known for his work in two closely related genres, the crime thriller and supernatural horror. In his four decades of filmmaking, Argento has displayed a commitment to innovation, from his directorial debut with 1970's suspense thriller *The Bird with the Crystal Plumage* to 2009's *Giallo*. His films, like the lurid yellow-covered murder-mystery novels they are inspired by, follow the suspense tradition of hard-boiled American detective fiction while incorporating baroque scenes of violence and excess. L. Andrew Cooper uses controversies and theories about the films' reflections on sadism, gender, sexuality, psychoanalysis, aestheticism, and genre to declare the anti-rational logic of Argento's oeuvre. Approaching the films as rhetorical statements made through extremes of sound and vision, Cooper places Argento in a tradition of aestheticized horror that includes De Sade, De Quincey, Poe, and Hitchcock. He reveals how the director's stylistic excesses, often condemned for glorifying misogyny and other forms of violence, offer productive resistance to the cinema's visual, narrative, and political norms. L. Andrew Cooper is an assistant professor of film and digital media at the University of Louisville and the author of *Gothic Realities: The Impact of Horror Fiction on Modern Culture*. A volume in the series *Contemporary Film Directors*, edited by James Naremore

"The Black Cat" is a short story by American writer Edgar Allan Poe. It was first published in the August 19, 1843, edition of The Saturday Evening Post. It is a study of the psychology of guilt, often paired in analysis with Poe's "The Tell-Tale Heart". In both, a murderer carefully conceals his crime and believes himself unassailable, but eventually breaks down and reveals himself, impelled by a nagging reminder of his guilt."The Pit and the Pendulum" is a short story written by Edgar Allan Poe and first published in 1842 in the literary annual The Gift: A Christmas and New Year's Present for 1843. The story is about the torments endured by a prisoner of the Spanish Inquisition, though Poe skews historical facts. The narrator of the story describes his experience of being tortured. The story is especially effective at inspiring fear in the reader because of its heavy focus on the senses, such as sound, emphasizing its reality, unlike many of Poe's stories which are aided by the supernatural. The traditional elements established in popular horror tales at the time are followed, but critical reception has been mixed. The tale has been adapted to film several times.

They began a drawn-out decline to extinction during Late Devonian time, when all but one of the trilobite orders died out. This meticulously researched reference guide is a photographic atlas and descriptive compendium on the trilobites of Coal County, Oklahoma. The species described lived during the Lower Devonian in a shallow tropical ocean that had advanced over the landscape of North America. More than twenty species are exquisitely preserved in Oklahoma's limestone rocks. Each species is carefully illustrated, including thorough descriptions, so that those familiar and unfamiliar can understand and appreciate these amazing creatures. The most current scientific research on these trilobites is also included. For those wishing to pursue a deeper interest in trilobites, a comprehensive bibliography lists hundreds of sources of information for further study.

troubled life and checkered career as a "magazinish," his poetry and prose, and his reviews, essays, opinions, and marginalia. Laughter, Literature, Violence, 1840-1930 investigates the strange, complex, even paradoxical relationship between laughter, on the one hand, and violence, war, horror, death, on the other. It does so in relation to philosophy, politics, and key nineteenth- and twentieth-century literary texts, by Edgar Allan Poe, Edmund Gosse, Wyndham Lewis and Katherine Mansfield – texts which explore the far reaches of Schadenfreude, and so-called 'superiority theories' of laughter, pushing these theories to breaking point. In these literary texts, the violent superiority often ascribed to laughter is seen as radically unstable, co-existing with its opposite: an anarchic sense of equality. Laughter, humour and comedy are slippery, duplicitous, ambivalent, self-contradictory hybrids, fusing apparently discordant elements. Now and then, though, literary and philosophical texts also dream of a different kind of laughter, one which reaches beyond its alloys – a transcendent, 'perfect' laughter which exists only in and for itself.
