead and no matter how many times we may forget that truth. Gently reminding us that beauty and love are all around, the world of the joyous Little Soul is a place your child will want to visit again and again.

Anger. Pain. Longing. Fear. Despair. These are all negative emotions we tend to try to keep at bay and pretend don't exist. And yet bestselling author Gary Zukav, who has been working in the field of emotions for over a decade, suggests we should and can bring these unmentionables out of the closet and deal with them. Not to do so is like trying to prevent water flowing downstream. You can dam it for so long, but then it's likely to flood. Hence the prevalence of road rage, stress, alcoholism and various other addictions in our society. Now, in THOUGHTS FROM THE HEART OF THE SOUL the authors offer a collection of meditations to help us understand our emotions and live healthily and happily in harmony with them. Both a companion piece to THE HEART OF THE SOUL and a stand-alone book that offers insight into who we are and all that we can become, this enlightening compilation of reflections and meditations will be cherished by readers for years to come.

This is an account of the essential aspects of the new physics for those with little or no knowledge of mathematics or science. It describes current theories of quantum mechanics, Einstein's special and general theories of relativity and other speculations, alluding throughout to parallels with modern psychology and metaphorical abstractions to Buddhism and Taoism. The author has also written "The Seat of the Soul".

Cleverly crafted by acclaimed author and motivational speaker Reverend Leo Booth, The Angel and the Frog is both a charming fable about relationships and an exquisite insight into life and human relationships, similar in the way George Orwell's classic Animal Farm was an insight into politics and governmental Big Brother. When Christine, a tiny angel in training, falls from the sky into Turnbridge Pond—though not by accident—Cedric the Frog is shaken from his stupor as he quickly swims to save her. Christine's mission is to show Cedric and the other animals how to connect and ultimately become angels themselves, bringing true spirituality into their lives through a system called The Process—an interconnection of insight, wisdom, and harmony. This imaginary world is a welcome metaphor for our lives today, where many feel disconnected from spirituality. It highlights social issues facing society—racism, bullying, homophobia, emotional abuse, low self-esteem, and shame. These are seemingly beyond our ability to control. The only option we have is how to respond to them. These difficult topics are presented with subtlety and grace with a great moral ending and characters you have no choice but to fall in love with along the way. The Angel and the Frog is an uplifting read for all ages and all denominations, where in the end Cedric becomes an amphibian ambassador of spirituality, love, and what it means to become your own angel.

In this book, Cheryl Rose-Hall shares the unique painting technique that she has developed. As a sensitive, she shares how she paints by attuning to her subjects through the eyes and spirals out from that central point. Using historical data along with her psychic impressions, she creates empowered works of art based on sacred sites and their mythology. This book includes photos, images, and research that the public has never seen before. This is reiterated in the brilliant forward by Dr. Jean Houston. The book is divided into the four mythic lands where Cheryl lives and creates. Narnia (Northern Ireland), Lemuria (Mt. Shasta), Avalon (UK), and Bohemia (Prague, Czech Republic). There are 120 color photos and 60 color paintings and their stories.

Some of the highlights include The real portrait of Mary painted by St. Luke, the actual Kingdom of Narnia, and the rarely seen ancient Lemurian petroglyphs near Mt. Shasta documented by archeologists.

In 1957, Melba Beals was one of the nine African American students chosen to integrate Central High School in Little Rock, Arkansas. But her story of overcoming didn't start--or end--there. While her white schoolmates were planning their senior prom, Melba was facing the business end of a double-barreled shotgun, being threatened with lynching by rope-carrying tormentors, and learning how to outrun white supremacists who were ready to kill her rather than sit beside her in a classroom. Only her faith in God sustained her during her darkest days and helped her become a civil rights warrior, an NBC television news reporter, a magazine writer, a professor, a wife, and a mother. In I Will Not Fear, Beals takes readers on an unforgettable journey through terror, oppression, and persecution, highlighting the kind of faith needed to survive in a world full of heartbreak and anger. She shows how the deep faith we develop during our most difficult moments is the kind of faith that can change our families, our communities, and even the world. Encouraging and inspiring, Beals's story offers readers hope that faith is the solution to the pervasive hopelessness of our current culture.
