

Sweet Georgia Brown Lead Sheet

Lou Stein, the great jazz pianist from the Swing Era and beyond, created many wonderful arrangements, lessons, articles and musical features for books and magazines over the years. Perhaps the most famous of all, loved by jazz enthusiasts, students, and anyone who strives to play jazz piano, was Lou's romping, hard-swinging, eight chorus rendition of the jazz classic Sweet Georgia Brown. This arrangement has all the soup-to-nuts elements of a complete jazz solo. It doesn't need a bassist and drummer to make it swing. (Neither, ever, did Lou!) It has walking bass lines, two-fisted chording, a classic Fats Waller stride chorus, flowing right hand jazz lines. In short, it's a full piano workout. In addition, half the book is devoted to lessons, analysis, and jazz exercises from Lou to help you master each and every section within the solo. Ella Fitzgerald was one of America's greatest jazz singers. This volume is as complete a discography of her recorded songs as currently seems possible to compile. This volume also contains a complete discography (1927-1939) for drummer and bandleader Chick Webb, with whom Ella began her recording career in 1935. Part One includes a chronological listing of all known recorded performances of both Chick Webb and Ella. Part Two gives the complete contents of Ella's LPs and CDs, including track listings, titles (with lyricists and composers) and timings. Part Three is an annotated alphabetical listing of all songs contained on all of Fitzgerald's records, with detailed information on each song's composer, lyricist, and history. Reviews of the movies in which Ella appeared and surveys of her career with the Decca, Verve and Pablo music companies are included. The book also has an index of album and CD recordings, and composers, lyricists and musicians.

Profiles ten celebrated singers from the past ten decades, including Ma Rainey, Judy Garland, Joan Baez, and Madonna. This comprehensive biography of George Gershwin (1898-1937) unravels the myths surrounding one of America's most celebrated composers and establishes the enduring value of his music. Gershwin created some of the most beloved music of the twentieth century and, along with Jerome Kern, Irving Berlin, and Cole Porter, helped make the golden age of Broadway golden. Howard Pollack draws from a wealth of sketches, manuscripts, letters, interviews, books, articles, recordings, films, and other materials—including a large cache of Gershwin scores discovered in a Warner Brothers warehouse in 1982—to create an expansive chronicle of Gershwin's meteoric rise to fame. He also traces Gershwin's powerful presence that, even today, extends from Broadway, jazz clubs, and film scores to symphony halls and opera houses. Pollack's lively narrative describes Gershwin's family, childhood, and education; his early career as a pianist; his friendships and romantic life; his relation to various musical trends; his writings on music; his working methods; and his tragic death at the age of 38. Unlike Kern, Berlin, and Porter, who mostly worked within the confines of Broadway and Hollywood, Gershwin actively sought to cross the boundaries between high and low, and wrote works that crossed over into a realm where art music, jazz, and Broadway met and merged. The author surveys Gershwin's entire oeuvre, from his first surviving compositions to the melodies that his brother and principal collaborator, Ira Gershwin, lyricized after his death. Pollack concludes with an exploration of the performances and critical reception of Gershwin's music over the years, from his time to ours.

This series is built around beautiful and playable solo guitar arrangements of the greatest songs of all time. Each arrangement includes melody, lyrics, and chord frames on one line, and a complete, easy-to-play solo guitar arrangement in standard notation and tablature on a second line. Titles are: Ain't Misbehavin' * Ain't She Sweet * As Time Goes By * Bye, Bye Blackbird * Don't Get Around Much Anymore * Fascinating Rhythm * Five Foot Two, Eyes of Blue * I Got Rhythm * It Don't Mean a Thing (If It Ain't Got That Swing) * It Had to Be You * Love for Sale * Sweet Georgia Brown. Poised to become a classic of jazz literature, *Visions of Jazz: The First Century* offers seventy-nine chapters illuminating the lives of virtually all the major figures in jazz history. From Louis Armstrong's renegade-style trumpet playing to Sarah Vaughan's operatic crooning, and from the swinging elegance of Duke Ellington to the pioneering experiments of Ornette Coleman, jazz critic Gary Giddins continually astonishes the reader with his unparalleled insight. Writing with the grace and wit that have endeared his prose to *Village Voice* readers for decades, Giddins also widens the scope of jazz to include such crucial American musicians as Irving Berlin, Rosemary Clooney, and Frank Sinatra, all primarily pop performers who are often dismissed by fans and critics as mere derivatives of the true jazz idiom. And he devotes an entire quarter of this landmark volume to young, still-active jazz artists, boldly expanding the horizons of jazz--and charting and exploring the music's influences as no other book has done.

Larry Morrow is one of Cleveland's most popular celebrities. In this book he tells stories from a lifetime in radio--how he got into broadcasting, early days in Detroit, the exciting times at Cleveland's AM powerhouse WIXY 1260 in the 1960s and '70s, and his long on-air runs at WERE AM and WQAL FM. He tells about many interesting celebrities he interviewed and unusual promotions he was involved in. Morrow was named "Mr. Cleveland" by mayor George Voinovich for his decades of tireless effort promoting his adopted city, and he has been selected as master of ceremonies for most major Cleveland events in the past three decades, including Cleveland's bicentennial celebration. He is in great demand as a public speaker and a communications teacher.

In this account of the creative effort that went into setting cartoons of the 1930s through the 1950s to music, the author examines how this shaped the animated characters and stories that have become embedded in American culture.

In this pathbreaking book, Allen Forte uses modern analytical procedures to explore the large repertoire of beautiful love songs written during the heyday of American musical theater, the Big Bands, and Tin Pan Alley. Covering the work of such songwriters as Jerome Kern, Irving Berlin, Cole Porter, George Gershwin, Richard Rodgers, and Harold Arlen, he seeks to illuminate this extraordinary music indigenous to America by revealing its deeper organizational characteristics. In so doing, he aims to establish it as a unique corpus of music that deserves more intensive study and appreciation by scholars and connoisseurs in the broader fields of American popular music and jazz. Expressing much of the traditional tonality associated with European music in the eighteenth and nineteenth centuries, the love songs of the Golden Age are shown to draw on a rich variety of elements--popular harmony, idiomatic lyric-writing, and Afro-American dance rhythms. His analyses of such songs as "Embraceable You" or "Yesterdays" in particular exemplify his ability to convey the sublime, unpretentious simplicity of this great music.

"Charlie Parker, Composer is the first assessment of a major jazz composer's oeuvre in its entirety. Providing analytical discussion of each of Parker's works, this study combines music-theoretical, historical, and philosophical perspectives. A variety of analytical techniques are brought to bear on Parker's compositions, including application of a revised Schenkerian approach to the music that was developed through the author's prior publications. After a review of Parker's life emphasizing his musical training and involvement in composition, the book proceeds by considering the types of Parker pieces as categorized by overall form and harmony and the amount of preplanned music they contain. The historical circumstances of each piece are reviewed, and, in some cases, sources of the ideas of the most important tunes are explored. The introduction includes a discussion of the ontology of a jazz composition. The view is advanced that the Western concept of a music composition needs to be expanded to embrace practices typical of jazz composition and forming a significant part of Parker's work. While focusing on Parker's more conventional tunes, the book also considers his large-scale melodic formulas. Two formulas in particular are arguably compositional, since they are repeated in subsequent performances of the same piece. As part of the research for this book, all of Parker's copyright submissions to the Library of Congress were examined and photographed. The book reproduces the four of them that were copied by Parker himself"--

Martin provides a new overall assessment of the importance of Charlie Parker through an analysis of his improvisations in a variety of genres. Earlier studies of Parker argue that his style is based on an extensive network of melodic formulas that are combined to create solos.

Because the same formulas appear throughout his improvisations regardless of the theme, these studies concluded that the solos do not usually relate to the original melodies. Charlie Parker and Thematic Improvisation provides a much-needed reassessment by showing that Parker's solos are often related to the original themes in unexpected and sometimes ingenious ways. The conclusion sums up features of Parker's style and discusses his contribution in the context of Western music history. Numerous transcriptions are provided. This groundbreaking technical study will be of interest to musicologists and serious students of jazz.

Spreadin' Rhythm Around: Black Popular Songwriters, 1880-1930 is a classic work on a little-studied subject in American music history: the contribution of African-American songwriters to the world of popular song. Hailed by Publishers Weekly as "thoroughly researched and entertainingly written," this work documents the careers of songwriters like James A. Bland ("Carry Me Back to Ole Virginny"), Bert Williams ("Nobody"), W. C. Handy ("St. Louis Blues"), Noble Sissle, Eubie Blake ("I'm Just Wild About Harry"), and many more. Richly illustrated with rare photographs from sheet music, newspapers, and other unique sources, the book documents an entire era of performance when black singers, dancers, and actors were active on the New York stage. In sheer depth of research, new information, and full coverage, Spreadin' Rhythm Around offers a comprehensive picture of the contributions of black musicians to American popular song. For anyone interested in

the history of jazz, pop song, or Broadway, this book will be a revelation.

Charity Adams Earley, commander of the 6888th Central Postal Directory Battalion in World War II, summarized the history of women in the military when she wrote in 1989: The future of women in the military seems assured... What may be lost in time is the story of how it happened. The barriers of sex and race were, and sometimes still are, very difficult to overcome, the second even more than the first. During World War II women in the service were often subject to ridicule and disrespect

Sentimental Journey is a cornucopia of 546 rang portraits that tell the story of America's very own great music, from its beginnings on Tin Pan Alley through its flourishing in step with the rise of the Broadway musical, radio, recordings, the big bands, and the film musical. The book spans 25 years, broken up into three decades entitled The Roaring Twenties, The Depression Years, and The War Years, each of which begins with a prologue giving a general description of the decade. Each year within the decades gives further historical background against which the individual songs were written -- including the political, social and artistic events. Within each year thc songs are portrayed individually, telling what made the song special and gives its vital statistics along with composer, lyricist, publisher, and when, where and by whom it was introduced. The twenty-six chapters of Sentimental Journey is finalized with a set of Appendices containing glossary, bibliography, index of composers and lyricists and an index of songs. No matter from what generation the reader is part of, the music from this book is being constantly rediscovered, and has become part of the American heritage.

(Banjo). Tenor and plectrum banjos are key ingredients of Dixieland jazz music. The bright percussive chord strums and flashy tremolo picking glissandos help define the genre. In the 1920s, when Dixieland jazz was at its zenith, the four-string banjo was the fretted instrument of choice because it could easily be heard above the simultaneous improv of the band's clarinet, cornet, saxophone, and trombone frontline. (Electric guitars were not invented until a decade later.) The chord voicings in these expertly crafted arrangements were selected so that the melody notes were always within reach to enable the user to play chord/melody style if desired. The lead sheets consist of lyrics and two sets of chord diagrams tenor and plectrum positioned throughout the arrangements. This collection of 45 songs includes: Ain't Misbehavin' * Alexander's Ragtime Band * Basin Street Blues * Bill Bailey, Won't You Please Come Home * Honeysuckle Rose * I Got Rhythm * Lazy River * St. Louis Blues * Sweet Georgia Brown * 'Way down Yonder in New Orleans * and more.

More than twenty years in the making, Country Music Records documents all country music recording sessions from 1921 through 1942. With primary research based on files and session logs from record companies, interviews with surviving musicians, as well as the 200,000 recordings archived at the Country Music Hall of Fame and Museum's Frist Library and Archives, this notable work is the first compendium to accurately report the key details behind all the recording sessions of country music during the pre-World War II era. This discography documents--in alphabetical order by artist--every commercial country music recording, including unreleased sides, and indicates, as completely as possible, the musicians playing at every session, as well as instrumentation. This massive undertaking encompasses 2,500 artists, 5,000 session musicians, and 10,000 songs. Summary histories of each key record company are also provided, along with a bibliography. The discography includes indexes to all song titles and musicians listed.
