The 1970s and 1980s saw the awakening of social awareness and political activism in Mexican-American communities. In San Diego, a group of Chicana women participated in a political theatre group whose plays addressed social, gender, and political issues of the working class and the Chicano Movement. In this collective memoir, seventeen women who were a part of Teatro de las Chicanas (later known as Teatro Laboral and Teatro Raíces) come together to share why they joined the theatre and how it transformed their lives. Teatro Chicana tells the story of this troupe through chapters featuring the history and present-day story of each of the main actors and writers, as well as excerpts from the group's materials and seven of their original short scripts.

E TEATRO, CUENTOS Y ESCENAS sta presentación que reproducimos en esta segunda edición en español, corresponde a la primera edición de la publicación de la Universidad Autónoma de Santo domingo durante el decanato del Dr. Luciano Castillo en la Facultad de Humanidades, quien se refirió al autor en los siguientes términos: Mariano Morillo publicó hace poco tiempo un ensayo sobre el teatro universal. The Panic Theatre is a set of plays conceived by Fernando Arrabal between 1957 and 1966, the author's first years in Paris. Composed at the zenith of the avant-garde movement, they convey a radically new and challenging theatricality whose cornerstone is their ceremonial shape. The plays' underlying panic ceremony is thoroughly studied in light of Arrabal's programmatic text 'Le Panique, ' that singles out three key concepts responsible for artistic creation: memory, chance and confusion.

Breden shifts the focus of academic study away from product and towards process, demonstrating how an understanding of process assists in the reading of the theatrical product.

Parody, satire and a number of other comic techniques are shown to play an unsuspected but integral part in Calderon's work.
