Eleanor Wiley and Maggie Oman Shannon have taken an ancient practice and made it new. *A String and a Prayer* recounts the history and symbolism of prayer beads, teaches basic techniques for stringing beads and a host of other objects into prayer beads, and offers a variety of prayers and rituals to use those beads on a daily basis. Beads have appeared throughout history. Prayer beads are used in the spiritual practices of cultures as diverse as the African Masai, Native Americans, Greek and Russian Orthodoxy, as well as the religious rituals of Islam, Hinduism, Christianity, and Buddhism. But prayer is highly personal. By infusing prayer beads with personal associations, we can keep our spirituality fresh. The beads are a device to help build and rebuild meaningful ritual in our lives. With myriad ideas about what makes objects sacred and where to find sacred objects -- from the personal, perhaps beads from a grandmother's broken rosary, to the unusual, maybe seashells from far away found in a thrift store -- *A String and a Prayer* offers many suggestions for different ways that beads can be made and used, exploring the creative roles they can play in our relationships, ceremonies, and rituals. "You are the expert, trust yourself. Let the instructions be a guide to your own creativity," write the authors.

*A Pattern of Prayer* is a guide to prayer based on the daily, weekly, and occasional prayers of an intentional, ecumenical, Christian community called Grace and Main Fellowship in Danville, Virginia. It's designed to cultivate a rhythm to the life of prayer either in groups or by individuals. Providing a structure for morning, midday, evening, and night prayer, it is an excellent devotional aid that also allows the reader, or readers, to pray along with others wherever they may be. Also included are some of the prayers and blessings used in the work of the community, as well as the community's "identity statements" or "little rule." To make use of the prayerbook, all you'll need, in addition to the book, is a Bible.

*Prayer: Our Deepest Longing* looks at the issues facing people of faith in today's culture, and offers a way of more effectively dealing with them by seeking out opportunities for prayer. With simple, down-to-earth language, Rolheiser illustrates the importance of prayer and offers techniques on how to pray, using examples from daily life, Scripture, and contemporary writers. He delves into the places that we fear to go with our issues about prayer, encouraging us with gentle kindness and words of hope and inspiration. The book is divided into five sections. 1. *Why Pray?* Illustrates the purposes and benefits of prayer for ourselves, as well as for the broader Catholic community and even the world. 2. *Why Is It so Hard?* Notes how our contemporary culture conspires against taking time out for solitude and prayer, and how our own ego—with its fears, restlessness, and narcissism—can work against developing a deeper relationship with God through prayer. 3. *What Is Prayer?* Outlines the two basic types of prayer, that is, affective (personal) and priestly (for the world). This section also notes the many ways or methods for each type of prayer, such as meditation, contemplation, the divine office, the Mass, and Scripture. 4. *Sticking with It When It Gets Hard.* This section covers the development of mature prayer, discussing ways to pray in times of boredom, disillusionment, crisis, helplessness, or after a loved one's death. 5. *Mysticism.* Here we learn about this increasingly popular form of intimate relationship with God. There will be a

leader's guide for this book, making it an ideal resource for use with prayer groups, small faith communities, and retreats. This is a book for all manner of believer, whether your faith is solidly rooted in Catholicism, wavering between the Christianity of childhood and non-participatory faith as an adult, or just not sure what you believe—or whether you believe at all. It addresses topics that typify our culture, such as narcissism, pragmatism, efficiency, and self-gratification, and that work against a healthy spiritual life. Finally, the book takes us to a place of contact and comfort, in relationship not only with God but with our true selves as well.

Many people agree that prayer is a central feature of spiritual life. But what is prayer? *Scientific and Pastoral Perspectives on Intercessory Prayer: An Exchange Between Larry Dossey, MD, and Health Care Chaplains* explores common questions and concerns about intercessory prayer, or the act of praying for the benefit of others, from several different points of view. Chaplains, priests, ministers, and clergy in the health care profession will learn how prayer is examined from sources other than traditional Christian views, such as parapsychology. From *Scientific and Pastoral Perspectives on Intercessory Prayer*, you will learn what prayer means to some chaplains and to their ministry and how prayer can make drastic changes in the lives of your parishioners, patients, and their families. Written by eight chaplains, the articles in this text are in response to an essay by Larry Dossey, a nationally known physician who speaks and writes about prayer. The contributors to *Scientific and Pastoral Perspectives on Intercessory Prayer* discuss his points of view on intercessory prayer, which are based on quantum physics. You will learn if this area of physics can make a difference in how you practice your faith, how you worship, and what you think about or expect from prayer. *Scientific and Pastoral Perspectives on Intercessory Prayer* examines several other topics related to prayer, including: discovering whether or not intercessory prayer is truly different from other methods of meditation exploring the relationship between intercessory prayer and meditative or praise prayer linking prayers and their results to the expectations or intentions of those who engage in them differentiating between an intercession and a wish deciding for yourself what constitutes evidence or proof when discussing the aspects of prayer how our opinion of prayer relates to how we think about the universe and about God Since *Scientific and Pastoral Perspectives on Intercessory Prayer* focuses on the cooperation between science and theology, you will discover that, in many instances, people believe that the power of prayer should be taken seriously. This text also shows you how the questions and functions of prayer are shared by everyone, despite religious differences or methods of praying. Encompassing research and personal experiences, *Scientific and Pastoral Perspectives on Intercessory Prayer* will help you answer questions about religion and its role in the lives of parishioners, patients, and clergy, as well as provide you with evidence to the positive and healing power of prayer.

Universally, the power of prayer has been recognized by many cultures for immeasurable time. Whether it be a part of a formal service recited with a congregation of worshipers or an individual, quiet moment, prayer is part of the lives of people from a variety of religions. There seems to be an innate urge among humanity to connect with a higher source of energy and love when we need guidance or direction, and this is called prayer. By reading the prayers from religions such as Buddhism, Hinduism, Christianity, and Islam, from cultures in Africa, India, Egypt, and China, we begin to share the sense of a common experience. The deepest inner feelings and longings are similar—concern for family, assistance in healing, a longing for peace, or a wish for greater wisdom. For some people, prayer can be thought of as a way to ask for specific goals or special favors. This type of prayer may or may not be effective. Another type of prayer exists when all selfish desire is put aside and we feel ourselves in communion with God. At this point, our greatest wish is that God's will be done. There may be pressing concerns that make us turn our sights upward, but we learn to let go of the end result. At this point, prayer becomes a way of opening up to the universal, loving, creative energy that exists and is far greater than any person could imagine. This is the source of miracles, of faith and unconditional love. Prayer then becomes more than a means to an end; it becomes a state of humility and of awe. It can exist whether we are washing the floor or composing a symphony. Prayer is communion with the Divine, a universal loving creative force that exists in a variety of ways for people around the world. This book brings together an inspirational collection of prayer suitable for all ages and traditions. In addition, it offers insight and guidance about the nature of prayer that will be useful for the serious seeker.

The power of prayer is amazing! And it simply starts with having a conversation with an entity that you perceive as greater than yourself. With this eBook, I hope you come to find that praying ... really doesn't have to be complicated. In conversing with a higher power, which for me I call God, you may find that you can see there are more possibilities than anything you can perceive of. Too, that prayer helps you recognize that you are never alone. And there aren't really any hard and fast rules to doing it. A quick but powerful read, this eBook is for the seasoned person who already is familiar with the idea of praying ... people who have considered praying but weren't really sure about it ... and everyone in between!

The contents of this message upon prayer should be read alike by preacher and teacher, evangelist and intercessor. Its pages contain an appeal to every "worker together with Christ," and stimulate the desire for prayer in the varied relationships of Christian life. The appeal deserves a wide circulation amongst members of Prayer Circles and Prayer Unions, and, indeed, amongst all who are looking for a revival of true religion in our land, and an exodus of ambassadors for Christ to heathen and Moslem populations. -- Albert A. Head.

This simple little book from a great spiritual giant attends to what we human beings are most inclined to forget: preparing for and engaging in prayer. It is an examination of what we ourselves must bring to the discipline of prayer--whatever form it takes--in order to make prayer authentic and real, a deep and profound part of our lives. None of the brief reflections in this book are ever finished, ever closed, ever fully resolved. They are all ongoing steps along the way, steps we retrace over and over again as we do all the other parts of life, until they become the very breath we breathe, the vision and energy of our souls.

"Power Prayer" is the first book to show readers how to use prayer as a practical tool that can make a difference--whether in their own lives or the lives of others.

Tapping is an activity that many of us engage in everyday without even thinking about what we are doing. We drum our fingers on a desk or table while we wait for something to happen. We tap our forehead while we are figuring out a problem. We stroke our chin or rub our head as

we contemplate the issues of the day. Each of these acts is our body's clumsy way of attending to a need for peace or resolution. Tapping prayer is a spiritual practice that intentionally focuses our attention on the rhythmic movement of our finger tips. It directs the energy of God's healing onto specific points on our body that through the practice of acupuncture and reiki, have shown to be conduits of healing. Tapping prayer is the most exciting addition to my spiritual tool belt in 25 years of ministry. It's fun and effective and easy to administer alone, one on one, or in a group. It is very flexible...and did I mention, effective? Tapping prayer is effective in bringing individuals into a one on one relationship with God that creates peace, healing, and a desire to share those gifts with other individuals, communities, and Creation. Tapping prayer is an integration of sacred wisdom from the East and West. It is a spiritual practice that blends a knowledge of the Spirit's movement through our body with an understanding of meridian tapping based on the Emotional Freedom Technique created by Gary Craig. Tapping prayer brings balance and peace to individuals who are experiencing spiritual distress. By gently tapping on identified points of entry for the Holy which correspond to meridian end points in acupuncture, while praying for God to attend to a particular pain, we focus God's intention to heal and in most cases actually experience a peace which is not of our own doing. By acknowledging pain instead of wishing for relief, we recognize God's interest to heal us and indeed, God heals us. This technique can be used for individuals who are seeking peace from a wide variety of issues ranging from: trauma such as a car accident, an abusive parent, a friend killed in battle, a sudden illness, a job loss, a fire, a damaged relationship. Tapping prayer can also facilitate forgiveness and/or letting go. Tapping prayer is effective in praying for others (surrogate prayer tapping focused on an individual who is not present to the prayer tapping), for events (9/11, Sandy Hook, a company leaving a community), or Creation (an oil spill, deforestation, strip mining). Wherever there is a disruption to the peaceful flow of the Holy Spirit, tapping prayer can be applied. When I first learned about the Emotional Freedom Technique as a tool to help veterans in our community, I thought it was weird. The tapping. The repetition. It seemed...odd. This was not how I understood healing from trauma to work, and yet it worked. Clearly, my Western roots were showing. When I got home from the training I began using the technique with members of my community and saw such dramatic results I had to learn more. They also found it strange, but effective. Some folks were uncomfortable with the language of "energies" and "chi," so I experimented a bit and added more traditional faith language to the mix. I dug deeply into my own faith traditions and discovered a theology of healing that accompanied tapping prayer. I found that by invoking God's presence into the act of tapping, people from varying faith experiences were able to connect to the Holy on a deeper level. They began to experience God as very real and very present in their lives. They asked to learn more about this new way of praying. They discovered that by using tapping prayer on a wide variety of issues, their relationship with God grew deeper. If you are ready to draw closer to God's healing love for you, please take responsibility for your participation in tapping prayer, and let's pray! --Todd Farnsworth

Prayer is the key to tapping into the healing energy of the Divine. Yet for many people, prayer has been reduced to a rote practice that has lost its basic meaning and efficacy. In his long-awaited first book for an ecumenical readership, internationally renowned spiritual healer Ron Roth teaches his unique approach to prayer as energy medicine. The Healing Path of Prayer explains in detail the connection between healing, faith, and prayer. Roth shows you how to find your own path to prayer in a way that connects with God's healing energy. As Roth explains, you can use this energy not only for physical healing but also, perhaps more significantly, for healing emotional and spiritual wounds that may be at the root of physical maladies. The Healing Path of Prayer gives you specific guidance in setting up a daily healing prayer practice. Through a series of simple but effective exercises and rituals, Roth shows you how to celebrate your own sacraments and become a mystic in the course of your everyday life. Each chapter offers a new, higher level of prayer, enabling you to acquire more advanced techniques of focus, intention, and insight. As Roth revitalizes many tired, traditional prayers with his fresh and inspiring reinterpretations from original scripture, he also recounts the dramatic story of when he discovered his healing abilities, as well as true cases of healing in which he has participated. The Healing Path of Prayer is a blueprint for a truly democratic spirituality. Roth's instruction on how to pray and establish a daily practice of meditation will lead readers into a vital path of everyday mysticism and personal power.

"'Can't anyone teach me how to pray?'" Millions of people today are asking the same question. There is a sense of the necessity of prayer - we have to pray. But how?' Prayer is central to Christian faith; indeed, as Timothy Keller notes in his introduction, it is the main way we experience deep change. Yet so many people struggle with prayer - a struggle that the author himself has shared. This wise and inspiring book is the fruit of those struggles, offering a real and glorious vision of what it can mean to seek God in prayer. Keller begins by giving a theological underpinning of what prayer actually is - both conversation and encounter with a personal God - before describing how we can learn to pray, and then deepen that prayer. Finally he gives detailed, practical suggestions on how to make prayer a part of the reality of daily life.

For more than two decades, internationally renowned pioneer in energy medicine Caroline Myss has been studying how people use their personal power. Through her special brand of spiritual insight and intuition, her popular workshops, and her bestselling books, Myss has helped hundreds of thousands of people meet the lifelong challenge of managing their spiritual energy and improving their lives. Now, in this inspiring new book, Myss expands her message about power in an entirely new spiritual direction. With characteristic originality, she explains how we become channels for divine grace and a conduit for miracles through kind, compassionate, generous actions, or, as she calls them, invisible acts of power. When we act compassionately, without a private agenda or expectation of credit or reward, God works invisibly, anonymously through us. And as we move from visible acts, such as giving a friend a helping hand, to invisible acts, such as prayer and healing, we undergo a profound journey of personal empowerment. The myriad simple but profound ways that people connect to create small miracles, gain a greater sense of spirituality, and transform their own -- and others' -- lives in an instant will inspire you to your own invisible

acts of power...and attract them to you.

This little jewel of a book by the most famous occultist of the last half-century was written later in his life. It contains a distillation of both esoteric doctrine and scientific methodology. Additional essays by students and friends of Dr Regardie make this an invaluable compilation of mind/body magical teachings. Dr Regardie describes the need for this book, and the value of the techniques he offers here, in the following words: In the course of my professional life, what struck me vividly was that when people were enabled to shuffle off the unconscious armour of gross muscular tension, thus achieving a never-before-experienced delight and pleasure in the relaxation of psyche and soma, entirely new attitudes towards religion and prayer spontaneously developed. They needed no orientation, no preparation, no coaching. It was just there. And a whole new life of fervor, inspiration and prayer made its appearance. Not prayer in the conventional institutionalised form, but an intimacy with Life and Love that was intense, devout, springing from wells deep within the psyche. This is the voice of the mature Israel Regardie, distilling the knowledge of a lifetime devoted to the study and practice of Magic, Natural Healing, and Psychology. It has been enhanced with original essays on the Philosophy and Technique of Active Prayer by Christopher S. Hyatt, Ph.D.; The Middle Pillar as a Group Working by James Wasserman; a Qabalistic analysis of The Sacred Ritual of the Pentagram by AIMA, and A Pentagram Exercise by Lon Milo DuQuette.
