

T50 Un Portable Tank Container Brochure

The Code of Federal Regulations is the codification of the general and permanent rules published in the Federal Register by the executive departments and agencies of the Federal Government.

This Agreement, aimed at increasing the safety of international transport by road, deals with conditions surrounding the transport of dangerous goods (including dangerous wastes) by road. It includes all amendments to Annexes A and B, which became applicable on 1 January 2003. These annexes have been rearranged in nine parts covering the following topics: general provisions, classification, dangerous goods list and limited quantities exemptions, packing and tank provisions, consignment procedures, construction and testing of packaging, intermediate bulk containers and tanks, conditions of carriage, loading, unloading and handling, vehicles crew, equipment, operation and documentation, construction and approval of vehicles.

The Manual of Tests and Criteria contains criteria, test methods and procedures to be used for classification of dangerous goods according to the provisions of Parts 2 and 3 of the United Nations Recommendations on the Transport of Dangerous Goods, Model Regulations, as well as of chemicals presenting physical hazards according to the Globally Harmonized System of Classification and Labelling of Chemicals (GHS). Originally developed by the Economic and Social Councils Committee of Experts on the Transport of Dangerous Goods which adopted a first version in 1984, it has been regularly updated and amended every two years. The amendments listed in this publication include: amendments to the procedure for assignment to a Division of Class 1; amendments to test series 7 for the classification as extremely insensitive explosive article; a test method for the classification of gases and gas mixtures as chemically unstable (new section 35); amendments to the procedures to

The International Maritime Dangerous Goods (IMDG) Code, has become the standard international code for the safe transport of dangerous goods and marine pollutants by sea, based on the requirements of the 1974 International Convention for the Safety of Life at Sea (SOLAS Convention) and MARPOL 73/78. The IMDG Code, as amended, attained mandatory status from 1 January 2004 under the umbrella of the SOLAS Convention, although some parts continue to be recommendatory. This version of the Code, which incorporates amendment 32-04, comes into force from 1 January 2006, but in order to facilitate the multimodal carriage of packaged dangerous goods, its provisions may be applied on a voluntary basis from 1 January 2005. The publication is in two volumes and deals with: general provisions, definitions and training; classification; dangerous goods list and limited quantities exceptions; packing and tank provisions; consignment procedures; construction and testing of packagings, intermediate bulk containers, portable tanks and road tank vehicles; and transport operations.

The Code of Federal Regulations is a codification of the general and permanent rules published in the Federal Register by the Executive departments and agencies of the United States Federal Government.

The European Agreement concerning the International Carriage of Dangerous Goods by Road is intended to increase the safety of international transport of dangerous goods by road. Regularly amended and updated since its entry into force, it contains the

conditions under which dangerous goods may be carried internationally. This version has been prepared on the basis of amendments applicable as from 1 January 2017. It contains in particular new or revised provisions concerning for vehicles and machineries; battery powered vehicles and equipment; marking and labeling for lithium batteries in Class 9; instructions in writing; construction and equipment of vehicles; use of LPG, CNG and LNG as fuel for vehicles carrying dangerous goods.

Backpacker brings the outdoors straight to the reader's doorstep, inspiring and enabling them to go more places and enjoy nature more often. The authority on active adventure, Backpacker is the world's first GPS-enabled magazine, and the only magazine whose editors personally test the hiking trails, camping gear, and survival tips they publish. Backpacker's Editors' Choice Awards, an industry honor recognizing design, feature and product innovation, has become the gold standard against which all other outdoor-industry awards are measured.
