August Rosado shows how the Book of Daniel should be read Chronologically and not Numerically. That means you must jump around the book in order to understand the Chronological sequence. The book of Daniel is an Apocalyptic book that uses Apocalyptic literature. The Bible will interpret that Apocalyptic literature, not the mind of the individual. August gives the Chronological sequence of Chapters laid out in the book. The book also serves as a commentary and tackles the 2 controversial chapters, Chapters 9 and 11. August looks at the scriptures for their plain sense interpretation and shows how the book of Daniel foretold events 2500 years ago are slowly unfolding in the Geo-Political activities of the world today, showing us that Bible Prophecy is on course to being fulfilled.
