One little question propels both author and reader on a genre-bending quest to find the elusive essence of a Canadian province built on sturdy stereotypes of oil-spoiled, beef-eating, bible-thumping rednecks devoid of class or culture. Through essay, interview, colourful observation, and whatever other exposé it takes to amplify the hyperbolic absurdity of seeking a simple answer to an incendiary question, Geo Takach spotlights the cultural complexity of this perplexing province. Readers will be delightfully edified after a dizzying romp around Wild Rose Country with Geo and a cast of citizens and celebs (alive and dead).

When the complexities of modern living demanded that, for his own protection as well as his master's convenience, the dog be made controllable, the average owner sought advice from the most available source, which was, too often, some local dog-show exhibitor. Not realizing that, excepting a few praiseworthy individuals, these exhibitors were only superficially concerned with the qualities of use and companionship, an unfortunate dog owner would accept the sight of trophies or ribbons as the credits of an expert. Growing numbers of people and dogs continued to emphasize the advantages of proper dog-behavior and when, in 1935, The American Kennel Club instituted its obedience trials, the competition necessary to focus attention on results and improvement of methods was provided. And something else was observed. It was evident that thorough obedience training does more than assure a dog's response to his master's command; capacities for learning and emotional stability could be increased and integrated as permanent qualities of character. Recently, leading magazines of both general and specialized nature have made the public aware of the trained dog's potential, and of the recreational possibilities of dog training as a hobby. Interest in dog-training classes and other activities where dogs are dignified by usefulness, rather than merely looked at, is evidence that the dog-training public has outgrown the "make a game" and "tid-bit tossing" techniques that, by not being founded on positive and proper motivations, demonstrate the inadequacy of the master, thus promoting failure of response at those times when control is most needed, as well as contributing to the dog's feeling of insecurity. Dog owners of perspective have come to want the type of obedience upon which a blind person might stake his life, and the emotional stability that is vital to dogs in the presence of small, unpredictable children. Do you think you're funny? Do you want to turn your sense of humor into a career? If the answer is yes, then Judy Carter's *The Comedy Bible* is for you. The guru to aspiring stand-up comics provides the complete scoop on being—and writing—funny for money. If you've got a sense of humor, you can learn to make a career out of comedy, says Judy Carter. Whether it's creating a killer stand-up act, writing a spec sitcom, or providing jokes for radio or one-liners for greeting cards, Carter provides step-by-step instructions in *The Comedy Bible*. Using the hands-on workbook format that was so effective in her bestselling first book, *Stand-Up Comedy: The Book*, Carter offers a series of day-by-day exercises that draw on her many years as a successful stand-up comic and the head of a nationally known comedy school. Also included are practical tips and advice from today's top comedy professionals—from Bernie Brillstein to Christopher Titus to Richard Lewis. She presents the pros and cons of the various comedy fields—stand-up, script, speech and joke writing, one-person shows, humor essays—and shows how to tailor your material for each. She teaches how to find your “authentic” voice—the true source of comedy. And, perhaps most important, Carter explains how to take a finished product to the next level—making money—by pitching it to a buyer and negotiating a contract. "An inside view of the Lakota world-of the meaning of Lakota song and dance, of their history, of what it is to be Lakota in America today. . . . A lasting personal tribute to the Lakota way of living."-Whole Earth Review. "A unique, in-depth presentation on Lakota music and the profession of singer, a useful contemporary Oglala representation of the core of their culture, and a version of the involvement of the American Indian Movement on Pine Ridge Reservation, told by a man who was affiliated but not a principal leader. . . . This is a subjective statement, well and persuasively written."-Choice. Severt Young Bear stood in the light-in the center ring at powwows and other gatherings of Lakota people. As founder and, for many years, lead singer of the Porcupine Singers, a traditional singing and drumming group, he also stood, figuratively, in the light of understanding the cherished Lakota heritage. Young Bear's own life in Brotherhood Community, Porcupine District of the Pine Ridge Sioux Reservation, is the linchpin of this narrative, which ranges across the landscape of Dakota culture, from the significance of names to the search for modern Lakota identity, from Lakota oral traditions to powwows and giveaways, from child-rearing practices to humor and leadership. "Music is at the center of Lakota life, " says Young Bear; he describes in rich detail the origins and varieties of Lakota song and dance. Severt Young Bear performed with the Porcupine Singers throughout North America, taught at Oglala Lakota College, and served on the Oglala Sioux tribal council. He was music and dance consultant for the films *Dances with Wolves* and *Thunder Heart*. This book is the fruit of his longfriendship and collaboration with R. D. Theisz, a fellow Porcupine Singer and professor of communications and education at Black Hills State University.

Or is it a moment in which you understood your fears or made a choice to let something go? We may find our lives full of fear, hurt, or pain of loss, and even though these daily experiences have not caused major earthquakes or volcanic eruptions around the world, it is in these moments of our daily lives that we must look for our answers. In *Small Steps, Huge Changes: The Extraordinary Moments of an Ordinary Life*, writer Phyllis Reed shows us how it is possible to discover healing and joy by choosing to take just one small, courageous step. Through reflections, remembrances, poems, and vignettes, Reed tracks her own small steps through realms as varied as love, parenthood, loneliness, fear, and connecting to places, other people, and holy presence. Each true story, told in Reed's conversational, nurturing tone, is a tribute to those who have found ways to live happily and healthily after great difficulties to see the extraordinary in their everyday experiences. Taken as a whole, these moments of rising and falling, of joy and defeat, become our sacred lives. Providing an introduction to the roots of creativity, the author explains how to unleash creativity within and how to bring it to bear in every aspect of life

A journey is a collaboration and culmination of many steps. Sometimes our steps move us forward or backwards. Sometimes we take steps to the left or to the right. Our goal should be that our steps move us toward a definite destination. We hope that our steps are taking us nearer to that which will make us stronger, better, or even be greater people. As our steps are crucial, our end point is as well. If we want to have the life that God has in store for us, we need to be walking toward Him daily. God has a life of peace and joy for us. Not problem free, but one of peace. Not without tribulations or trouble, but one of triumph. In order for us to possess this life, God has to be our end destination. He has to be the one that we are focusing and He has to be the one that we are depending upon. In order for us to grow in the Lord and step closer to Him, we must be intentional. It would be wonderful if we could just wake up and be spiritually stronger than we have ever been before. But that is not reality. We must be systematic and strategic if we are going to grow in the Lord. This book will help and lead you to grow spiritually. Jesus said, "If we are to follow Him, we are to take up our cross daily." One Step Closer is a tool that will not only strengthen us now it will impact our eternity.
