

Surrender The Heart To Destiny 1 Marylu Tyndall

This book is based on the study of the traditional Chinese philosophy, and explores the relationship between philosophy and people's fate. The book points out that heaven is an eternal topic in Chinese philosophy. The concept of heaven contains religious implications and reflects the principles the Chinese people believed in and by which they govern their lives. The traditional Chinese philosophy of fate is conceptualized into the "unification of Heaven and man". Different interpretations of the inter-relationships between Heaven, man and their unification mark different schools of the traditional Chinese philosophy. This book identifies 14 different schools of theories in this regard. And by analyzing these schools and theories, it summarizes the basic characteristics of traditional Chinese philosophy, compares the Chinese philosophy of fate with the Western one, and discusses the relationship between philosophy and man's fate.

This historic collection of all of Sri Chinmoy's university lectures in eBook form has been released to commemorate the 50th anniversary of Sri Chinmoy's arrival in the West on 13 April 1964. Sri Chinmoy's very first university lecture was given at the University of the West Indies in Kingston, Jamaica, on 10 January 1968. It was entitled "Spirituality: What It Is and What It Is Not." This inaugurated a whole era of talks which saw Sri Chinmoy travelling ceaselessly across the length and breadth of America and around the world to address the youth of each country. He would spend countless hours travelling by car or train to reach far-flung universities, sometimes visiting two or even three in the course of a single day. After many of these sublimely inspiring discourses, he would answer questions from the audience or spend time instructing sincere seekers in the age-old practices of concentration, meditation and contemplation. By the mid-seventies, Sri Chinmoy had spoken volumes and he began to include longer and longer periods of silent meditation in his lectures. Then, in 1984, in a significant departure from the spoken word, he introduced the theme of Peace Concerts. At these concerts, Sri Chinmoy would play his own soulful and devotional compositions on a variety of instruments of both Eastern and Western origin, meditating between each instrument and sometimes giving aphorisms on peace and related themes. In 2003 yet another form of Sri Chinmoy's self-offering unfolded when he travelled to a number of universities to honour distinguished professors for their significant contributions to the betterment of humanity by physically lifting them overhead. This remarkable endeavour was part of his "Lifting Up the World With a Oneness-Heart" award programme. Thus, through words, silence, music and a combination of physical and spiritual upliftment, Sri Chinmoy has shared his profound spiritual message with the aspiring Truth-seekers and God-lovers of the university-world for four decades. Sri Chinmoy's words are mantras for the modern age, reverberating in our hearts with their timeless and truly life-transforming wisdom. In his exquisite prose, which is suffused with the very breath and cadence of poetry, Sri Chinmoy has revealed all the many stages of the seeker's journey towards the Golden Shores of the ever-transcending Beyond. For generations to come these three volumes will awaken the inner mounting cry of seekers everywhere to achieve the highest Goal of Yoga—union with God—in this life.

Lewis Thompson (1909–1949) was primarily a poet, a man of letters influenced by Eastern spiritualism and the poets Rimbaud and Rilke. As Richard Lannoy, the editor of *Fathomless Heart*, writes, Thompson, who rejected traditional literature after experiencing a spiritual crisis as a teenager, wrote "solely as a form of spiritual exercise the most sparse and urgent communication conceivable." Later in life he wandered alone in India for many years. This book is the culmination of his life and writing. *Fathomless Heart* is Thompson's view on how to live a spiritual and truthful life—how to awaken to full consciousness. Meant to be sampled for insights into topics that matter most to the reader, the book is divided into sections on universal subjects such as Truthfulness, Ignorance, Sexuality, Beauty, and Idleness. Novelist Somerset Maugham met Thompson at an Indian ashram and incorporated him into the character of Larry, the hero of the novel *The Razor's Edge*, which popularized the archetypal westerner pursuing spirituality in the East. In reality, Thompson directed his unique powers of concentration toward exploration of mental awareness rather than on the accumulation of knowledge about exotic spiritual techniques—an awareness that manifests throughout this useful and inspiring book.

"The Inner Voice of the Heart" is a collection of poems written during late 2008 through mid-2012. Each of them resulted from personal thoughts and experiences and from reading God's Word. Before writing down these words I processed them through my heart to be blessed by the Holy Spirit. Listening to the inner voice of the heart opens up the Truth of being. It takes practice, patience and faith to hear and understand as the Holy Spirit responds, conveys and directs the Truth through the magic of the heart. My hope is that each reader will use these poems as a guide and a catalyst to gain insight into the power and love of the Holy Spirit, who was sent as a Comforter by the love and grace of Jesus Christ.

Keep thy heart with all diligence for out of it are the issues of life. Proverbs 4:23 The heart is the core of who you are as a person. Your heart is, essentially, you. The heart is the place where you have your will, your attitude and intentions, and which is the source of your thoughts, actions, and words. With your heart, you choose between good and evil. Your conscience sends out a message of whether something is right or wrong, and your heart is what drives you to choose. Biologically and spiritually, the heart is the center of life. If the devil can control your heart, then he will control your destiny. If Satan cannot control your heart, then your destiny remains untouchable. If God must answer your prayer it must start from your heart. Your heart must be a clean heart. The issue of the heart is very important, it blocks prayer answer; you are the one praying and canceling your prayer. No wonder David said "Create in me a clean heart." A new clean heart is needed for you to work in the realm of signs and wonders. That is why it is very important we surrender our hearts to God. The Bible states that God created us in His own image. This means we must think the way God thinks. We must have God's wisdom and understanding in our lives. Every unclean thing in your heart will hinder your prayer.

Suppose you could ask your most intimate questions and suddenly be able to tap into the all-encompassing, all-knowing, ever pervading essence of life to provide you clear and unequivocal answers. In her personal quest for inner peace, Heyma shares an enticing tale of self-discovery that leads her to follow the messages in her dreams which lead her to experience the mysterious medicine plant, Ayahuasca. In the quest to understand herself and women's role in 21st Century America, Heyma discloses an extraordinary story that portrays the reality which brings us to the experience of the hidden things revealed to us within the questions asked from the soul. Her journey combines enticing and deeply felt experiences that are an eternal testament of the transformational power our dreams can have on our lives and what can happen when one has the desire to listen and follow the heart. What Heyma discovers will astound you. What you will gain is the confidence to ask, much like her, to receive your own experience of the Divine and create conscious change that will manifest a plentiful and peaceful life.

When I became a Christian, I felt very close to my heavenly Father. We had an intense relationship. I hungered for His Word, spending many hours each day devouring the Scriptures. My desire was to know Him better. When it came to service, I wasn't sure where I belonged within the family of God. I wanted to serve, but I didn't know how He would use me. I volunteered at church but didn't feel as though I was doing enough. I continued to do what I could and waited to discover God's plan for me. Several years later, during my college years, God called me to serve Him. There was no doubt in my mind. I finally knew where I belonged. I dove right in, practicing my gift, and became fairly good at it. Then, I began listening to people instead of God. His perfect plan for me didn't make sense from a worldly perspective. To follow His plan would take faith, and mine was dwindling. I began to think I could handle everything by myself. My eyes didn't look to God for guidance anymore. The trust I had in Him faded. I tried to control my own destiny. It reached a point where I felt very far away from God. I didn't like that feeling. I wanted to be close again. As I prayed and read His Word, God showed me the significance of 40 days. He revealed things in His Word that lead me to take 40 days to surrender my will and trust in His plan once more. I had been heading in the wrong direction but when I gave Him control, He literally and miraculously turned me around. He changed my life! As you read my story, I pray that you will be inspired to take 40 days to seek God's will for your life and allow Him to take control. Your life will never be the same.

In his new book, Revelation for the Layman, Rev. Harold Cox's readers will find many answers to their questions. Cox not only uses in-depth scripture references to back up his claims, he connects to his readers on a personal level using a practical, yet very engaging, voice. As a minister, Cox realizes that The Book of Revelations is perhaps the most mysterious book in the Bible throughout the ages. Coxes wrote Layman with the word 'objectivity' in mind, in thata "he be factual, true, and stay accurate to scripture... 'I have endeavored to be honest unto all men.'"

The Integrity of the Wise If, through openhearted sincerity, we directly experience a qualitative disposition far advanced of our own mentality, and we delight in it, thereby we prepare ourselves receptively for its investiture into the human constitution. Thus, we recognize that the approach of the receptive heart is an ideal initiative whereby the soul raises its own qualitative timbre in expectant correspondence with the supernal nature. The outworn mentality of self-preoccupation and anxiety through essential estrangement, is found through comparison with the supernal, to be without meaningful consequence. However, we cannot foresee in what way the human psyche will develop except through the outcome of our steady diligence. Therefore, we determine to appropriately position the heart of our soul in anticipation of the betterment of our own nature, but otherwise we relinquish concern as to the eventual conclusion. The heart-of-the-soul should remain oriented towards the immanent presence of the supernal nature, as if that spirit were an unprecedented, cognitive organ positioned in ready accessibility for our essential amelioration. However, the former self-centered, petty egotism must be abandoned because it is an antagonistic and unsustainable mentality that cannot endure alongside its subsequence. Consequently, there is a compulsory imperative to expediently accommodate the advanced exemplar into the human psyche because the former outlook is no longer a sufficient ethos upon which to establish a meaningful future. In order to expeditiously navigate through an otherwise seemingly contradictory and confusing existence, an exemplary ethos must be established as the quintessential foundation of the human soul. Otherwise, we will hopelessly stumble through a gauntlet of menace against which we are ill prepared to judiciously respond because we perpetuate an obsolete mindset that does not operate within the emergent, human constitution.

This book is about the author's life from the midtwenties into to his early thirties. He had always realized that there was a special call on his life. He just thought He would eventually find it. As it turned out, God had to intervene in that process of him finding out his call. Through a series of life-altering events, God showed him his life was not his own. He had been bought with the sacrifice of His Son, Jesus, on the cross, and the author owed Him his life. As a boy, the author received Christ when he was ten years old, and he let his light shine to the world. As he got older and older, he began to dim the light inside of him slowly. By the time he went off to college, he was not the same person. He was addicted to pornography, women, and alcohol. He was chasing something that he knew was wrong but was blinded by youth and immaturity, thinking when it was time to be serious and to settle down, he could do it. Little did he know that God was calling him out of it, and he had a decision to make. Good thing the only thing God wanted from him was his complete surrender. While sometimes his heart would say yes, his head would not. Then there were times where his head would say yes, but his heart would not. But when his head and heart aligned in complete surrender to Him, his life dramatically changed, and it changed permanently.
