They need to find time to continue their education, particularly in their chosen business fields. There is so much to read and so little time and often little to capture the imagination. This book *The Halo and the Noose* is a very different type of business book. It covers the necessary theoretical aspects of business management, but the story telling captivates one. We remember stories from childhood and some of the better fiction read in later years. The 100 stories and poems in *The Halo and the Noose* enchant and educate and will do for many years whilst we remain in harness. If you have taken very few memories away from this wonderful book, that of Nasrudin's Donkey is worthwhile relating to your children, your students, colleagues and very definitely to your boss.

Poscente likens the dynamic between the conscious and subconscious minds to an ant and an elephant: "Our minds are separated into two distinct functions -- the conscious and subconscious elements. Our ant is the intentional part of the brain, but our elephant is the instinctual, impulsive part of the brain that houses emotions and memories and even guides the body to perform vital functions. While we tend to know our conscious minds -- our ants -- rather well, we often overlook the power of our elephantine subconscious minds. When we do, unfortunately, we squander a wellspring of human potential." SOCIAL SCIENCE / POLITICAL / GENERAL Womanhood is an embodiment of love, motherhood, blessings, better presidency and compassionate leadership. Femininity is indispensable. Women motivational abilities make them outstanding managers of human and economic resources. They represent the magic wand for progress and development, stability, peace and prosperity. They do better in education, health-care, socio-economics, politics and focus better with political savvy and sagacity, transparency, security and spirituality. They excel in diplomacy, peaceful conflict resolution, love, empathy, sincerity, responsibility and discrimination-free irrespective of race, color, religion, gender or disability. Antithetically, manhood characterizes war presidency, defensiveness, negligence and staying the course with failed policies, prosecuting avoidable wars instead of diplomacy to win hearts and peace. Unwittingly, they sacrificed over 3,000 US soldiers, 20,000 wounded, over \$500 billion and created scandals and civil war. If the first woman 'Eve' turned the world up-side-down, great women world-wide should realign it upward and forward moving. Unequivocally, a woman US President can speedily restore America's image which is at its lowest ebb. GOD BLESS AMERICA!
