This shockingly explosive Book deals with the manipulative privatization of Sri Lanka Insurance, under a privatization program, pushed by IMF, World Bank and ADB; questionably mishandled by PricewaterhouseCoopers and Ernst & Young, contravening governmental procedures and professional standards; involving a consortium of leading corporates, controlled by one individual, portrayed as a close associate of former US President Bill Clinton. This dubious deal was annulled as wrongful, unlawful and illegal

by the Supreme Court, the highest judiciary, observing that it 'shocked the conscience of Court', asserting that public assets are held in trust on behalf of the people. This Book exposes those holding elected and selected influential and powerful public office unabashedly compromising national and public interests, in the disposal of an invaluable national asset, at a ridiculous price, to parties, who had not even been pre-qualified, with one party incorporated in Gibraltar after the completion of the process, and whose source of funds channeled through a leading Bank remained a mystery. This Book appallingly reveals how pontificating professionals retrospectively manipulated the financials of Sri Lanka Insurance, facilitating a fraudulent demand for a refund from the Government. It reveals the unashamed condoning of fraud and corruption, and bestowing on corrupt miscreants even more recognition, shunning the 'rule of law'; and the absence of law enforcement; and the duplicitous stances of the Chamber of Commerce and the Institute of Chartered Accountants. This book is an 'eye opener' on socio-political realities, and is invaluable to those dealing with privatization, public finance and commerce, fraud and corruption, forensic accounting, and to legal academics and professionals, and public interest activists.

This Selected Issues paper discusses measures needed for structural transformation in Sri Lanka. The government has ambitious plans to achieve upper middle-income country status in 2025 by transforming Sri Lanka in an Indian Ocean Hub for trade, investment, and services. Stable and transparent regulatory systems would make Sri Lanka's business environment more attractive for long-term investment and support trade integration. Reviewing trade barriers and developing a phased and sequenced strategy for gradual removal of restrictions is a first necessary step toward enabling more competitive trade. In this regard, the authorities' decision to gradually rationalize para-tariffs and set up automated approval systems is a welcome step. Ongoing open consultative processes on reform strategies can also help building public consensus in support of these important objectives.

In this present era of competition, every competitive examination consists of 5 sections Quantitative Aptitude, Reasoning, General English, Computer Science and General Awareness related to banking industry. After teaching more than 18,000 students in 28 years, we have seen a lot of students spending their time practicing aptitude and reasoning alone. But the students who cleared the exam would definitely say the above method of practicing would not help because merely passing in Aptitude and Reasoning sections will not help. Students should also think about the other sections and overall cut off. We know a lot of students who cleared all the sections but failed to clear the overall cut off. In fact, Practicing GK and English is the only way to raise the overall cut-off. So, we have decided to dedicate this entire magazine just for General Awareness & Banking awareness. We sincerely believe that students who practice the next 100 pages would secure 40 marks from the Banking awareness section. We thank Google Play for publishing our e-magazine on their mobile platform. We also thank our students who assisted to bring this magazine out.
