Time for Retribution It was the finest luxury ship of Mother Russia. The SMS Cormoran left Perth, Australia, bound for Bombay, India in 1915. A crew of sixteen catered to the ten eccentric passengers of royalty and wealth. The passengers every desire and pleasure was to be had for a price and the ship's crew had no option but to accept their fate and take the monies that captain had negotiated. It was a long cruise, but in the first days of the voyage, the depravities exceeded expectations. Bound submission was expected and innocence was the first casualty of depravity. A storm came out of nowhere and began to destroy the ship. Most of the passengers and crew escaped to a small deserted island, not on the charts. The ship was off course and far from the shipping lanes. On the island, the crew revolted against the officers and the passengers. The crew had reached the point of no return. The tides were turned and the passengers soon found out what it was like to be serving the lust of the crew, male and female alike. Will the passengers submit or will they suffer the consequences of resistance? Powerone brings you the vivid dichotomy of what the passengers desired when the ship set sail and what they ended up getting after the crew took what they desired in retribution. No passenger was considered innocent, no matter what their relationship was.

Excerpt:--- In fact, her inspection was more than thorough. Her hands seemed to linger against my skin for longer than necessary and I felt my heart beat faster, a combination of her light and seemingly innocent touch mixed with a growing sensation of anticipation, which I couldn't explain. It was clear to me that she didn't plan to simply walk out of the room together with the old-fashioned storm lantern and leave me alone in the dusty room for the rest of the night, but that she had another type of idea in mind. But what kind of plans? I wondered, and nervously I shot a glance at the black sports bag at the dining table, wondering if it contained a Dexter-inspired soft leather case with a neat row of stainless knives and sharp meat cleavers. However, I can honestly say that I would never in a million years have been able to guess what was going to happen next. --- This is an erotic fantasy novel about male submission. **RICH AND POWERFUL FROM GROWING AN ILLEGAL CROP, HE DOMINATED WOMEN WHO FELL UNDER HIS INFLUENCE** In the early 1960s Mike, a gentlemen farmer in Humboldt County, California decided to change his farm to a new cash crop, cannabis. Willow Creek was a small town that Mike owned, including the sheriff and the mayor. Paying premium wages enticed local townsfolk to work for him, despite any moral qualms, and gave everyone an incentive to make sure he succeeded. When Mike prospered, the townsfolk prospered. Mike had a special building on the farm for his personal enjoyment of women that was willing to submit to his sexual demands. He had no qualms about taking his pleasure from employees and partners that were equally willing. When Mike invested in the local hardware store owned by a husband and wife, the wife had to seal the deal with Mike, while the husband looked on. Mike promised him support to be mayor, but his wife paid the price. The husband found voyeuristic pleasure, and his wife found a man in Mike that was demanding, and she couldn't refuse him anything. He made sure the husband was pleased with the two young women he furnished him that looked like twins. Mike and his wife watched with keen interesting and growing arousal. Mike's general manager came with a wife steeped in agricultural research skills. He hired them both. The man's wife had a dark secret that her husband didn't know of, and Mike was the one that would benefit from her darkest desires. He was surprised to find a female sales manager that had sold a form of cannabis before it was finally outlawed. He feared that she wouldn't be able to sell to the dangerous men that would buy his crop, but she was more than up to the task. She knew what it took to make men do as she asked. They might think they were taking advantage of her, but she was always one step ahead of them, and Mike. The sheriff was hired under Mike's urging and support. The sheriff made sure that those that tried to steal from Mike got frontier justice from the sheriff and the town's judge. Especially for the women

that thought they could get away with a slap on their wrist. Only Powerone could bring BDSM in a new light that was hidden from the public for so long. Bound Bliss for Cannabis gives a new dimension to a counter-culture that was just beginning. It was a hotbed of lust, betrayal, and illegal money that fed the sins of those without moral character. Mature readers only. Excerpt: "Christine!" "Mark!" I replied. Mark walked out from behind the smoke. He was wild-eyed and intense. And when he saw me, he looked like an animal. "We won!" he said looking like he could bite through steel. "We won!" I opened my mouth to speak when out of nowhere, Mark grabbed my chin and kissed me. Pushing his tongue into my mouth, he grabbed the back of my neck and kissed me until I couldn't breathe. I felt weak like I would pass out. I pushed and beat on him until finally he let go and I fell into his rough arms. I had never been picked up so easily. Like a sack, he threw me over his shoulder and carried me away. Things whipped around before my eyes. First it was the deck, then stairs and then the corridor. Soon it was the edge of our cabin door and then the bed. This wasn't the end of it though, and I knew it wouldn't be. He undressed me like a man possessed. Regaining my bearing, I fought him. I hammered on his chest and struggled but nothing stopped him. Gripping into my shirt he ripped it off. Ham handing my jeans, the button released. The zipping sound was followed by the sound of my denim flying across the room. My instinct told me to get away, so I hit him again, this time harder. But as if I was nothing, he grabbed my wrists moving them to one of his large hands. And before I could move, before I could try to get away again, he was inside me.

Enter Nicholas Gentry, a playboy billionaire who knows exactly how to make a woman submit. It doesn't take long for him to crumble her resistance and make her surrender to him completely. ~~~~~ PG Excerpt ~~~~~ "Come now, let's get you cleaned up," his large hand circled my wrist and he pulled me past the imposing double doors. "Mr. Gentry, this is hardly appropriate. You should be—" "Hush. You should get cleaned up before the dress stains," he said, guiding me up the winding stairs and down the hall to the last room. He pushed open the door and we stepped into the empty room. His arm still cupping my elbow, he led me to a small love seat and gestured for me to sit. Then, he reached for a napkin his pocket and pressed it against my chest and neck. Warm sizzles coursed down my spine as he touched my skin gingerly. I could feel the heat of his fingertips scorching me with desire. It was ridiculous how easily my body was reacting to his every move. My breasts swelled and my nipples quickly perked up. I was completely aware of how low-cut the dress was and how dangerously close his fingers were to touching bare skin. "I can do that myself, thank you very much," I demurred, taking the napkin from his hand and dabbing the wetness from my breast gingerly, unsuccessfully avoiding the intense reaction his mere presence was having on my nerves the entire time. Even my own touch was making me more aroused. "Can I convince you out of the dress?" he asked and my heart stopped. "Excuse me?" I gasped, looking up to lock eyes with him. I was certain that I had heard him wrong. Did he just ask me to undress?! "The dress," he said. "I'm afraid ants will start coming after you if you keep wearing that any longer," he said jokingly. "But mostly I'm worried that will stain." At a loss for words, I remained silent as I continued dabbing the sweet liquid from my skin. He was right. I was fighting a losing battle. The drink had seeped to my dress and was fast creating a stain. The faster I took it off, the easier it was to get the color out. "Do you have anything else I could wear?" I asked carefully. He looked around for a moment, then took off his jacket and started unbuttoning the white suit beneath it. "I don't think this will be missed," he said with an easy smile when my eyes bulged at he slowly undressed right in front of me. The expensive tailored formalwear came off, revealing his perfect half-naked body beneath it. His body was rock hard. All muscles and masculinity with just a hint of hair on his chest. His abs were so pronounced I was certain I could wash off the stain on my dress on it. I resisted the urge to run my fingers over his body to feel if they were real. They were too perfect to be real. I licked my lips. It was hard not to wonder how it would feel to have my fingers over his back as he pounded into me. "Like what you see?" he asked, surprising me from my daydream.

It's more of a title since he's the grandson of the founder. No one knows what the Brotherhood does, and over the decade's stories were built around the unknown. A few applauded the work the Brotherhood does to serve the community, but the majority of the comments are dark tales from demented minds. A castle over hundred years old shelters secrets hidden in the walls of its twenty-nine rooms, but it takes a strong person to confront them. Do the winds that howl at night, whistling through the rock walls, disguise the other cries that come from the castle? Some come for the jobs, others through the power of persuasion. It was said that Michael White III could charm the devil, but there are others like Michael in the town. They represent an uncanny large percentage of the population. Can any woman withstand that steely glance the men give them, their virile, muscular body tempting them with the dark unknown?

WHAT WOULD HAPPEN TO THEM ON SUB-MISSION ISLAND WOULD CHANGE THEIR LIVES FOREVER It was a new resort in one of the small islands off the coast of Panama with submersibles that would show the guests the coral reef below the waterline. It wasn't a real sub, but it was close enough. That is why they called the resort, Sub-Mission Island. It was a catchy marketing name, but for those in the know, it had a deeper meaning. There were six new guests, although they didn't realize that the guests were already at the resort. These six weren't guests, they were the entertainment, and it started as soon as the plane left Miami for Panama. Their accommodations on the island were far from first-class. Rooms were traded for jail cells. The six were trained in a large entertainment room outside the cells that had everything needed to turn a body obedient. Brooke and Sydney, come from a small conservative town, and their sex life was almost non-existent for lack of inspiring men. Sydney was trained for everything she was innocent of, and she learned quickly, or else. Brooke was more difficult, but the guests loved the challenge, and the room had all the toys necessary to change her mind. Whips, paddles, and crops adorned one wall while black cloths covered strangely shaped furniture. Jessica and Hanna were lesbians. The guests decided that lesbians had that problem because they couldn't find a man that could handle or train them properly. So, they took it upon themselves to teach the women the ways of men. Would they find pleasure in the feel of a real man inside? Amber and Eric found themselves the center of attention, and they discovered the unexpected, although they didn't think that was possible. Eric found the women skillful at sexually performing for him, but the new things they did went far beyond Eric's imagination, and he soon found himself going over the line of the dark and forbidden. Amber thought the soldiers took her boldly when she was strip-searched in Panama customs, but it was only foreplay to what the guests had in store for her. Not only would she have to accept the inevitable, but Eric would see her succumb to it all. After that week, the six found their lives headed in a different direction because of what happened on Sub-Mission Island, and what they learned about themselves expanded their sexual horizons in ways they never imagined. Once again, bestselling bondage author Powerone takes you on an exotic trip to an island paradise that exposes the dark underbelly of the rich in the fulfillment of their secret pleasures.

Bound and Helpless, they wouldn't have it any other way! Lisa and Sandy grew up together in a small, rural Pennsylvania town where everyone knew everyone's business. They were both attractive and intelligent, but it was as if they were missing a chromosome and that somehow made them almost invisible to everyone else. Boys their own age just always seemed to ignore them. Two years after high school, and it never got better with the young men they knew. However, they found that older men were unusually fascinated with them. Lisa was the first one to test older men's attraction to her, and she found out that the men had desires far from what most would consider normal. Sandy discovered older men at work took advantage of her in a jaded manner. That didn't scare them, the thrills only inflamed their pent up lust. Then Lisa and Sandy had an idea that was to change their lives: a trip to St. Kitts Island in the Caribbean for a week of adventure. They wouldn't have to worry about anyone they knew seeing them or disapproving of what they were doing. That included both of them, for most of the time, they wouldn't be together. They'd search out their own fate. What waited for them in their suspenseful journey? In hindsight, it looked like a crazy idea that had all the characteristics of being a complete failure, and worse, the trip could be dangerous. Yet, it was a thrilling and arousing adventure when they thought it up and began to plan it. Although Lisa and Sandy were best friends, and they did everything together, this would be one of those exceptions. The rich older men of St. Kitts sought them out as soon as they landed, and it never stopped for either of the women. They soon found that bondage and whips were an addition they never expected to arouse them. The men wouldn't take no for an answer, but in most cases, the men wouldn't ask. They demanded and expected complete submission, the darker and kinkier, the better, for they had jaded tastes that needed to be satisfied. Could Lisa and Sandy find pleasure where they never expected it? Powerone takes you on a suspenseful ride of submission and subjugation for the two women. Can they go back to their boring life, or will they embrace what the men had taught them?

WHERE REALITY AND FANTASY COLLIDE AND BONDAGE IS THE CURRENCY OF SURRENDER. Rachel's introduction to bondage is from the mysterious Strict Bondage magazine she found on the floor next to her front door. The fantasies in her head were brought about by the vivid pictures in the book of bound, naked women. The only place she could buy them was a porn store. The magazine rack was a cornucopia of bondage delights. She didn't mind when the clerk in the store came up behind her. That was the first time she came by someone else's hands while she stared at the perverted pictures, imagining it was her bound tight and surrendering to the passion that bondage inflicted in her. Natalia had a boyfriend that she trusted too much. How he managed to convince her to let him strip her naked and tie her spread eagle to the bed, she didn't know. She loved the feeling of the ropes around her arms and legs, putting her into obscene positions. His mouth took possession of her and made her climax. What she hated was how her boyfriend used her body, taking away her ability to keep him out of her mouth. The bondage is what excited her, but her helplessness is what she disliked. Yet, he did make her cum. Rachel and Natalia are best friends, and after graduation from college, they decide to take a vacation to the country of Nauru, part of a thousand islands in the Western Pacific Ocean. They are lured in with cheap airfare and hotel. They meet the mysterious Jade when they landed on Nauru. The country of eight square miles was nothing like they expected, but it did have the warm beach sand and crystal clear water. A major robbery where the elderly owner was beaten for the jewels and gold that he kept for his jewelry business changed their vacation to something else. Circumstances led the security police's trail of the crooks to the small resort the three women were staying at. The security police picked up Jade first and then Natalia and Rachel. It was nothing like the women expected, but it was what they imagined. Interrogation meant being bound naked to sturdy chairs, naked in a room of men. While the police investigated, the three women were remanded to a cell in the prison located in the same building. It was here that Judge Michael presided with his brand of justice. He was also the President of Nauru and funded the country's budget out of his immense wealth. The people of Nauru were beholden to him and allowed him the luxuries and pleasures that accrue to a national leader. His prison was his pleasure. For the next two days, the three women learned firsthand about bondage and are promoted to Strict Bondage. It became a blur between fantasy and reality for the three women. The Master of BDSM, Powerone, takes you on an erotic ride that borders on reality and fantasy.

**BESTSELLING BONDAGE AUTHOR'S BEST NOVEL YET!** Edward gazed at the three beautiful women in thong bikinis that lay on the deck of the hundred-foot yacht. It was his trophy wife of ten years and his two grown daughters. He was a lucky man to have such a family and also success in business that far exceeded his imagination when he was younger. They were on an extended vacation in the South Pacific, the last one as a family together. His daughters were grown up and living their own lives, so Edward wanted this last family vacation to be memorable. Michael had planned this for a decade, meticulously gathering up the information on Edward until he was ready to execute his revenge. It was a small, quiet island, with gentle breezes and warm waters, far from the shipping lanes, the island too small to be on any chart of the South Pacific. It was there that Michael sprung his trap. Amanda was the oldest, twenty-two years old, and finishing up her graduate degree. It was strange that Amanda was the virgin and her younger sister wasn't, but that was by design. Amanda enjoyed boys as friends, but not boyfriends. Yet, that didn't mean that Amanda didn't get her pleasure from men, it was just that it was often dark and depraved in execution, but the men took what they could from the beautiful woman. Lori was twenty, finishing up college across the country from her older sister. They had nothing in common, and distance was a good thing from her sister. Lori loved men and used them to her advantage, but older men began to fascinate her as they dominated her and taught her the pleasure of giving her body unconditionally. It is on the small island that they all came together, with many others that joined to make the revenge plot successful, but they all wanted to share in the rewards. Michael would get his revenge, but it's how that the book, *Island Captives* lays out in graphic detail that shouldn't be missed. Chains should've scared them, not made them excited. Strange men that desired their bodies should've scared them, not make them aroused. Dark acts should've scared them, not give them orgasms they couldn't control. *Powerone, the Master of BDSM*, explores the dark side of not only of men but the women also.
