Primary source documents, often accessible only in musty archives, are the raw material from which historians craft their stories. The American Spirit is a virtual archive where students can touch the evidence deposited by the living, breathing, often conflicted and frequently contentious men and women who lived and shaped America's past.

This book examines the discourses on nation-building, civic identity, minorities, and the formation of religious identities in school textbooks worldwide. It offers up-to-date, practical, and scholarly information on qualitative and mixed-method textbook analysis, as well as the broader context of critical comparative textbook and curriculum analyses in and across selected countries. The volume offers unique and empirical research on how internal educational policies and ideological goals of dominant social, political, and economic groups affect textbook production and the curricular aims in different educational systems worldwide. Chapters address the role of school textbooks in developing nationhood, the creation of citizenship through school textbooks, the complexity of gender in normative discourses, and the intersection of religion

On May 25, 2012, President Obama announced that the United States would spend the next thirteen years – through November 11, 2025 – commemorating the 50th Anniversary of the Vietnam War, and the American soldiers, “more than 58,000 patriots,” who died in Vietnam. The fact that at least 2.1 million Vietnamese – soldiers, parents, grandparents, children – also died in that war will be largely unknown and entirely uncommemorated. And U.S. history barely stops to record the millions of Vietnamese who lived on after being displaced, tortured, maimed, raped, or born with birth defects, the result of devastating chemicals wreaked on the land by the U.S. military. The reason for this appalling disconnect of consciousness lies in an unremitting public relations campaign waged by top American politicians, military leaders, business people, and scholars who have spent the last sixty years justifying the U.S. presence in Vietnam. It is a campaign of patriotic conceit superbly chronicled by John Marciano in *The American War in Vietnam: Crime or Commemoration?*. A devastating follow-up to Marciano’s 1979 classic *Teaching the Vietnam War* (written with William L. Griffen), Marciano’s book seeks not to commemorate the Vietnam War, but to stop the ongoing U.S. war on actual history. Marciano reveals the grandiose flag-waving that stems from the “Noble Cause principle,” the notion

that America is “chosen by God” to bring democracy to the world. Marciano writes of the Noble Cause being invoked unsparingly by presidents – from Jimmy Carter, in his observation that, regarding Vietnam, “the destruction was mutual,” to Barack Obama, who continues the flow of romantic media propaganda: “The United States of America ... will remain the greatest force for freedom the world has ever known.” The result is critical writing and teaching at its best. This book will find a home in classrooms where teachers seek to do more than repeat the trite glorifications of U.S. empire. It will provide students everywhere with insights that can prepare them to change the world.

Rigorously nonpartisan in approach, this detail-rich text describes the early years of what may well be one of the most demanding jobs in the world.

On May 17, 1899, Patrick Sullivan married Mary Jane Carroll in Yonkers, New York, despite the objections of Patrick's family, who believed he was marrying below his class. But their dreams of living a long life together came to an end when Patrick died unexpectedly on August 13, 1911, leaving Mary destitute with four children and a fifth who was born three weeks after Patrick's death. Shunned by Patrick's family, Mary and her children fought off starvation in a tenement in Yonkers for several months. Then one evening, she was visited by her two brothers, John and Barney, who insisted her entire family move into and share their meager home at Six Moquette Row. There, the children were raised by their grandmother, mother, and their two loving uncles. A story for the ages, *Six Moquette Row*, by author John F. Sullivan, narrates the true story of how one family's love and a shared devotion to one another turned what would have
