It's 1972 in the industrial city of Xiangtan, China. A frail child with a heart condition sneaks into a hotel boiler room and befriends the elderly yet vibrant attendant, who eventually reveals his true identity as a revered Qigong master. He heals the boy and, for the next 13 years, secretly teaches him the keys to unlocking the spiritual and healing dimensions of the Life Force. It sounds like a modern-day fable, but the story is true. And with *The Master Key*, that grateful student, Robert Peng, invites all of us to enter the next chapter of this empowering path. Here, Master Peng brings together the unique insights of his teacher with the moving account of his own journey to inspire and guide us into:

- A five-minute exercise to directly experience the reality of Qi energy
- Awakening the body's three Dantian centers
- The Four Golden Wheels practices for strengthening your Qi reservoirs
- The discovery of your True Self through Qigong's tools of self-inquiry
- Empowering your relationships and sexual intimacy
- Entering the sea of compassion and happiness, and much more

keepers, the medicine men and women of the Americas. The Insights state that all creation humans, whales, and even stars is made from light manifest through the power of intention. The Earth keepers mastered the Insights, and used them to heal disease, eliminate emotional suffering, and even grow new bodies that age and heal differently. Mastery of the Insights allows you to reinform your DNA and participate consciously in your biological, emotional, and spiritual evolution. According to the prophecies of the Maya, Hopi, and In ka Earth keepers, we're at a turning point in human history, when a new species of human will give birth to itself. We're going to take a quantum leap into what we're becoming and will no longer be Homo sapiens but Homo luminouos. Of course, angels are real! Maverick giggled to Nora over twenty years ago. She played with the baby, danced with Kat, and was very patient with Rant as she/he cursed in a fury within Noras psyche. Twenty years ago, these parts presences were known but didnt reveal themselves to the outer world of psychiatry or fully to Nora because they were misinterpreted as symptoms of schizo-affective disorder, depression, bipolar disorder, delusions,

hallucinations, and psychosis. So they went back in Noras mind and waited patiently to be heard.

Patience ended in 2010 when Rant exploded and took hold of the steering wheel, literally. Looking in the Mirror Out is Noras experience as her parts reveal themselves, uncensored, raw, and exhaustedly, as she and they get to know each other and work together in Noras inner and outer worlds. Their experiences are unique, yet, encompass surprisingly common themes with anyone living in todays world.

Have you ever wondered about life and Creation? Is there life after death? Why do we have to go through these trials and tribulations? Why do we have thoughts and dreams that run from the sublime to those that are nightmarish and bizarre? Why do goodness and evil go hand in hand in life ... or do they? The answers to these questions and more are brought to light by author and spiritual teacher Sylvia Browne. She once again shares her psychic gifts and years of research in order to enlighten us and give us more insights into God and the realities of life. This time she tackles the structure of Creation by showing us that there is purpose and order in our sometimes seemingly chaotic world and existence. She outlines the structural levels of Creation of not only life as we know it; but the reality of the afterlife and the heretofore-unexplored structure of the Lower Levels of Creation. From the beautiful and perfect life of the Other Side to the wondrous, weird, and strange Lower Levels, to the everyday intricacies of life on this planet, Sylvia takes us on another journey of exploration and truth.

shaman—powers that have usually been ascribed to Eastern masters of traditional shamans. It is about the quest for "lost knowledge" and the powers that Christ himself once promised. Within these pages we learn about the "Path of Return" to our wondrous Earth as a means by which we can reclaim our original soul powers. *Soul on Fire* is an inspirational guide and must-read for long-time seekers and those just beginning their journey alike. It may just be in a genre of its own. At a time when old modalities no longer seem to be working for many people, the stories in this book reveal a different way of thinking, feeling, and being. You won't be able to read this book and still perceive the world in the same way.

*The Untouchable Tree* is about our connection to the magnificence, the transcendence, and the essential nature of trees. Throughout human history, they have served as shelter and as symbol. And today, more than ever, our destiny is tied to theirs. The book weaves together prose, poetry, and art in a unique exploration of our relationship with these plants, from the billowy yet delicate black cherry to the majestic white oak. Each painting subtly points to a range of historical mythological symbols, reminding us of the "untouchable," the sacred, within each of us.

Over more than twenty years as a mediator, Aaron T. Wolf has learned that successful conflict resolution is shaped by complicated dynamics--from how comfortable the meeting room is to the participants' deepest senses of self. Bridging seemingly intractable issues means addressing multiple layers of needs. Wolf's approach may be surprising to Westerners who are accustomed to separating rationality from spirituality and science from religion. *The Spirit of Dialogue* draws lessons from a diversity of faith traditions to transform conflict, from identifying the root cause of anger to aligning with an energy beyond oneself--what Christians call

‘In January 2009, something very special happened to me that completely changed the course of my life and myself as a person. After a series of strange events, a Being of Light appeared and rescued me from the midst of some very dark, grotesque, threatening, red-eyed beings. At that time, I didn't know what was going on or who these spirits were. After a few incredible visions and spiritual experiences, I started to develop an inner eye and acquired some abilities that enabled me to free my soul and go soul travelling. I was still scratching the surface of this new existence; I didn't know the meaning or why all of this was happening to me. Soon, I started to feel very hungry for knowledge; I wanted and needed to know more.’ This is the story of Benedetto Daniele Fiorista, who was inspired by a spiritual existence one day to change the way he lived. He started to read books on the subject and realised he was being put under initiation – which lead him to take a journey, which many refer to as the ‘journey of the spiritual warrior’. ‘After many tests and events, my soul started to call out for deliverance. By this time, I found myself absorbed in hours of meditation every day. I was trying to empower myself by using what I had learnt during my searches and studies.’ In *Bring to the Light*, Benedetto tells his story, the stages of this spiritual process and their difficulties and rewards. It will appeal to fans of spiritual books and those both searching for answers and questioning the reasons for their existence. ‘In the past two and half years, I have searched and I have found. I feel that to share this with the outer world is part of my growth.’ This book focuses on older people as makers of meaning and insight, highlighting the ways older people form part of social

and symbolic landscapes and the types of wisdom they can offer.

Based on the lives of 28 well-known management academics, this book describes what it means to be an intellectual shaman.

Today our minds, our emotions, our relationships, and our bodies are out of kilter. We know it, but we tend to ignore it until something brings us up short – a worrying diagnosis, a broken relationship, or simply an inability to function harmoniously in everyday life. When things are a little off, we read a self-help book. When they're really bad, we bring in oncologists to address cancer, neurologists to repair the brain, psychologists to help us understand our family of origin. But this fragmented approach to health is merely a stopgap. To truly heal, we need to return to the original recipe for wellness discovered by shamans millennia ago: One Spirit Medicine. Through One Spirit Medicine, the shamans found that they could grow a new body that allowed them to live in extraordinary health. They learned how to switch off the "death clock" inside every cell, and turn on the "immortality" genes that reside in password-protected regions of our DNA. Cancer, dementia, and heart disease were rare. The shamans of old were truly masters of prevention. Drawing on more than 25 years of experience as a medical anthropologist – as well as his own journey back from the edge of death – acclaimed shamanic teacher Alberto Villoldo shows you how to detoxify the brain and gut with superfoods; techniques for working with our luminous energy fields to heal your body; and follow the ancient path of the medicine wheel to shed disempowering stories from the past and pave the way for rebirth. Using the principles and practices in this book, you can feel better in a few days, begin to clear your mind and heal your brain in a week, and in six weeks be on your way to a new body – one that heals rapidly, retains its youthful

vitality, and keeps you connected to Spirit, to the earth, and to a renewed sense of purpose in your life.

‘Human evolution has now arrived at a decisive crossroads. The future of humankind on Earth depends on whether people recognize their determining role in the evolution of the consciousness of Earth.’ – Marko Poga?nik  
Humanity today faces a unique task: to overcome the thousand-year-old division between heaven and earth, spirit and matter. This, says Marko Poga?nik, is our present-day challenge. But we have an important ally in this work in the being of Jesus, also known as Christ, whose teachings are intended to help us at this critical time of human development.

Historically, however, Jesus’ words of wisdom were harnessed to the construction of an earthly religion, and much of their deeper meaning was lost in the process. Christ Power and Earth Wisdom is the story of the author’s discovery of a ‘Fifth Gospel’, woven invisibly into the four canonical Gospels. It teaches humanity how to live positively in the third millennium. Bringing together knowledge of elemental beings, Earth science and Christ, the author has translated over one hundred of Jesus’ sayings into a language that the modern mind can understand. He identifies blockages in the Biblical gospels that have prevented the Spirit of Christ from manifesting in the past era. But the time is now ripe for understanding the multilayered reality of these teachings. Based on methods of investigation and perception that Poga?nik has developed over many decades of work in healing the various dimensions of Earth’s landscape and nature, he deciphers the hidden, holistic messages

in Christ's teachings, dismantling the obstacles that have arisen through outdated interpretations. The text is complemented with Pogacnik's energetically-charged drawings, forming a feeling counterpart to the thought flow of the book. A new Postscript offers an important update relating to methods of gaining a broader, spiritual perception of reality in the present.

The collapse of industrial civilization is rapidly unfolding and offers us an opportunity far beyond mere survival, even as it renders absurd any attempts to "fix" or prevent the end of the world as we have known it. Sacred Demise is about the transformation of human consciousness and the emergence of a new paradigm as a result discovering our purpose in the collapse process, thereby coming home to our ultimate place in the universe. Our willingness to consciously embark on the journey with openness and uncertainty may be advantageous for engendering a quantum evolutionary leap for our species and for the earth community. "We face an awesome internal transition that will take us into very unfamiliar territory and will call upon our deeper resources. Carolyn Baker's Sacred Demise is a courageous, wise, and compassionate guide for us all through this inner journey." Michael Brownlee, Co-founder, Transition Boulder County "Carolyn speaks with a confidence that never flinches from entering into the hardest truths of our times, or from the most difficult truths about the culture we are immersed in, so that we might emerge from the chrysalis of global crisis with open hearts and a renewed way of living on Earth together."--Juan Santos, Fourth World Blogspot

or friend, the birth of a child, or a serious health crisis. True initiation is empowered by facing personal challenges and experiencing the spiritual rebirth—or illumination—that follows. Unifying this book is the sacred process of transforming toxic emotions into sources of power and grace. The Illumination Process shows us how to bid a joyful good-bye to the people and places we have met, discovering a sacred space where the spirit inhabits, uniting the body and soul. When we learn to let go from difficult situations and problems, to accept our lives as they are, we can begin to identify with a self that is eternal. Recounting his own experiences, tracing the mythologies of an array of cultures, and expanding his inquiry into the field of neurobiology, best-selling author Alberto Villoldo shows readers how they can benefit from these sacred practices.

The Heart of the Shaman will take you on a journey into the sacred world of the shaman, through stories, dreams, and ancient rites. In his latest book, Alberto Villoldo sets his focus on the dreaming and time-travel practices of the medicine men and women of the Andes and Amazon, whose wisdom radically changed his worldview. Villoldo shares some of their time-honored teachings that emphasize the sacred dream an ephemeral, yet powerful vision that has the potential to guide us to our purpose and show us our place in the universe. The practices in this book will help you forge a sacred dream for yourself. They will help you craft a destiny infused with courage, and driven by vision. You'll be invited to follow the footsteps of the luminous warrior and learn how to break out of the three nightmares

surrounding love, death, and safety that have held you captive, and transform them into the experience of timeless freedom, known as the Primordial Light. This creative power exercised by shamans will lead you to create beauty and healing, and dream a new world into being. When you transform these dreams and accept that life is ever changing, that your mortality is a given, and that no one except you can free you from fear--the chaos in your life turns to order, and beauty prevails. "Wake up from the slumber you are living in, and dream with your eyes open so that all the possibilities of the future are available to you."

Healing is a choice. This is the continuing key lesson learned by Mike Pestano from his journey of transformation. A lesson instilled in him by his spiritual mentors Radhaa Nilia of Goddess Code Academy and Maya The Shaman. When he was diagnosed with a rare and incurable autoimmune condition in 2014 after two hospitalizations in California and in Canada he had two options. The word fear has two meanings: Forget everything and run or face everything and rise. In this book you will learn how he overcame this incurable condition naturally and without the help of man-made drugs. It is a story about faith, hope, courage, and a continued evolution of mind, body, and spirit that leads to an incredible discovery. We place our fate too many times in the hands of others that adhere to only one mindset of healing. In this book you will learn further the natural and unique healing protocols Mike developed integrating nutrition, exercise programs, mindset programming, energy healing, and spiritual nourishment

that healed the incurable autoimmune condition that scarred his liver, bile ducts, and kidneys. This is a continuation of a journey that began in 2011 when Mike reversed type 2 diabetes and battled obesity successfully by losing 107 pounds in 16 months. He discovered that through the initial experience of undergoing that first transformation it prepared him to face the ultimate battle for his life and his soul. The lessons he learned and the healing protocols he developed are all outlined in this book. It is a book that delves deep into the shadows of our humanity. The ones that we tend to disregard and cast aside because we perceive that to have flaws, insecurities, guilt, shame, failures, and mistakes is not a part of being human. These attributes that he learns to accept are ultimately what propels his self-healing. The answers to all of life's questions about existence and purpose come to Mike on this journey of healing from 2013 to 2016. When we embrace our shadows and integrate it into our whole being we are complete. The timeless lessons he learned from his spiritual mentors became his foundation as he implemented them all to save his life. Now this story can be told and shared to the world with confidence, love, and gratitude.

Spiritual Health and Healing means using spiritual concepts of different traditions to reveal the true purpose of life. As human beings, we live in the world with a sense of duty and responsibility to society, and at the same time we experience the ultimate spiritual beings within our physical bodies. One of the pioneers in the areas of energy healing and shamanism recounts twelve stories of miraculous healings; twelve stories in which, through the use of shamanic energetic techniques, people experience extraordinary physical and emotional healings. Meet a dancer who could barely walk until a series of sessions with Villoldo, a business woman who is freed from headaches and discovers the benefits of an integrated interior life, and a young woman who confronts her past and recovers from crippling depression. Each of these stories is rooted in Villoldo's experience as a healer, a traditional mental health professional, and a devotee of indigenous wisdom and lore from around the world. Having devoted 25 years of study to the healing practices of the Amazon and Andean shamans, Alberto Villoldo, PhD, is teaching people how to actually grow new bodies. SHIFTS: Beyond the Visible New Collection Combines Photographs, Text and Poetry SHIFTS: Beyond the Visible is an inspirational, innovative book in content as well as scope. It combines extraordinary photographs of the Otherworld with an invitation to a personal and collective evolutionary journey. Beyond first appearances other realities exist which we are encouraged to engage with and reflect upon throughout the book. As many ancient spiritual teachings have highlighted for millennia and as modern physics has demonstrated today, everything that exists is made up of light and vibration. In life, the physical realm is connected with the unseen and shifting realm of reality called the Otherworld in the Celtic tradition. A veil exists between these two worlds. Ninna Gay's photographs capture remarkable moments of significance when this veil becomes thinner. They are illustrations of the different realms of existence which coexist and interact with each other in our universe, as well as of our interaction with them. These photographs reveal how thoughts and emotions,

intentions, beliefs and actions generate powerful yet subtle energies which are our constant acts of co-creation with all life. They also exemplify that meditations, prayers, ceremonies and meaningful gatherings can positively affect our individual and collective evolution on Earth.

Transformational and stimulating, SHIFTS: Beyond the Visible opens our eyes to our potential for wholeness as individuals and as members of many communities around the globe. It inspires us to be freer, more balanced, empowered and enlightened co-creators of this changing world. SHIFTS: Beyond the Visible is the combination of Ninna Gay's journey and investigations as a photographer, an energy medicine practitioner and author. In a modern world in which one can observe managerial and investors' behaviors characterized by high risk, short term orientation, moral hazard and speculation, there is a need to form a new ethical paradigm to drive a more ethical oriented education and a substantial change to norms regulating markets and business behavior to sensitize investors and financial practitioners, so that humanity can evolve in a sustainable way. Therefore the main question we are striving to answer throughout the book "Organizational Social Irresponsibility: individual behaviors and organizational practices" is the following: Do individual behaviors influence organizational socially irresponsible practices? Each separate chapter aims to find an answer to the above question. The book is divided into three parts: first: "The dark side of organizational behaviors", second: "Individual skills and the workplace" and third: "Organizational politics, practices and tools. This book is authored by a range of authors from all over the world. They provide us with several theoretical and practical contributions into the topic of organizational social irresponsibility and individual behavior, facing different aspects (e.g. workplace wellness, decision?making, diversity management). We hope it will be useful for both business and academia and it will help to shape reflective, socially responsible managers of the future.
