And if she does, will it be enough to make a positive difference? Life isn't meant to be easy, but are there rewards for the brave at the end? While Angelle's story is fictional, the perspective taken on the social and political movements of the 2000s and 2010s are inspired by real life accounts, and represent the very real perceptions of real people living today.

Diamonds are ForeverThe Complete Trilogy (Books 1, 2 & 3)

A DARK MAFIA ROMANCE Girls like me, we know how to survive. We each have our own little ways, but we acquire those skills at the same tender age. If you ask me how many times a person can die, I'll tell you many times. As many times as a man stabs you in the stomach with betrayal and wrings out your heart with lies. Girls like me, we live. We don't get a choice. We step over the cliff and fall. Eat, sleep, die, and repeat. * Diamonds in the Rough is Book 2 of the Diamonds are Forever trilogy and ends on a cliffhanger. Diamonds in the Dust (Book 1) must be read first to follow the story. Diamonds are Forever (Book 3) concludes the story. Other novels in the Diamond Magnate collection: Standalone Novel Beauty in the Broken Diamonds are Forever Trilogy Diamonds in the Dust (Book 1) Diamonds in the Rough (Book 2) Diamonds are Forever (Book 3) Wonder about the world of our great-great-grandchildren? Who will survive? This is the fourth episode of FOREVER YOUNG, a climate fiction/hard

science fiction novel in 4 episodes set 200 years from now. Life on earth is headed for extinction and society is divided between the ultra-rich and the rest who suffer the full onslaught of climate change and pollution. Part One explores the costly Age Prevention Programme (APP) and what it means to belong to it...or remain outside – for Alice, a lovely Swiss nurse, for ambitious Lizzie, a talented golf player, the descendant of the mythical Tiger Woods, and for adventurous Jamie, a brilliant reporter for the World and US Post. Part Two, "The Immortality Trip" is the name given to the project to transport a contingent of One Percenters to the nearest liveable exoplanet and settle it. Will Jamie, Lizzie and Alice be able to board that trip? Part Three, "The Hibernation party" introduces the other option opened to One Percenters to survive extinction: take refuge on Antarctica, the last virgin continent. Jamie discovers the dangers of this option when Gary Trude, the head of the Hibernation Party, a despot with Hitler's dangerous ambitions, threatens him and his friends. Can they escape from Gary Trude? Part Four, "The Longevity Gene" introduces yet another twist in this tormented future world: can a gene make a difference for survival of the human race and why is Gary Trude focused on it? Meanwhile our friends are set to fly to the 'Forever Planet', but will they all make it? The novel - classified as both a "hard" science fiction and a

climate fiction novel - interweaves several plot lines. The first chronicles the love triangle between Alice, Lizzie, and Jamie. The second covers the only two options left to save humanity, both reserved to One Percenters: one, escape to another pristine planet, a thousand light years away; the other, retreat to Antarctica, the last virgin continent. A ruthless rivalry develops between those who aim to stay on Earth and those bent on escaping to another world. The third follows the murderous attempts of one determined 99 Percenter, Ernie, a retired Blue Beret who is hell-bent on carving a place for himself in the Age Prevention Program. NOTE TO THE READER: This book follows the model of serialized novels, like Hugh Howey's best-selling WOOL , and is published in four separate parts, each self-standing. It is however preferable to read them in order as follows: Part One: Gateway to Forever Part Two: The Immortality Trip Part Three: The Hibernation Party Part Four: The Longevity Gene The omnibus edition, containing all four parts, is also available.

The Trilogy: The Guardian, Vendetta, and Revelation is a 3-book collection (over 165k words/650 pages). Bonus Material includes an Interview with Katie Klein, and "In the Beginning," a re-telling of Carter and Genesis's car accident from Seth's point of view. The Guardian Synopsis: Seventeen-year-old Genesis Green is living anything but a charmed life. As far back as she can remember, she and her mother have been bouncing from town to town, struggling to survive on Ramen noodles and minimum wage. Late one evening, Genesis and her boyfriend are in a car accident. Carter's SUV rolls, and Genesis finds herself injured, lying on the pavement. Just before she slips into the darkness an

unfamiliar voice calls out to her, promising everything will be fine. His name is Seth, and he's the Guardian assigned to protect her. When Genesis begins having bizarre visions, the Guardians believe she could be useful to them. To Seth, this means stepping into the middle of an epic battle between angels and demons. Even with supernatural protection, there's no guarantee he can keep Genesis safe, something that's becoming more important to him by the day. The line between reality and the celestial becomes so blurred that Genesis can't decide who's real and who's otherworldly, and worse: who's good and who's evil.

Vendetta Synopsis: After the tragic death of a friend at the hands of demons, Genesis Green moves into the pool house on ex-boyfriend Carter's estate. Still under the watchful eye of Seth, her Guardian, she lives and breathes a single purpose: Vengeance. When the Guardian Council discovers Genesis is serious about taking Viola out of this world, they send Mara, a warrior, to help prepare her for her greatest, final battle. Though she's growing stronger by the day, her visions are becoming increasingly unreliable. When a single act threatens to separate Genesis from Seth forever, she'll face the most painful decision yet to save the Guardian she loves.

A serial killer. An elaborate game of death. Who's ready to play? Russian Hill A killer is loose in San Francisco, and he's collecting body parts. The more Agent Abby Kane digs, the more she begins to think the killer is playing an elaborate game and there's an audience cheering him on. But to catch the monster, she'll have to join in his twisted game.

Lumpini Park Agent Abby Kane finds herself in Bangkok hunting the man behind the sadistic gameplay the only way she knows how: by playing the game and moving up the bloody leaderboard herself. Coit Tower The hunt continues only this time Agent Abby Kane is the sole attraction in a bloody game designed for one reason: to take lives. Deliver her head and collect the \$10 million bounty. This box set contains books 3, 4, and 5 in the Abby Kane FBI thriller series. It is also a complete trilogy. What readers are saying: ????? This very inventive plot grabs you and doesn't let go. ????? The sheer

audacity of the motive for the murders is ingenious. The thrills and suspense right up to the very last page are incredible. The characters, the plot, and the horrific game are all twisted together for an engrossing read. Russian Hill has a surprise left after you think the story is over. This is a story without a brake pedal. Once you think the mystery is solved the action kicks off into a whole new gear. Great brain teaser. The characters were fascinating and the plot, while terrifying, was very believable. Surprisingly fresh and the main character is a departure from the typical FBI suit. The brilliance behind the words is pure genius. I love the idea of Chasing Chinatown. The suspense is intense even when you think you know what will happen next. Wildly entertaining. One of the best law enforcement novels I have read recently. This could make a great FBI thriller movie, or better yet, a mini TV series. Hutchinson's writing style reminds me of James Patterson. A compulsive, gripping thriller full of high-energy twists and turns. Grab this fast-moving, action-packed trilogy.
