Blake Brown eased his car out of the parking lot and onto the highway. Unseen, the idling evil slowly left its resting place to follow discreetly behind him. Blake rounded corners and went through lights and the black, metallic beast stayed on his tail. As Blake finally turned into his apartment complex, his shadow turned with him. He never noticed the sleek beast behind him as he pulled into his parking spot and turned off the ignition. The evil trailing him inched to a stop on the other side of the parking lot. Blake turned to walk across to his building. Just as he started across the lot, the black car started again. It honed in on him. It moved gracefully through the lot, smelling blood in the water. As it got close to Blake, it slowed, menacingly creeping toward him. The window lowered silently. Blake, sensing its presence, turned and his eyes lit with a hint of recognition. "Squ?" was all he got out. Before he could finish the sentence, three shots quietly erupted from the silencer-equipped gun inside the black car. Blake Brown staggered backward. He was hit three times in the chest. The deal was off.

For the past half-century, David Noel Freedman has had an enormous impact on the study of the Bible, both as an author and as an editor of the writings of others. As his colleagues note in their comments at the beginning of this volume, "You are quintessentially the man of the book. And perhaps what impresses us most is that your bibliography of hundreds of books is not limited to the extraordinary number of important books that you've written yourself. It also contains the books that you've edited for others. And we know what it means to have David Noel Freedman as one's editor. For every page of manuscript that the author sends you, you send back almost an equal number of pages of advice, criticism, corrections, and improvements. You can make a bad book good, and a good book better. And you can make its author a better scholar and a better writer." In this volume, his compatriots at the University of California, San Diego, contribute eight varied essays in celebration of his impact on them and in honor of his varied contributions to biblical studies.

But then he learns that his former commanding officer, Colonel Trautman, the only man he trusts, has been captured by the Soviets on the Afghan border during a mission that Rambo rejected.
