A bold and uncompromising feminist manifesto that shows women and girls how to defy, disrupt, and destroy the patriarchy by embracing the qualities they've been trained to avoid. Seizing upon the energy of the #MeToo movement, feminist activist Mona Eltahawy advocates a muscular, out-loud approach to teaching women and girls to harness their power through what she calls the "seven necessary sins" that women and girls are not supposed to commit: to be angry, ambitious, profane, violent, attention-seeking, lustful, and powerful. All the necessary "sins" that women and girls require to erupt. Eltahawy knows that the patriarchy is alive and well, and she is fed the hell up: Sexually assaulted during hajj at the age of fifteen. Groped on the dance floor of a night club in Montreal at fifty. Countless other injustices in the years between. Illuminating her call to action are stories of activists and ordinary women around the world—from South Africa to China, Nigeria to India, Bosnia to Egypt—who are tapping into their inner fury and crossing the lines of race, class, faith, and gender that make it so hard for marginalized women to be heard. Rather than teaching women and girls to survive the poisonous system they have found themselves in, Eltahawy arms them to dismantle it. Brilliant, bold, and energetic, *The Seven Necessary Sins for Women and Girls* is a manifesto for all feminists in the fight against patriarchy.

Mary Anning, born in a poor family, lived in Lyme Regis and from an early age was fascinated by the fossils, then called snake stones and devil's toenails, that could then be picked up on the beaches. She was supported by her family in her enterprise but was often ripped off by the buyers and derided by the scientists. One person came to her rescue: Elizabeth Philpot, daughter of a wealthy family who had settled in Dorset to escape the stultifying respectability of genteel London society. The two women, of different ages and very different class and background, became unlikely friends but the relationship was to take on stranger twists as the excitement of the fossil discoveries - Mary Anning finds the first complete plesiosaur - turns to religious difficulties as the importance of these finds begins to spread.
