

The Heart Has Reasons A Romantic Suspense Thriller

A New York Times Bestselling Author An Indie Next Pick Talented Madrid college professor Blanca Perea seems to have it all. Then her husband of twenty years leaves her for another woman. Questioning the life she once had and whether she truly knows herself, Blanca accepts what looks like a boring research grant in California involving an exiled Spanish writer who died decades ago. Evocative, lyrical, and humorous, *The Heart Has Its Reasons* is a story about the thrill of creating one's life anew.

Society does not make it easy for young people, regardless of their sexual orientation, to find accurate, nonjudgmental information about homosexuality. It makes it even more difficult for young homosexuals to find positive role models in fiction either written or published expressly for them or - if published for adults - relevant to them and their lives. This book examines these issues and critically evaluates the body of literature published for young adults that offers homosexual themes and characters.

Stresses the importance of the mother-child relationship, gives advice on working at home, and shares suggestions on how to save money on food, clothing, and household expenses

In this book, the author puts forth vignettes from the lives of real people, people in flesh and blood, who went about doing good, guided not so much by human reason and logic as by the heart's way of looking at things. These little anecdotes can be of great inspiration for readers from all walks of life.

The Heart Has Its Reasons, Looking Back Looking Ahead. What if we could look ahead while still looking back? What if hard-won insight was ours to use when we needed it? This short book puts such possibilities within our reach. In a series of brief articles, the author explains important thoughts in relating to God, oneself and others. These insights, gained with age and experience, nudge us to find a new path. Then the rest of our journey becomes transforming. With God back in the center, others in their rightful place, and we striving harder, our relationships could regain the luster they once had. The heart, the seat of love, looks back to learn lessons and looks ahead in hope. When lessons of the past become sentinels for the future, we gain peace and joy. To attain that state we must learn to open our hearts to God and others. The theme on the heart throbs in the two parts of the book: One, Love yourself and bleed for others; two, Love God above all else. Twenty-two chapters, a Prologue and an Epilogue resonate the theme. Here are some titles: * Reflections on the year gone by * Does evil serve a purpose? * Does pain heal? * How do we respond to those who offend us? * A crusade for healing * Why do we treat God so badly? The author does not stop at asking questions. In a simple and direct style he answers them - without preaching. Journey with him to look upon a new horizon! Praise for the book: "The thoughts are of Christian inspiration and stimulating, the language is mellifluous and racy, and the book makes pleasant reading. This is a valuable book that can surely help the interested reader

towards betterment of self and society." Dr George Kaitholil, Author and Former General Editor of St. Pauls and Better Yourself Books.

This book explores a hitherto neglected area of theological anthropology: the unity of human emotionality and rationality embodied in the biblical concept of the heart. While the theological contours of human reason have for long been clearly drawn and presented as the exclusive seat of the image of God, affectivity has been relegated to a secondary position. With the reintegration of the body into recent philosophical and theological discourses, a number of questions have arisen: if the image (also) resides in the body, how does this change one's view of the theological significance of human affectivity? In what way is our likeness to God realized in the whole of what we are? Can one overcome the traditional dissociation between intellect and affectivity by a renewed theory of love? In conversation with patristic and medieval authors (e.g., Irenaeus, Tertullian, Gregory of Nyssa, Maximus, Aquinas) and in dialogue with more recent interlocutors (Pascal, Ricoeur, Marion, Milbank, John Paul II), this work pursues a novel theological vision of the essential unity of our humanity.

Nathaniel is forced into a loveless marriage and Rachel's world is shattered. But life does go on, with tragedy, treachery and scandal impacting their separate existences. Through it all their love endures, as they each yearn for the other. Are they fated to forever be apart?

When her longtime marriage abruptly ends in the wake of her husband's infidelity, Madrid college professor Blanca Perea struggles to rebuild her own life by researching that of an enigmatic Spanish writer who died decades earlier. By the best-selling author of *The Time in Between*. 75,000 first printing.

This is not a "Love Story" but a Story about Love and Life. When our bodies are at height, we encounter a place of serenity and nothing matters but love! The obsession of her lover drove them apart; Forcing Jewel to run from the overwhelming passion that took her whole adulthood to overcome.....

Romantic adventure set in provincial France during the aftermath of the Revolution, about a sixteen-year-old who discovers the truth about her Revolutionary fantasies and the qualities of her husband.

This instructive and immensely readable book by Arjuna Schulenburg, aka Swami Abhedananda, provides a significant contribution to a successful relationship, not least in its philosophical and spiritual presentation. Based on timeless teachings and his own experience, Arjuna offers practical advice to a fresh understanding of our human nature with intriguing and provoking solutions. This book covers teachings on Love, Ethics, Sex, Inner Management and Meditation providing direction for dealing with situations in daily life. The first chapters of the book present incidents and reflections of how a broken relationship has impacted our life and the shock it inflicted. The subsequent chapters give absorbing Practices and Principles to enable the reader to acquaint him with the depth of the "why" and "how" which one has to grasp in order to have a purpose in life and a successful relationship.

Visit our brand name at the top for a wide variety of black covers products.

This is not a story about love but life. Obsessive love blinds the senses while the heart controls the body in search of its desperate longing.

Set in the first quarter of 20th century Delhi, The Heart Has Its Reasons dwells on the fine balance between love and family. Writer par excellence and recipient of the Katha Chudamani and Sahitya Akademi Awards, Sobti's powerful narratives defy territorial specifics.

The Heart Has Its Reasons A Novel Simon and Schuster

The famous scientist and philosopher Blaise Pascal memorably said that the heart has its reasons the mind will never know. But too often it's forgotten that Pascal, in referring to the heart's reasons, was not talking about hunches or cozy feelings. Instead he had in mind our intuitive knowledge of the first principles of number, time, space, and motion. And he believed God can be known in the same way, so that belief in God has the same justification as scientific and mathematical principles. Was he right? In *Knowing with the Heart*, Roy Clouser develops a broad, compelling case for Pascal's position. Against the current climate of religious relativism, Clouser concludes that Christians are entitled to say they know God is real. Written in clear and nontechnical language, *Knowing with the Heart* is intended for believers concerned with the credentials of their faith--and those who don't believe in God but are willing to investigate and reconsider.

"You can't let people be treated in an inhuman way around you....Otherwise you start to become inhuman." So declares rescuer Hetty Voute in this ebook of the updated edition of *The Heart Has Reasons*, an acclaimed historical account that offers an in-depth look into the hearts and minds of the Holocaust rescuers and explores the meaning that their lives and deeds have for us today. Individually or in small "humanitarian cells," the ten Dutch people profiled in these pages saved the lives of thousands of Jewish children during the Nazi occupation of Holland. How did they do what they did--and why did they risk everything to do it? Although their extraordinary tales of rescue vary greatly, the integrity of the rescuers does not. Thus these narratives provide not only a window on the past but a vision for the future. Framed by Klempler's own quest for meaning, the rescuers' words resonate across generations, providing timeless insight into how people of conscience can navigate ethically in an increasingly complex world.
