This highly readable and thoroughly researched volume offers an excellent account of the development of seven Balkan peoples during the nineteenth and the first part of the twentieth centuries. Professors Charles and Barbara Jelavich have brought their rich knowledge of the Albanians, Bulgarians, Croatians, Greeks, Romanians, Serbians, and Slovenes to bear on every aspect of the area's history--political, diplomatic, economic, social and cultural. It took more than a century after the first Balkan uprising, that of the Serbians in 1804, for the Balkan people to free themselves from Ottoman and Habsburg rule. The Serbians and the Greeks were the first to do so; the Albanians, the Croatians, and the Slovenes the last. For each people the national revival took its own form and independence was achieved in its own way. The authors explore the contrasts and similarities among the peoples, within the context of the Ottoman Empire and Europe.

Michael Pupin's was a genuinely American story, the lifelong journey of a boy from rural Serbia, from a town so tiny it appeared on no maps, who became one of the greatest scientists of the early 20th century, changing the lives of people the world over with his technological innovations-he invented the therapeutic X-ray and made telephone communications practical and inexpensive-and helping to invent the modern world we know today. First published in 1922, Pupin's autobiography won the Pulitzer Prize in 1924, but Pupin's insightful and incisive words are their own greatest recommendation. American physicist and writer MICHAEL IDVORSKY PUPIN (1858-1935) was born in Serbia and emigrated to the United States as a teenager. As a professor and researcher at Columbia University, he invented sonar and made important discoveries in the fields of X-ray physics and telecommunications.

A beautifully illustrated version of the original 1925 edition of F. Scott Fitzgerald's classic Great American novel. Widely considered to be the greatest American novel of all time, *The Great Gatsby* is the story of the wealthy, quixotic Jay Gatsby and his obsessive love for debutante Daisy Buchanan. It is also a cautionary tale of the American Dream in all its exuberance, decadence, hedonism, and passion. First published in 1925 by Charles Scribner's Sons, *The Great Gatsby* sold modestly and received mixed reviews from literary critics of the time. Upon his death in 1940, Fitzgerald believed the book to be a failure, but a year later, as the U.S. was in the grips of the Second World War, an initiative known as Council on Books in Wartime was created to distribute paperbacks to soldiers abroad. *The Great Gatsby* became one of the most popular books provided to regiments, with more than 100,000 copies shipped

to soldiers overseas. By 1960, the book was selling apace and being incorporated into classrooms across the nation. Today, it has sold over 25 million copies worldwide in 42 languages. This exquisitely rendered edition of the original 1925 printing reintroduces readers to Fitzgerald's iconic portrait of the Jazz Age, complete with specially commissioned illustrations by Adam Simpson that reflect the gilded splendor of the Roaring Twenties.

A few words about Dostoevsky himself may help the English reader to understand his work. Dostoevsky was the son of a doctor. His parents were very hard-working and deeply religious people, but so poor that they lived with their five children in only two rooms. The father and mother spent their evenings in reading aloud to their children, generally from books of a serious character. Though always sickly and delicate Dostoevsky came out third in the final examination of the Petersburg school of Engineering. There he had already begun his first work, "Poor Folk." This story was published by the poet

Nekrassov in his review and was received with acclamations. The shy, unknown youth found himself instantly something of a celebrity. A brilliant and successful career seemed to open before him, but those hopes were soon dashed. In 1849 he was arrested.

Four years after his daughter is abducted and evidence of her murder is found in an abandoned shack, Mackenzie Allen Philips returns to the shack in response to a note claiming to be from God, and has a life-changing experience. Reprint. A #1 best-seller.
