About the TASC Test The Test Assessing Secondary Completion, or TASC, is a high school equivalency assessment. It measures whether test takers have a high-school-level understanding of five basic subjects: reading, writing, mathematics, social studies, and science. In short, it tests everything taught in high school, so that if you didn't earn a diploma, you can still prove you have the equivalent knowledge. About Trivium Test Prep Trivium Test Prep's study materials are created by industry and educational experts. Other study guides simply tell you what is on the test, not how that material is applied or, more importantly, HOW TO STUDY FOR IT. Trivium study guides are different. Our dedicated professionals know how people think and learn, and have created our Test Assessing Secondary Completion study guide based on what research has shown to be the fastest, easiest, and most effective way to prepare for the exam. Unlike other study guides that are stamped out in a generic fashion, our TASC test preparation is specifically tailored for your exact needs.
