This book argues for a new approach to combat stress and trauma that sees these “invisible wounds of war” not just as individual medical pathologies but as social phenomena demanding a collective reconciliation with the post-9/11 wars.

The 1991 abduction and murder of thirteen-year-old Heather Dawn Church baffled police for three agonizing years, and became one of the most infamous murders the quiet and scenic city of Colorado Springs had ever seen. It was legendary homicide detective Lou Smit who finally broke the case, sending Robert Charles Browne, a forty-three-year-old Louisiana drifter and career criminal, to prison for life. But the savage saga of Robert Browne did not end there. In 2000, Smit, now retired, joined forces with Charlie Hess, an ex-FBI agent and former CIA operative, to reexamine the cold-case murder files of the local Sheriff's Department. With the addition of amateur forensics buff Scott Fischer, the Apple Dumpling Gang was born. As their volunteer work continued, Smit, Hess, and Fischer came upon a taunting letter written by Browne, hinting that the death of Heather Church was only the tip of the iceberg. What other law enforcement officials had simply ignored, the Apple Dumpling Gang took on with single-minded determination. Charlie Hess began a correspondence with Browne in which, over the course of dozens of letters, the killer teasingly spun out the details of a horrific killing spree spread over thirty years and nine states. The tally, according to Browne: forty-nine deaths, making him one of the most prolific serial murderers in the annals of American crime. Hess's unique insight into criminal psychology, honed over his years developing informants and working as a polygraph operator, made him uniquely suited to match wits with the cagey and canny killer. But Browne was every bit the retired cop's equal: quickwitted, mercurial, and charismatic, with a penchant for riddles and a lifetime full of grisly secrets. A riveting account of the complex and chilling cat-and-mouse game Hess and Browne played over five years, Hello Charlie details Browne's bloody swath of murder -- by strangulation, poisoning, and dismemberment -- even as it explores the special bond forged between the cop and the killer, allowing Hess unprecedented access into the mind of a remorseless psychopath. As compulsively readable as any crime novel, Hello Charlie picks up where The Silence of the Lambs left off, with the incredible true story of one man's search for justice with a murderer as his guide.

Reveals the US military’s “don’t ask, don’t tell” approach to extremists in its ranks. Since the launch of the Afghanistan and Iraq wars—now the longest wars in American history—the US military has struggled to recruit troops. It has responded, as Matt Kennard’s explosive investigative report makes clear, by opening its doors to neo-Nazis, white supremacists, gang members, criminals of all stripes, the overweight, and the mentally ill. Based on several years of reporting, Irregular Army includes extensive interviews with extremist veterans and leaders of far-right hate groups—who spoke openly of their eagerness to have their followers acquire military training for a coming domestic race war. As a report commissioned by the Department of Defense itself put it, “Effectively, the military has a ‘don’t ask, don’t tell’ policy pertaining to extremism.” Irregular Army connects some of the War on Terror’s worst crimes to this opening-up of the US military. With millions of veterans now back in the US and domestic extremism on the rise, Kennard’s book is a stark warning about potential dangers facing Americans—from their own soldiers.

Fiction. "Without words no objects without objects no words without the word as object without the object as word as the word is object is word. Virevolter--the thing turns on itself, and in the turning, turns. Stephanie Taylor's CHOP CHOP is the chronicle of an exhibition and the exhibition of a chronicle. It is a book. It is a demonstration. It is an aggregation that cannot exist other than it is, though as it is is entirely capable of transformation"--Vanessa Place.

EBONY is the flagship magazine of Johnson Publishing. Founded in 1945 by John H. Johnson, it still maintains the highest global circulation of any African American-focused magazine.

The alternative life raft in a sea of similarity, VideoHound competes on content, categories, and indexing, but the dramatic difference is the attitude. Irreverent, slightly tongue-in-cheek, the Hound never takes himself too seriously. The 1997 edition, fully expanded and updated with 1,000 new entries, provides information and opinions on 22,000-plus videos--more than any other guide on the market--including documentaties, made-for-TV movies, and animated features. Includes Web site entertainment directory.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.
