Continue the exploration of the design process that led to the iconic Star Trek ships from the hit television programs and films. Featuring interviews with the ship designers and screen model builders, this first-time ever explored subject will appeal to all Star Trek fans. Includes first-time ever collected concept art and sketches. Learn about the real-world people events behind one of the greatest science fiction universes.

In unabashed celebration of Captain James T. Kirk's singular fighting skills, *Star Trek: Kirk Fu Manual* is every Starfleet cadet's must-have training guide for surviving the final frontier. As captain of the legendary U.S.S. Enterprise, James T. Kirk engaged in his share of fisticuffs, besting opponents with a slick combination of moves and guile that remains unmatched. Is there anyone you'd rather have watching your back as you take on Klingons, alien gladiators, genetically engineered supermen, and even the occasional giant walking reptile? *Kirk Fu* is a series of unarmed combat techniques developed by one of Starfleet's most celebrated starship captains over several years of encounters with alien species on any number of strange new worlds. A blend of various fighting styles, *Kirk Fu* incorporates elements of several Earth-based martial arts forms as well as cruder methods employed in bars and back alleys on planets throughout the galaxy. It is as unorthodox in practice as it is unbelievable to behold. Including excerpts from Kirk's own notes and personal logs, the *Star Trek: Kirk Fu Manual* is the perfect training guide for surviving the depths of space. With proper training and practice, every Starfleet cadet can become one with *Kirk Fu*.

If someone hangs a stop sign upside down or paints crooked lines on a highway, count on someone else to snap a photo and post it online. *You Had One Job!* is a collection of hilarious pictures features job-related disasters and general ineptitudes. All of these new, never-before-seen images will be accompanied by witty captions.

Clear all moorings, one-half impulse power and set course for a mare incognitum... A popular culture artifact of the New Frontier/Space Race era, *Star Trek* is often mistakenly viewed as a Space Western. However, the Western format is not what governs the worldbuilding of *Star Trek*, which was, after all, also pitched as "Hornblower in space." *Star Trek* is modeled on the world of the "British Golden Age of Sail" as it is commonly found in the genre of sea fiction. This book re-historicizes and remaps the origins of the franchise and subsequently the entirety of its fictional world--the *Star Trek* continuum--on an as yet uncharted transatlantic bearing.

Over the past few decades, John Eaves has had a major impact on the look of the *Star Trek* Universe and played a pivotal role in shaping Gene Roddenberry's vision. Starting with his work on *Star Trek V: The Final Frontier*, Eaves has worked as a production designer, illustrator, and model maker across the franchise. He has been responsible for creating many of the props and ships, and helped develop the Federation design, from the U.S.S. Enterprise NCC-1701-E to the U.S.S. Discovery NCC-1031. *Star Trek: The Art of John Eaves* represents the most extensive collection of designs and illustrations created by Eaves across the *Star Trek* Universe. Featuring fascinating pencil sketches and stunning concept art, this visually dynamic book gives fans a unique in-depth look into Eaves' creative vision and the wealth of his remarkable work at the center of this spectacular franchise.

The cats are back in their continuing mission: to boldly go where no one has gone before. This companion to the bestselling *Star Trek Cats* brings the many adventures of *Star Trek: The Next Generation* to life in a faithfully feline homage to the hit series. From encounters with the Borg to adventures on the holodeck, Captain Picard and the rest of the U.S.S. Enterprise NCC-1701-D crew are reimagined as cats with lovingly detailed and eyebrow-raising scenes from throughout the award-winning series, perfect for *Star Trek* fans across the Galaxy. Fascinating compilation of previously unseen and fully restored stills from *The Original Series*, showing William Shatner, Leonard Nimoy and other cast crew filming the iconic show. Think you know everything about the *Original Series*? Think again. *Star Trek: The Lost Scenes* is packed with hundreds of never-before-seen color photos of the world's ultimate sci-fi series. Professionally restored images are used to chronicle the making of the series, reassemble deleted scenes, and showcase bloopers from the first pilot through the last episode. Whether you're a new *Star Trek* fan or a seasoned veteran, this book is a must-have.

"It has long been suggested that films have changed the way we listen, but cinema's contribution to broader listening cultures has only recently started to receive serious academic attention. Taking this issue as its central topic, *The Oxford Handbook of Cinematic Listening* explores--from philosophical, archival, empirical, and analytical perspectives--the genealogies of cinema's audiovisual practices, the relationship between film aesthetics and listening protocols, and the extension of cinematic modes of listening into other media and everyday situations. Featuring scholars from musicology, film studies and literary studies, ethnomusicology and sound studies, media and communications and psychology, this Handbook aims to foster new ways of thinking about the intersection between the history of listening and the history of the moving image. It offers a wealth of original case studies and novel perspectives that show how cinematic listening is constantly being redefined in relation to shifting historical, spatial, textual and theoretical frameworks"--

The crews of Jean-Luc Picard, Benjamin Sisko, Ezri Dax, and William Riker unite to prevent a cosmic-level apocalypse—only to find that some fates really are inevitable. *STARFLEET'S FINEST FACES A CHALLENGE UNLIKE ANY OTHER TOMORROW IS DOOMED* Time is coming apart. Countless alternate and parallel realities are under attack, weakening and collapsing from relentless onslaught. If left unchecked, the universe faces an unstoppable descent toward entropy. *WANDERER, ORACLE, ALLY* Scarred and broken after decades spent tracking this escalating temporal disaster, while battling the nameless enemy responsible for it, an old friend seeks assistance from Captain Jean-Luc Picard and the crew of the Starship Enterprise. The apocalypse may originate from their future, but might the cause lie in

their past? EVERYTHING THAT WILL BE Identifying their adversary is but the first step toward defeating them, but early triumphs come with dreadful costs. What will the price be to achieve final victory, and how will that success be measured in futures as yet undefined?™, ®, & © 2021 CBS Studios, Inc. Covers the history of space flight from the beginning of the twentieth century through the year 2202, with the story of man's conquest of the stars chronicled in illustrations and star maps

In celebration of one of science fiction's most beloved franchises, an updated edition of the acclaimed Ships of the Line hardcover collection. They dared to risk it all in a skiff of reeds or leather, on a ship of wood or steel, knowing the only thing between them and certain death was their ship. To explore, to seek out what lay beyond the close and comfortable, every explorer had to embrace danger. And as they did so, what arose was a mystical bond, a passion for the ships that carried them. From the very first time humans dared to warp the fabric of space, escaping from the ashes of the third World War, they also created ships. These vessels have become the icons of mankind's desire to rise above the everyday, to seek out and make the unknown known. And these ships that travel the stellar seas have stirred the same passions as the ones that floated in the oceans. While every captain has wished that their starship could be outfitted in the same manner as the sailing ship H.M.S. Beagle—without weapons—that proved untenable. From the start, Starfleet realized that each vessel, due to the limited range of the early warp engines, must be able to stand alone against any attack. Thus arose the idea, taken from the days of wooden sailing ships, that every Starfleet vessel must stand as a ship of the line. Through the actions of their captains and crews, countless starships have taken on that role. Here we remember some of those ships and their heroic crews. In celebration of one of science fiction's most beloved franchises, this updated edition of the acclaimed Ships of the Line hardcover collection now includes dozens of additional images brought together for the first time in book format—spectacular renderings featured in the highly successful Star Trek: Ships of the Line calendar series. With text by Star Trek's own Michael Okuda, the story of each of these valiant starships now comes to life.™, ®, & © 2014 CBS Studios, Inc. An all-new novel based upon the explosive Star Trek TV series! In a desperate attempt to prevent the artificial intelligence known as Control from seizing crucial information that could destroy all sentient life, Commander Michael Burnham donned the "Red Angel" time-travel suit and guided the USS Discovery into the future and out of harm's way. But something has gone terribly wrong, and Burnham has somehow arrived in a place far different from anything she could have imagined—more than nine hundred years out of her time, with Discovery nowhere to be found, and where the mysterious and cataclysmic event known as "the Burn" has utterly decimated Starfleet and, with it, the United Federation of Planets. How then can she possibly exist day-to-day in this strange place? What worlds are out there waiting to be discovered? Do any remnants of Starfleet and the Federation possibly endure? With more questions than answers, Burnham must nevertheless forge new friendships and new alliances if she hopes to survive this future long enough for the Discovery crew to find her.... A thrilling untold adventure based on the acclaimed Star Trek: Picard TV series! Starfleet was everything for Cristóbal Rios—until one horrible, inexplicable day when it all went wrong. Aimless and adrift, he grasps at a chance for a future as an independent freighter captain in an area betrayed by the Federation, the border region with the former Romulan Empire. His greatest desire: to be left alone. But solitude isn't in the cards for the captain of La Sirena, who falls into debt to a roving gang of hoodlums from a planet whose society is based on Prohibition-era Earth. Teamed against his will with Ledger, his conniving overseer, Rios begins an odyssey that brings him into conflict with outlaws and fortune seekers, with power brokers and relic hunters across the stars. Exotic loves and locales await—as well as dangers galore—and Rios learns the hard way that good crewmembers are hard to find, even when you can create your own. And while his meeting with Jean-Luc Picard is years away, Rios finds himself drawing on the Starfleet legend's experiences when he discovers a mystery that began on one of the galaxy's most important days... ?™, ®, & © 2021 CBS Studios, Inc.
