Explaining why women between the ages of 35 and 50 often experience significant changes in mood, weight, sex drive, and general well-being due to hormonal imbalances, this guide shows women how to regain control of their hormones—and their lives—and feel good again through natural means. Women who have had long-standing physical and emotional complaints written off by doctors as normal or genetic are provided with step-by-step solutions to such hormone-related problems as weight gain, fibroids, sex-drive doldrums, adult acne, depression, anxiety, irritability, chronic fatigue, and facial hair. Perimenopausal women will be able to regain control of their health by putting together a game plan for renewal—including hormone balancing and weight management plans that will help them feel better—with dramatic, life-changing results.

recording reality. So long as you have what you need to make a record, I can help you make it a Killer Record. This is the only gear you'll need. Who am I? I'm Mixerman, a gold and multi-platinum award winning producer, mixer, and recordist. I'm also a published author, and I have a number of very popular books written on the recording arts. I was in precisely your position at the early stages of my career. I was a musician, frustrated that I could write a good song, only to feel the record itself fell short of it's potential. Over the course of my decades recording, I noticed that the performance and arrangement had a far greater impact on the sound than anything I did on the engineering side. This field manual is chock full of recording, mixing, and producing strategies designed to keep recording a fun and focused process. You will return to this manual time and time again to help you overcome any impediment-technical or musical-that might prevent you from achieving the results you seek, regardless of your recording environment, regardless of what equipment you're using, and regardless of your current skillset. You can make a Killer Record under nearly any circumstance. It just requires the right mindset.

“Shades of THE HUNGER GAMES permeate a story centered around two courageous teens determined to buck all odds in an effort to regain their loved ones. A believable, involving world, recommended for those who enjoy dystopian novels, powerful female characters, and stories of uncommon courage.” --Midwest Book Review, D. Donovan, eBook Reviewer (regarding Arena 1)

ARENA 3 is book #3 in the Bestselling Survival Trilogy, which begins with ARENA 1, a free download. After nearly freezing to death on their trek north, Brooke and her small group wake to find themselves in civilization. They have found the utopian city, hidden deep in a

remote stretch of Canada. They have heat, food, comfortable beds, clean clothes, and security. Finally, they have made it. As Brooke recovers, she meets the mysterious survivors who inhabit this city, and who vie for her love. She trains again, enhancing her fighting skills greatly under the wing of a new mentor, and matures into a woman. Brooke soon realizes, though, that being safe and secluded is not all there is to life. When she hears rumors of survivors underground, deep in America, fighting to restore order from the inside—her Dad possibly amongst them—Brooke finds herself facing the choice of a lifetime: to live in this perfect place, free and safe for the rest of her days, or to embark and fight for others' freedom. It would be a journey, she knows, back through post-apocalyptic America, this time traveling west, across its breadth, in search of the rumored survivors, of her father. She would have to fight her way through a land transformed by apocalypse, try to survive a never-ending stream of dangers, roving packs of violent gangs, with few resources and fewer supplies. It would be a two thousand mile trek to a certain suicide. And if she leaves this utopia, she knows, there is no coming back. Yet that is not the worst of it: something else lies in her way. Arena 3. The greatest arena left in what was once America, the most brutal and dangerous of them all, the one from which no one survives. The one, she knows, that would test the very limit of all that she is. Will she risk it all for others? An action-packed dystopian thriller featuring a tough female heroine whom readers worldwide have fallen in love with, ARENA THREE is the shocking conclusion to the bestselling

The turnover rate for companies in the construction industry is high. This book identifies the ten key elements of contractor failure and shows how to avoid them. Each element of failure is defined, illustrated by real examples, and ways are discussed to avoid or minimize the risks involved. The final chapter shows how to bring all these elements together to develop a positive and workable management strategy. This survival guide should prove invaluable to the 1.4 million individual construction-industry businesses in this country.

This book is geared toward cardiologists, trainees, and housestaff --anyone who rotates or practices in the CCU--who must grasp the subtleties when treating patients in a cardiac care unit. It is organized in a way to help you understand the simplified pathophysiology of the disease, the diagnosis modalities, the initial critical care management in the CCU, the clinical care in a step down unit and plan for discharge therapy. Dr. Herzog has developed unified pathways for the management of patients presenting with acute chest pain or its equivalent, acute heart failure, atrial fibrillation and flutter, syncope, cardiac arrest, hypertension and hyperglycemia. Algorithms and pathways for management are provided in each chapter for easy implementation in any health care system. In addition, because specialized units are frightening to the patients and their families, there is a section in each chapter on what the patient and family need to know, that encompasses a capsulated explanation of the condition and treatment management. A companion website accompanies the text that includes fully searchable text and patient information.

Camp Green Lake, a juvenile detention facility where there is no lake, and there are no happy campers. In place of what used to be "the largest lake in Texas" is now a dry, flat, sunburned wasteland, pocked with countless identical holes dug by boys improving their character. Stanley Yelnats, of palindromic name and ill-fated pedigree, has landed at Camp Green Lake because it seemed a better option than jail. No matter that his conviction was all a case of mistaken identity, the Yelnats family has become accustomed to a long history of bad luck.

Learning how to tell news from fake news from fake fake news: An "important and timely" book on protecting ourselves, and society, from the infodemic (Library Journal). We have billions of bytes of data at our fingertips. But how much of it is misinformation—or even disinformation? A lot of it is, and your search engine can't tell the difference. As a result, an avalanche of misinformation threatens to overwhelm the discourse we so desperately need to address complex social problems such as climate change, the food and water crises, biodiversity collapse, and emerging threats to public health. This book provides an inoculation against the misinformation epidemic by cultivating scientific habits of mind. Anyone can do it—indeed, everyone
