

The Bash Street Kids Annual 2007

A unique and thorough reference work, *Comic Art of Europe through 2000: An International Bibliography* chronicles in two volumes the development of comic art in Europe and reflects the burgeoning amount of literature on the subject. Supplementing the award-winning works on comic art published by the author with Greenwood in 1994 and 1996, the expanded volumes contain 17,000 multi-language entries on comic art literature in 42 European countries. Bringing order to the scholarship on this fascinating topic, this is an invaluable reference work for those interested in comic art, mass communication, and popular culture. The author gathers in one place an exhaustive collection of literature dealing with all aspects of comics, cartooning, and animation in Europe. Organized by categories of country, genre, approaches, and other aspects, these multi-language bibliographies are compiled and organized for easy reference use. The comprehensive data gathering is backed up by global research. Another useful feature is a directory with vital information on at least 80 periodicals dealing with comic art in Europe. The wide sweep of these volumes includes chapters on global, continental, regional, and comparative perspectives relating to Europe.

A book recalling what it was like to be a child in the 1950s, including home life, school days, music and fashions.

Children's literature continues to be one of the most rapidly expanding and exciting of interdisciplinary

academic studies, of interest to anyone concerned with literature, education, internationalism, childhood or culture in general. The second edition of Peter Hunt's bestselling International Companion Encyclopedia of Children's Literature offers comprehensive coverage of the subject across the world, with substantial, accessible, articles by specialists and world-ranking experts. Almost everything is here, from advanced theory to the latest practice – from bibliographical research to working with books and children with special needs. This edition has been expanded and includes over fifty new articles. All of the other articles have been updated, substantially revised or rewritten, or have revised bibliographies. New topics include Postcolonialism, Comparative Studies, Ancient Texts, Contemporary Children's Rhymes and Folklore, Contemporary Comics, War, Horror, Series Fiction, Film, Creative Writing, and 'Crossover' literature. The international section has been expanded to reflect world events, and now includes separate articles on countries such as the Baltic states, the Czech and Slovak Republics, Iran, Korea, Mexico and Central America, Slovenia, and Taiwan.

Lee Raven, boy thief, has stolen something he really didn't mean to. Now he faces a perilous flight through London (and the murky sewers below) as he tries to escape capture – because Lee has stolen the Book of Nebo, a book that has existed for thousands of years

all who grew up in this post-war decade; they include pictures of children enjoying life out on the streets and bombsites, at home and at school, on holiday and at events. These wonderful period pictures and descriptive captions will bring back this decade of childhood, and jog memories about all aspects of life as it was in post-war Britain. Paul Feeney is the author of bestselling nostalgia books *A 1950s Childhood* and *A 1960s Childhood* (The History Press). He has also written the bestselling *From Ration Book to Ebook* (The History Press), which takes a nostalgic look back over the life and times of the post-war baby boomer generation.

True Brit celebrates the rich history of British comic book artists with a wide selection of breathtaking art, intimate photographs and in-depth interviews with the men who have transformed the comics field to the sensation it is today! From classic bestsellers like *Watchmen* to current sensation *The Ultimates*, the artists of England have revolutionized the way comics are seen and perceived. This is the definitive book on British comics artists, where the creators describe how their art has evolved and how it has affected and changed the industry. Here, in their own words and images, are the influential artists whose images and stories have sold millions of comics.

Based on current research, debates and concerns, Understanding Difficulties in Literacy Development: Issues and Concepts adopts a cross disciplinary approach to understanding and working with those

who experience difficulties with literacy. It provides a broad view of difficulties in literacy and related educational and curriculum learning issues across a range of ages, phases and settings.

This is a comprehensive sourcebook on the world's most famous vampire, with more than 700 citations of domestic and international Dracula films, television programs, documentaries, adult features, animated works, and video games, as well as nearly a thousand comic books and stage adaptations.

While they vary in length, significance, quality, genre, moral character, country, and format, each of the cited works adopts some form of Bram Stoker's original creation, and Dracula himself, or a recognizable vampiric semblance of Dracula, appears in each. The book includes contributions from Dacre Stoker, David J. Skal, Laura Helen Marks, Dodd Alley, Mitch Frye, Ian Holt, Robert Eighteen-Bisang, and J. Gordon Melton.

This new collection is the second in the Global Punk series. Following the publication of the first volume the series editors invited proposals for a second volume, and selected contributions from a range of interdisciplinary areas, including cultural studies, musicology, ethnography, art and design, history and the social sciences. This collection extends the theme into new territories, with a particular emphasis on contemporary global punk scenes, post-2000, reflecting upon the notion of origin, music(s), identity,

careers, membership and circulation. This area of subcultural studies is far less documented than more 'historical' work related to earlier punk scenes and subcultures of the late 1970s and early 1980s. This new volume covers countries and regions including New Zealand, Indonesia, Cuba, Ireland, South Africa, Siberia and the Philippines, alongside thematic discussions relating to trans-global scenes, the evolution of subcultural styles, punk demographics and the notion of punk identity across cultural and geographic boundaries. The book series adopts an essentially analytical perspective, raising questions over the dissemination of punk scenes and their form, structure and contemporary cultural significance in the daily lives of an increasing number of people around the world. This book has a genuine crossover market, being designed in such a way that it can be adopted as an undergraduate student textbook while at the same time having important currency as a key resource for established academics, postdoctoral researchers and PhD students. In terms of the undergraduate market for the book, it is likely that it will be adopted by convenors of courses on popular music, youth culture and in discipline areas such as sociology, popular music studies, urban/cultural geography, political history, heritage studies, media and cultural studies.

Based on current research, debates and concerns,

this Reader adopts a cross disciplinary approach to understanding and working with those who experience difficulties with literacy. It provides a broad view of difficulties in literacy and related educational and curriculum learning issues across a range of ages, phases and settings. The Reader first considers questions of literacy, before going on to look at literacy development in relation to: " Issues and concepts in public reading debates " Literacy curriculum policy contexts " Community, family, society and individual identity " Social justice and equity issues and learning disabilities This Reader is relevant to all postgraduate students of Literacy, as well as educators, professionals and policy makers. Education is a country's biggest business and the most important shared experience of those who live in it. A Century of Education provides an accessible, authoritative and fascinating overview of the role and nature of education in the twentieth century. Eminent historian of education, Professor Richard Aldrich has assembled a team of contributors, all noted experts in their respective fields, to review the successes and failures of education in the last century and to look forward to the next. A succinct overview of twentieth century social, economic, political and intellectual developments in the first chapter is followed by chapters on ten key topics. Each chapter has four sections: a review of the educational situation in 2000; a similar assessment in 1900;

changes and continuities throughout the century; and a conclusion reviewing the lessons for today and tomorrow. This is a work of information, interpretation and reference, which demonstrates the strengths and weaknesses of education during the twentieth century and identifies educational priorities for the twenty first. For anyone interested in what has become the most important Issue of our time, this unique book is set to become a classic text.
