It is too often accepted that during the 19th and early 20th centuries it was the male writers who developed and pushed the boundaries of the weird tale, with women writers following in their wake--but this is far from the truth. This new anthology follows the instrumental contributions made by women writers to the weird tale, and revives the lost authors of the early pulp magazines along with the often overlooked work of more familiar authors. See the darker side of The Secret Garden author Frances Hodgson Burnett and the sensitively-drawn nightmares of Marie Corelli and Violet Quirk. Hear the captivating voices of Weird Tales magazine contributors Sophie Wenzel Ellis, Greye La Spina, and Margaret St Clair, and bow down to the sensational, surreal, and challenging writers who broke down the barriers of the day. Featuring material never before republished, from the abyssal depths of the British Library vaults.

This is me *Robbing the Bank* is a compilation of short stories considered 'legal tales from the abyss'. It takes you into the world of a street lawyer armed with wit and little else. Attorney Mike Dunn, starting his legal career wanting to be a highly perfumed barrister. He quickly realized that he was more suited to be the vigorous defender of lost causes. With little more than a guilty client anticipating a miracle, he learned to waltz in and out of courtrooms throughout the Midwest, cleaning up self-imposed messes that quickly became his fault; depending on the outcome. Once there was a disgruntled husband who tried to hire a hit-man to kill his ex-wife, only to find out that there are no hit-men, only undercover cops. What else can you do while you are in prison for the attempt? Well, of course, hire a second one! He was certain that he would not hire a cop again. He was right. This time it turned out to be an FBI agent. Then there was the jealous girlfriend, who drove drunk to her boyfriend's house to catch him with another woman. She saw a car sitting right in front of his house and decided that the only thing she could do in that situation was to ram the car. So, she rammed, backed up and rammed and rammed and rammed. Turns out her boyfriend was alone. It

was the neighbor's car.

"Tales from the abyss" is a compilation of thirteen stories from the darkest and deepest side of the heart. The stories told in this book show adverse situations, fears, and inner struggles of each of the characters, some stories with realistic touches, others with a little fantasy. The outcome of these stories will depend on the inner strength of each character, so they can leave their personal abyss.

When he is replaced as prince by his clone, Asch finds himself fighting against the prophecy for peace that his clone seeks to fulfill.

This is a compilation of short horror stories I've written over the years. Tales of horror and dread filled with a touch of sadness and fury. Some are connected, and some can't possibly be so. The ideas written here, although fictional in their exterior, share all a common real-life essence. As most movies might say: they are all based off true stories. What's real and what's not is for you to discover, for better or worse.

Black City: Tales From the Edge of the Abyss is an occult fiction anthology from elusive American author and artist Jane Grey. Written from beyond the shattered lens of reality, the eternal Abyss reaches its invisible and alien influence into a bizarre mosaic of intersecting victims and willing participants. Twisting the short tales together alongside esoteric ink illustrations by the author, the anthology focuses on the darkest side of spirituality, the occult, and the demonic. Warping sensibilities by using ancient barbarous names and incantations, the collection itself is an occult working wrapped in the cloak of fictional horror. Enter the Black City.
