Written by a seasoned pastoral counselor, The Path of Compassion explores engaging our heartfelt empathy effectively into an attitude of love and acts of kindness. The book helps persons of faith to learn the dynamics of compassion as they grow into their deepest and most caring selves. In three sections, Greer explores the loving compassion of the heart, soul, and mind. The Path of Compassion delves into how we mature into ever-deepening levels of grace, making us more available with spiritual and emotional intimacy.

And when the dust settled, they discovered more than just music. They found the Blues.

This practical book offers unique and powerful ways to use play to investigate stories, big ideas, and events. It focuses on dramatic play as a natural response to learning. It argues that dramatic play is not theatre, but a dynamic process that involves planning, playing, and practice so that children become the story, live the life of characters or animals, bump up against issues, and can better appreciate the complexities of the human journey. Rooted in classroom experience, this valuable resource offers a variety of effective ways that children can be encouraged to incorporate voice, characterization, movement, stillness, concentration, and listening into play.
