Powerless in a family of Necromancers, Ezra has struggled to fit in. Going off to a normal college seemed like the perfect escape from the harsh realities of home. But when the girl he has a crush on is forced into an arranged marriage with another, darker, Necromancer family, Ezra does the only thing he can to save her - he takes the test that will name him a full Necromancer and her betrothed. But only if he survives. During the test, Ezra learns he isn't as powerless as he thought. Hidden truths reveal he is connected to the Reinhardt family, all of whom were thought killed by the Necromancer's worse enemy, the Witches. Witches that are hell-bent on ridding the world of the 'black arts'. With the help of an unlikely ally and a raven familiar, Ezra has the power to save the girl he loves and his kind, too, if he can master it in time.

The essays presented by Professors Marie A. Conn and Thérèse McGuire examine stone and water as vehicles of ritual memory through the lenses of various disciplines. In seven concise yet revealing chapters, the authors examine instances throughout history and unbound by geography of stone and water as real or abstract objects that shape our lives, possibly without our notice. Chapters topics include: · Water as a vehicle for ritual memory from the earliest days of human history to the present-day. · An investigation of the aesthetic principles of the Middle Ages up to the Gothic styles of cathedrals in North America. · Julian of Norwich, the famous cloistress, walled in by stone in comparison to ETTY HILLESUM, a WWII-era mystic, whose small desk used to write her revealing diaries became her stone cloister cell. · The Irish, water, and stone in Finnegans Wake. · Warming the "stone heart" of a child pummeled by the foster care system. · The lack of clean water that contributes to wide-spread disease. · Group behavior and the eventualities of war through stone-like, (uncooperative and hardened) psychological states.

With *Blood Image*, Paul Anderson shows that the symbol of a man can be just as important as the man himself. Turner Ashby was one of the most famous fighting men of the Civil War. Rising to colonel of the 7th Virginia Cavalry, Ashby fought brilliantly under Thomas J. "Stonewall" Jackson during the 1862 Shenandoah Valley campaign until he died in battle. Anderson demonstrates that Ashby's image -- a catalytic, mesmerizing, and often contradictory combination of southern antebellum cultural ideals and wartime hopes and fears -- emerged during his own lifetime and was not a later creation of the Lost Cause. The stylistic synergy of Anderson's startling narrative design fuels a poignant irony: men like Ashby -- a chivalrous, charismatic "knight" who had difficulty complying with Stonewall Jackson's authority -- become trapped by the desire to have their real lives reflect their imagined ones.

Enemy of the King 1780, South Carolina: While Loyalist Meriwether Steele recovers from illness in the stately home of her beloved guardian, Jeremiah Jordan, she senses the haunting presence of his late wife. When she learns that Jeremiah is a Patriot spy and shoots Captain Vaughan, the British officer sent to arrest him, she is caught up on a wild ride into Carolina back country, pursued both by the impassioned captain and the vindictive ghost. Will she remain loyal to her king and Tory twin brother or risk a traitor's death fighting for Jeremiah? If Captain Vaughan snatches her away, he won't give her a choice. *Traitor's Legacy* 1781. On opposite sides of the War of Independence, British Captain Jacob Vaughan and Claire Monroe find themselves thrust together by chance and expediency. Captain Vaughan comes to a stately North Carolina manor to catch a spy. Instead, he finds himself in bedlam: the head of the household is an old man ravaged by madness, the one sane male of the family is the very man he is hunting, and the household is overseen by his beguiling sister Claire. Torn between duty, love, and allegiances, yearning desperately for peace, will Captain Vaughan and Claire Monroe forge a peace of

their own against the vagaries of war and the betrayal of false friends? Traitor's Curse Halifax, North Carolina, 1783. Captain Stuart Monroe returns home from the Revolutionary War to find Thornton Hall threatened by a peacetime foe: debt. He knows the location of a treasure amassed to pay for the capture of Benedict Arnold that would restore his manor to its former glory. The catch, it's hidden in the graveyard, and coveted by old enemies. Hettie Fairfax inherited the Sight from her Cherokee ancestors, and her otherworldly visitors warn her, and Stuart, away from the buried treasure. Half-dead from fever, she delivers a message: the treasure is cursed. But will he believe a girl half out of her mind with illness? Even when a very real enemy attempts to poison her? Stuart soon wants to marry Hettie, but she fears her "odd ways" will blemish his reputation. The spirits have their own agenda, however, and the battle against darkness tests everything the couple holds dear, including their love for each other. Since the beginning of time, the angelic hosts of the High Heavens and the demonic hordes of the Burning Hells have been locked in a struggle for the fate of all Creation. That struggle has now come to the mortal realm...and neither Man nor Demon nor Angel will be left unscathed... Norrec Vizharan has become a living nightmare. While on a quest to find magical treasure, the soldier of fortune discovers an artifact beyond his wildest dreams: the ancient armor of Bartuc, the legendary Warlord of Blood. But the mysterious armor soul. Now, pursued by demons who covet the dark armor for their own devices, Norrec must overcome a bloodlust he can scarcely control and learn the truth about his terrifying curse before he is lost to darkness forever... With The Tempest's Caliban, Shakespeare created an archetype in the modern era depicting black men as slaves and savages who threaten civilization. As contemporary black male fiction writers have tried to free their subjects and themselves from this legacy to tell a story of liberation, they often unconsciously retell the story, making their heroes into modern-day Calibans. Coleman analyzes the modern and postmodern novels of John Edgar Wideman, Clarence Major, Charles Johnson, William Melvin Kelley, Trey Ellis, David Bradley, and Wesley Brown. He traces the Caliban legacy to early literary influences, primarily Ralph Ellison, and then deftly demonstrates its contemporary manifestations. This engaging study challenges those who argue for the liberating possibilities of the postmodern narrative, as Coleman reveals the pervasiveness and influence of Calibanic discourse. At the heart of James Coleman's study is the perceived history of the black male in Western culture and the traditional racist stereotypes indigenous to the language. Calibanic discourse, Coleman argues, so deeply and subconsciously influences the texts of black male writers that they are unable to cast off the oppression inherent in this discourse. Coleman wants to change the perception of black male writers' struggle with oppression by showing that it is their special struggle with language. Black Male Fiction and the Legacy of Caliban is the first book to analyze a substantial body of black male fiction from a central perspective.

From Author J.A. Giubta (*The Last incarnation, War Golem*) comes a new type of fantasy novel. With a twist of storytelling we share the life of the dragon Stone as he discovers something that will change the fate of the world. For centuries, dragons fought to rule all. Driven by rage, corrupted by darkness, they were a scourge of fire and fury that would not abate. Only humans stood in their way, a brave few in each generation born with magic. Wardens, as they were called, used their power to shield others and fight back the dragon menace. But the dragons were cunning and used guile to destroy their enemy from within. When the Wardens fell, the world fell with them. Without their protectors, humanity was hunted to the ends of Eralle and eventually to extinction. Cities burned beneath the onslaught, with every forest in between. Trees wilted into ash and did not grow back. Food became scarce, life even scarcer. Older dragons chose to hibernate, while the rest were forced to scavenge or turn on one another. All had seemed lost, until a young dragon came upon a human egg, one fashioned of Warden magic. Inside the wooden shell was a promise of renewal, a helpless infant boy that could coax trees to grow by touch. He carried within him not only a chance at redemption for all dragons but the gift of hope that would become... ..the Warden's legacy. From the Book "Stone pressed in the tips of four talons and another from his left hand, a difficult task for one his size. When nothing seemed to happen, no matter how hard he pushed, he tried moving his claw to a more comfortable position. A circular section of shell began to turn. He continued the motion and sensed within the shell a movement of its delicate parts. The prickled circles moved within a groove, and the slender lengths slid one along the other. He felt and heard a click just as a seam appeared lengthwise across the center of the egg. Air escaped in a faint rush, like the exhalation of an anxious breath. It held the bitter greens and biting whites of blossomed life and blooming bough, the caress of sweet blues in summer wind and dulcet yellows in rays of sun. Its touch was so clean, so pure within his lungs, that he coughed in the face of it and longed for more when it was gone. The egg's magic had fled." About J.A. Giunta "I became a writer because of *Dungeons & Dragons*. At eleven, when my family moved from New York to Arizona, I traded my entire baseball card collection (which included cards from the '50s) for the basic D&D box set. A huge monetary loss at the time, though I couldn't have known that at my age, but in the long run completely justified."- J.A. Giunta
