From the language of Shakespeare to the US presidential campaign trail, the Bible's influence is all around us. It is the most-printed book of all time, yet, upon reading it, we are met not by one work but by many: a complex mix of history and parable, law and prophecy. In this authoritative and impartial introduction, Paula Gooder ably guides the reader in how to approach this multifaceted text, and explores its enduring influence on Western culture, from Renaissance art to Mel Gibson's *The Passion of the Christ*. Featuring textboxes focussing on key details, Gooder provides an illuminating framework for understanding the Bible and shares her infectious enthusiasm for the topic. Covering its origins, content and interpretation, this wide-ranging primer will be of invaluable benefit to those of any and no faith alike.

God created the human body as a finely tuned instrument of enormous power, but it requires fuel to operate. To make sure that body gets enough fuel, God created in humans an appetite for food, which we call "hunger." So why would anyone ever ignore hunger and choose not to eat? Going without food for spiritual reasons is called fasting, a spiritual discipline with a long and important history in Christianity. When accompanied by earnest prayer, fasting demonstrates a believer's sincerity to God. In The Beginner's Guide to Fasting, beloved teacher-theologian Elmer Towns introduces the basics to those who may have never fasted before and reviews the fundamentals for seasoned intercessors. Dr. Towns gives an overview of fasting from the Old and New Testaments and answers questions about fasting related to physical health, social interaction, spiritual warfare, and much more. The Beginner's Guide to Fasting is an essential handbook for all who long to draw closer to God through biblical spiritual disciplines.

We are all in search of the same thing: personal freedom. Everyone wants it. Having true personal freedom is essentially having complete control of your time. If you are not in control of your own time and how you spend it, you are not free. To have absolute control of your time requires wealth. Unfortunately, most of us are set up right from the beginning to follow a path that will never lead us to wealth or freedom. Instead we are expected and trained to follow a path that leads us into the time/dollar trap. We end up sacrificing our most precious resource, our time, for money. It leaves us stuck and in a perpetual loop as we struggle to keep up with debt and inflation. Instead, we need to think differently about how we approach education, work, careers, and money. We need to create a lifestyle that will lead us to wealth and a life of personal freedom. IT'S TIME offers a method to find that freedom. A clear explanation of the things that are necessary and important, as well as the things to avoid, as you create your own pathway to personal wealth and freedom. The key is to learn these lessons and apply them early. The pathway to wealth and freedom is long and takes time. If you are in the early stages of your life, now is the time to follow these lessons and start your journey.
