

Great Flood in the Bible--and explains how it served as a gateway and map to the sky-world, the place of first creation, reached via a bright star in the constellation of Cygnus. He reveals those behind its construction as the Watchers of the Book of Enoch and the Anunnaki gods of Sumerian tradition. Unveiling Göbekli Tepe's foundational role in the rise of civilization, Collins shows how it is connected to humanity's creation in the Garden of Eden and the secrets Adam passed to his son Seth, the founder of an angelic race called the Sethites. In his search for Adam's legendary Cave of Treasures, the author discovers the Garden of Eden and the remains of the Tree of Life--in the same sacred region where Göbekli Tepe is being uncovered today. One of the most amazing epic stories in recent memory, the connection between ancient alien beings and human history is captured in this mesmerizing science fiction novel. A biblical passage from the Book of Genesis points the way to this connection, which recently has been tied to new excavations in Southeast Turkey, thought by several archeologists to be the site of the fabled Garden of Eden. The story ties the ancient Jewish staff of Moses to the Knights Templars, the Bilderberg Group, the American NSA, and Israeli intelligence services, all in pursuit of the secretive German Nazi Base 211 located at the South Pole in Antarctica. The American top secret Operation High Jump, which was recently partially declassified, raises many questions about the involvement of the world's governments in a cover-up of alien presence on Earth.

"EDEN IN SUMER ON THE NIGER" provides archeological, linguistic, genetic, and inscribed evidence of the West African origin of mankind, language, religion and civilization. It provides multidisciplinary evidence of the actual geographical location in West Africa of the Garden of Eden, Atlantis and the original homeland of the Sumerian people before their migration to the "Middle East". By translating hitherto unknown pre-cuneiform inscriptions of the Sumerians, Catherine Acholonu and Sidney Davis have uncovered thousands of years of Africa's lost pre-history and evidences of the West African origins of the earliest Pharaohs and Kings of Egypt and Sumer such as Menes and Sargon the Great. This book provides answers to all lingering questions about the African Cavemen (Igbos/Esh/Adamas/Adites) original guardians of the human races, Who gave their genes for the creation of Homo Sapiens (Adam) and were the teachers in the First Age of the world.

You stand on a battlefield, surrounded by an enemy that you've been told doesn't exist. This is a classic example of a PSYOP--a psychological operation, a mission to change what you believe by feeding you information that is inaccurate, incomplete, or an outright lie. This PSYOP is one of many by entities who've been at war with God since the Garden of Eden. The Bible calls them gods. God Himself calls them gods. But we've been taught that they're imaginary, so we stumble around the battlefield completely unprepared to defend ourselves and the ones we love. In The Great Inception, you will learn: * War between God and the gods is real * Importance of mountains--and the holy mountain where the final battle will be fought * The Tower of Babel was not in Babylon and the real reason God stopped it * Where God led His heavenly army to battle the chief god of the Canaanites * True identities of Satan and Apollyon, king of the demons in the abyss * Mystery behind what God meant when He told Abraham about "the sin of the Amorites" * The Red Sea crossing was a literal battle between God and Ba'al (and why a Canaanite god was in Egypt in the first place) * The startling connections between the Titans of Greek mythology, the Nephilim of Genesis 6, and the people who fought Israel from the time of Moses to the present day * Where Jesus did battle with the rebel gods * How the moon-god of ancient Babylon is still influencing world events today * Where Armageddon will be fought (it's not where you think) * A possible end-times scenario that includes the most diabolical double-cross in history Combining research from scholars of ancient history, languages, archaeology, and Bible prophecy, Derek P. Gilbert shows that the Bible is anything but a boring list of thou-shalt-nots; it's an epic tale of a war between God and the rebel gods who want to usurp His throne--before He can restore humanity to His holy mountain and the place we once had in the divine council.

An overall investigation into human origins, religion, mythology, UFOs, and other unexplained phenomena. Begins by covering the most ancient mysteries about mankind and proceeds up to modern times, exploring the evidence, and ending with where we currently are from a religious and spiritual standpoint. A fascinating look at the development of mankind, with the possibility that we have experienced some form of outside intervention in remote times. In some ways, this intervention may still be with us today.

They Came To Earth Millions Of Years Ago To Spread The Poison Of Hatred, War And Catastrophe... They Are With Us Still... Human history is a seemingly endless succession of bloody conflicts and devastating turmoil. Yet, inexplicably, in the light of astonishing intellectual and technological advancement, Man's progress has been halted in one crucial area: he still indulges the primitive beast within and makes war upon his neighbors. As a result of seven years of intense research, William Bramley has uncovered the sinister thread that links humanity's darkest events -- from the wars of the ancient pharaohs to the assassination of JFK. In this remarkable, shocking and absolutely compelling work, Bramley presents disturbing evidence of an alien presence on Earth -- extraterrestrial visitors who have conspired to dominate Humankind through violence and chaos since the beginning of time...a conspiracy which continues to this very day.

The story begins the age before the beginning of anything, when everything was nothing; when there was no heaven or earth, time or space; there was no God as there was nothing to rule. It was the age when the Being called God was all alone but engorged with the Food He ate, the Food which consisted of both Evil and Good, of Light and Darkness. The SUPREME BEING exists all alone before the beginning but is engorged with Food which He eventually separates into beings, the Gods of Light, first of whom is named YO, through whom comes his betrothed, a she-man named EL-SHEKINAH, and zillions of other beings of light. The same Food separates into His faecal waste which becomes Death, through whom comes another set of beings, the Gods of Darkness, starting with LEVIATHAN, all of whom are today called demons, all of whom are later quartered in the large intestine of creation bathed in darkness called The EARTH, awaiting the day of their defecation, just like faeces that they are. El-Shekinah is given Earth to govern, indeed a betrothal period, but in matrices of cobwebs of events he becomes corrupt, a corruption instigated by the Gods of Darkness, a means by which they adopt him as their son. And in a huge dose of rage for being spited by Yo, El-Shekinah leads the very first war of Darkness against Light, which results into the destruction of the first Earth with its humans, animals and vegetation, which necessitates its recreation by Yo. And so the praxis that the Biblical Adam named ISHI in this story is not the first man recreated and is not the one made in the image and likeness of the Gods is then explored. This motif brews with the evidence that the White races are the first to be recreated; they are the ones made in the image and likeness of the Gods, attributes that are steeped in the ability to have everything in dominion; the capacity to create things that are both useful and lethal, and the propensity to multiply. They are created by Yo but humanized by the great two Gods - Yo the leader of Light and El-Shekinah, the evidence of
