Introduction by Mary Oliver Commentary by Henry James, Robert Frost, Matthew Arnold, Oliver Wendell Holmes, and Henry David Thoreau The definitive collection of Emerson's major speeches, essays, and poetry, The Essential Writings of Ralph Waldo Emerson chronicles the life's work of a true "American Scholar." As one of the architects of the transcendentalist movement, Emerson embraced a philosophy that championed the individual, emphasized independent thought, and prized "the splendid labyrinth of one's own perceptions." More than any writer of his time, he forged a style distinct from his European predecessors and embodied and defined what it meant to be an American. Matthew Arnold called Emerson's essays "the most important work done in prose." INCLUDES A MODERN LIBRARY READING GROUP GUIDE

This is a reproduction of the original artefact. Generally these books are created from careful scans of the original. This allows us to preserve the book accurately and present it in the way the author intended. Since the original versions are generally quite old, there may occasionally be certain imperfections within these reproductions. We're happy to make these classics available again for future generations to enjoy!
