This ambitious volume integrates findings from various disciplines in a comprehensive description of the modern research on love and provides a systematic review of love experience and expression from cross-cultural perspective. It explores numerous interdisciplinary topics, bringing together research in biological and social sciences to explore love, probing the cross-cultural similarities and differences in the feelings, thoughts, and expressions of love. The book's scope, which includes a review of major theories and key research instruments, provides a comprehensive background for any reader interested in developing an enlightened understanding of the cultural diversity in the concepts, experience, and expression of love. Included among the chapters: How do people in different cultures conceptualize love? How similar and different are the experiences and expressions of love across cultures? What are the cultural factors affecting the experience and expression of love? Cross-cultural understanding of love as passion, joy, commitment, union, respect, submission, intimacy, dependency, and more. A review of the past and looking into the future of cross-cultural love research. Critical reading for our global age, Cross-Cultural Perspectives on the Experience and Expression of Love promotes a thorough understanding of cross-cultural similarities and differences in love, and in so doing is valuable not only for love scholars, emotion researchers, and social psychologists, but also for practitioners and clinicians working with multicultural couples and families. "The most striking feature of this book is the

broad array of perspectives that is covered. Love is portrayed as a universally found emotion with biological underpinnings. The text expands from this core, incorporating a wide range of manifestations of love: passion, admiration of and submission to a partner, gift giving and benevolence, attachment and trust, etc. Information on each topic comes from a variety of sources, cross-culturally and interdisciplinary. The text is integrative with a focus on informational value of ideas and findings. If you take an interest in how love in its broadest sense is experienced and expressed, you will find this to be a very rich text.” Ype H. Poortinga, Tilburg University, The Netherlands & Catholic University of Leuven, Leuven, Belgium “In this wide-ranging book, Victor Karandashev expertly guides us through the dazzling complexity of our concept and experience of love. Not only does he show the many different ingredients that make up our conceptions of love in particular cultures, such as idealization of the beloved, commitment, union, intimacy, friendship, and others, he draws our attention to the bewildering array of differences between their applications in different cultural contexts, or to their presence or absence in a culture. In reading the book, we also get as a bonus an idea of how an elusive concept such as love can be scientifically studied by a variety of methodologies – all to our benefit. A masterful accomplishment.” Kövecses Zoltán, Eötvös Loránd University, Budapest, Hungary “Long considered a research purview of only a portion of the world’s cultures, we know today that love is universal albeit with many cultural differences in meaning, form, and expression. Moreover, love has a rich history of scholarship across multiple disciplines. Within this backdrop, Karandashev has compiled a remarkably comprehensive global review of how people experience and express their emotions in love. Covering the topic from a truly international and interdisciplinary

Celebrating the love between a parent and a child, this rhyming book features a host of animals and the things they love about each other. Perfect for babies, toddlers, preschoolers and as a reminder to the big kids in your life. This is a textbook that has been needed for decades. It should be required reading for every student (and professor) in literary studies and, for that matter, in any humanistic discipline. Humanistic methods of inquiry certainly have their place, but all too often humanistic scholars present entire theories and have no idea how to test them or even realize that they should be tested in a scientific manner. Such scholars can only try to convince readers that they are right. It is absurd to use rhetoric when there are perfectly good empirical methods of testing such theories. If they are not so tested, they are quite likely to lead us astray. In a very engaging way, the authors almost seduce readers into wanting to learn about empirical methods and statistics. The book is full of suggested projects for students. Students are led through how to search sources such as PsycInfo in order to get ideas and then gradually introduced to basic statistics and shown in detail how to analyze data that they themselves may have gathered. By focusing on practical matters and not bothering much with formulas that will soon be forgotten,

readers are given a good intuitive grasp of not just simple statistics but also statistics at an intermediate level. Here is a much needed introductory textbook on empirical research methods for the Humanities. Especially aimed at students and scholars of Literature, Applied Linguistics, and Film and Media, it stimulates readers to reflect on the problems and possibilities of testing the empirical assumptions and offers hands-on learning opportunities to develop empirical studies. It explains a wide range of methods, from interviews to observation research, and guides readers through the choices researchers have to make. It discusses the essence of experiments, illustrates how studies are designed, how to develop questionnaires, and helps readers to collect and analyze data by themselves. The book presents qualitative approaches to research but focuses mostly on quantitative methods, detailing the workings of basic statistics. At the end, the book also shows how to give papers at international conferences, how to draft a report, and what is involved in the preparation of a publishable article. Discover revelations that give answers to life and death, love and sex, power and oppression, sanity and addictions. The solutions can be understood by children and endorsed by experts. Discover how to deal with issues such as mourning, divorce, adultery and homosexuality. Face the reality of the economy of the world with wars and epidemics. Find the reasons of common issues that all individuals face everyday, with or without Love. This book about Love was written because Love never fails. May this book connect, as many people as possible, to Love in order to deal with life and death, to be healed from all kinds of diseases, to be free from different lacks and bondages, to break spiritual, emotional, physical and financial poverty, to be loosed from addictions to drugs, alcohol, pornography, sex-abuse, to find solution to curses, spells, violence, destruction, depression, confusion,

oppression and disorders. The book concerns individuals as well as families, groups, churches and the politics; of all races and economic status. This book can be read to children and has treasures for adults to understand the reasons of our mistakes and to avoid repeating them: from the origins of sin till 9/11 written in the Bible. Dedicated to Buddhists, Muslims, atheists, Jews, Catholics and Christians, it describes the godly creation involving the evolution that can be defended by theologians, pastors and scientists. The clear explanations can be endorsed by counselors, lawyers, judges, authorities, psychologists and maybe psychiatrics to stop people from being hurt and hurting others. May the Truth set millions free: free indeed, free at last!

"When Lena lived in Chicago's inner city, she felt comfortable in her Mexican neighbourhood. She had friends who cared for her, fond memories, and a deep sense of belonging. But now her family has moved to an affluent suburb, and Lena's suddenly aware how different she is from the teenagers in Wyndham Glen. She's worried that she won't ever fit in - until she meets Eric Lansing. Eric is tall, blond, and comes from Wyndham Glen's old stock. But the difference in their backgrounds doesn't seem to matter to him. In fact, he's intrigued by Lena's past. Will a romance with Eric make things any easier for Lena?"--GoodReads.

This three-volume encyclopedia describes and explains the variety and commonalities in Latina/o culture, providing comprehensive coverage of a variety of Latina/o cultural forms—popular culture, folk culture, rites of passages, and many other forms of shared expression.

Dedicated to the late Gerard Béhague (1937-2005), whose pioneering work in Latin American music, popular culture, and performance studies contributed extensively to ethnomusicological discourse in the 1970s-1990s, this anthology offers comparative perspectives on the evolving legacy of performance ethnography in socio-musical analysis. President of the Society for Ethnomusicology from 1979-81, editor of its journal, *Ethnomusicology*, from 1974-78, and founder and editor of the trilingual *Latin American Music Review* from 1980 until his death, Béhague also established the ethnomusicology graduate program at the University of Texas at Austin in 1974, thereby influencing the training and thinking of dozens of the field's practitioners. Among these are the volume's eight authors, whose contributions reflect the heritage but also contemporary trajectories of Béhague's scholarly

concerns. Prefaced by an essay outlining key developments in the ethnography of performance paradigm, the volume's seven case studies portray snapshots of musical life in representative communities of the Americas, including the southwestern and Pacific United States, Puerto Rico, Bolivia, Chile, Cuba, and Ecuador. Situated in milieus ranging from the indigenous festivals of the Andean highlands, to the competitive public gatherings of poet-singers in post-Pinochet Chile, to the Puerto Rican dance halls of the Hawaiian islands, these studies pose anthropological inquiries into the ontology of performance practice, the social power of poetic performativity, and the experience and embodiment of sound in place.

Uses cultural representations to investigate how two religious minority communities came to be incorporated into the Mexican nation. Liminal

Sovereignty examines the lives of two religious minority communities in Mexico, Mennonites and Mormons, as seen through Mexican culture.

Mennonites emigrated from Canada to Mexico from the 1920s to the 1940s, and Mormons emigrated from the United States in the 1880s, left in 1912, and returned in the 1920s. Rebecca Janzen focuses on representations of these groups in film, television, online comics, photography, and legal documents. Janzen argues that perceptions of Mennonites and Mormons—groups on the margins and borders of

Mexican society—illustrate broader trends in Mexican history. The government granted both communities significant exceptions to national laws to encourage them to immigrate; she argues that these foreshadow what is today called the Mexican state of exception. The groups' inclusion into the Mexican nation shows that post-Revolutionary Mexico was flexible with its central tenets of land reform and building a mestizo race. Janzen uses minority communities at the periphery to give us a new understanding of the Mexican nation. "This subject matter has never been studied in this fashion before, nor with such theoretical sophistication. Not only is the book compelling, but it's also illuminating." — Pedro A. Palou, Tufts University

Rebecca Gromer is a sixteen-year-old girl who spends most of her time focused on school and keeping to herself. Her father is an accountant that spends most of his day in the office and is hardly at home. Her mother passed away in a plane crash when Rebecca was still very young, and every day she wishes that she could just have her back. She has huge void inside of her that is just getting bigger by the day, and then one day, she is approached by Austin Moore, a cool and handsome young boy that Rebecca never dreamed would ever say one word to her. As time passes, she falls deeply in love with him and would do anything to be with him. However, even though Austin falls in love with her as well, he

also starts to struggle with issues of his own, and because of this, he ends up losing the girl he loves. And Rebecca falls once again into the dark hole inside her. Now, it has been about two years since Rebecca has moved away from town, and her father suddenly gets the call from his firm that he is needed back at his old branch. Rebecca soon finds herself in Cedarway once again and bumps into a familiar face, one who has missed her desperately. Emotions run high, old feelings emerge, and new struggles arise, and Rebecca and Austin once again find themselves on a confusing roller coaster filled with sadness, joy, triumph, fear, and love.

This volume presents a conceptual, historical, anthropological, and sociological review of how culture affects our experience and expression of romantic love. What is romantic love and how is it different from and similar to other kinds of love? How is romantic love related to sex and marriage in human history and across contemporary cultures? What cultural factors mediate attraction in love? These are some of the questions the volume explores through its interdisciplinary yet focused lens. Much of the current research evidence suggests that love is a universal emotion experienced by a majority of people, in various historical eras, and in all the world's cultures. Yet, love displays in different ways because culture has an impact on people's conceptions of love and the

ways they feel, think, and behave in romantic relationships. This volume summarizes classical knowledge on love and culture while at the same time focusing sharply on recent studies and cutting-edge research that has advanced the field. Divided into three parts, the volume begins by defining and analyzing the concept of romantic love and interdisciplinary approach to its study in cultural context. Part II traces the origin and evolution of romantic love both in various places throughout the world and various time periods throughout history. Part III presents the revolutionary expansion of romantic love ideas and practices in the late 20th and early 21st centuries in various parts of the world, focusing particularly on the development of romantic love as a cultural ideal of the modern cultures. Finally, the book concludes by summarizing the major achievements in this field of study and predicts future development. A timely and thoughtful addition to the literature, *Romantic Love in Cultural Contexts* delivers thought-provoking insights to researchers in relationship scholarship, sociology, anthropology, and cultural studies, and all those interested in the universal human concept of love. Overall I find Dr. Victor Karandashev is an excellent and fine scholar who has a firm grasp of both the fundamental principles of cross-cultural research and of anthropology. In our increasingly connected world *Romantic Love in Cultural Contexts* updates and

know and much, much more! A great percent of the book was written on my travels to the many Spanish speaking countries and through interviews with countless native speakers. Gay, of course! I have been to Spain four times spending weeks upon weeks in most all of the provinces. Over the past 35 years my travels to Latin America have been more extensive, living and studying in Mexico for over a year with over 40 return trips to most of the entire country exploring the enriching culture of our neighbors to the southern boarder. Within the past 15 years, I have explored the colorful, cultural riches of Guatemala spending months with the gualtemaltecos. I have also had the pleasure of three fantastic, magical adventures to Peru, which were truly spiritual experiences that enlightened and enriched me greatly. Other Spanish speaking countries that I have traveled and explored are Puerto Rico, Costa Rica, Panama, Bolivia, Brazil, Uruguay and yes, Argentina. I wish to thank many friends and colleagues for their encouragement to write this book. They have read my work and have given me many helpful suggestions to finalize the process.
