Living abroad is many people's dream. However there are many practical considerations to take into account before taking the plunge. This practical handbook takes the reader through all the essential facts and offers advice on all aspects of expatriate life. As well as considering everything from health care to buying a property, the book looks at 22 of the most popular destinations for British expatriates and provides information on each. This new edition is revised and updated, and contains a contribution from Blackstone Franks.

There is a crisis in Christian marriage. Three in five marriages conducted in Church breakdown, yet countless people persist in their wish to be married in Church. For many of these, their attendance at Church for a wedding is one of the rare occasions that they ever darken the door of such a building. This is a book for all such people and for regular church-goers who are not so well informed. It is also a book to be given to friends and relatives who attend the weddings of family members. To those outside the Christian communities, a Christian wedding is something mysterious. What actually happens at the exchange of vows? Can divorcees be remarried in Church? What is the true history and meaning of the ritual and the symbolism? What does the priest actually do? Is marriage "the grave of savage love"? (Benedetto Croce). And are people refused Christian marriage if they have been living together in advance of the wedding, or if they already have children out of wedlock? This book also addresses many practical questions about the order of service and the choice of music and readings. Above all, it is a strong affirmation of Christian marriage as a vital element in Christian life and society as a whole.

Published in association with The Daily Telegraph, this is a guide to the best hotels in Britain. Every hotel entry has a description and a special feature of this edition is the cellar search, a nationwide competition to find the best hotel/restaurant cellars in Britain.

This guide offers over 40 country-by-country profiles which survey the economies, working conditions, taxation and other useful topics in all major areas: Europe, North and South America, Australasia, Asia, Africa and the Middle East. Addresses for further information are also provided.
