Travel back in time with the latest instalment in the bestselling Big Ideas series, in a brand new portable format. The Little Book of History charts world history from the dawn of civilisation to the modern culture we live in today. From the origins of homo-sapiens to the release of Nelson Mandela, from the French Revolution to the Space Race, The Little Book of History is a stunning exploration of the human timeline up to and including modern Islam, the world wide web, and the global financial crisis. The Little Book of History tackles big historical ideas with stunning visuals, key quotes, and important themes that are woven throughout world history. Discover events from the assassination of Caesar to World War I and see the people and events come to life with The Little Book of History, perfect for students, adults, or anyone who wants to understand our fascinating past.

Most Christians are unaware that there is such a thing as a biblical cosmology. That is, we do not have a clear idea of the whole of creation, both visible and invisible, its parts and realms, and how they fit together. We live by bits and pieces of conflicting notions supplied by the Bible and the secular world, and there is little comprehension of the overall design of reality and the all-embracing vision of creation that the Bible provides and the Church has taught for centuries. The matter seems too complex for the typical contemporary Christian and so the matter is dropped as irrelevant. The consequences are deadly; ignorance breeds arrogance, indifference, and finally spiritual death. The Little Book of Big Frontiers intends to make the complex issue of cosmology understandable. Vivid and ordinary stories and images are used to illustrate extremely difficult concepts that will open up new frontiers for the reader. Readers will come away with a whole new understanding of the cosmos and how it works, integrating the interior realities of the soul with the world around them, rediscovering realms that were once known to the early Christians but, alas, are now lost within the secularization of our culture.

A humorous look at what politicians have been buying with public money, plus other scams, swindles and scandals.

'You're strong, you're a Kelly Clarkson song, you got this.' Everything that comes out of Jonathan Van Ness's mouth is a gift from god. He's the man who taught us about hair, self-care and CON-FI-DONCE. The Little Book of Sass is a collection of the most iconic quotes from the sassiest man around on love, men, self-care and friendship. From the power of the heel to how to be the most supportive friend, The Little Book of Sass is the most amazing gift for any JVN fans in your life.

From the Big Bang to the future of our planet, The Little Book of Big History divides history into manageable but comprehensive time frames, encompassing the cosmos, the stars, life and everything in between. Big History is the attempt to understand and condense the entire story of the cosmos, from the Big Bang to the current day. Combining methods from history, astronomy, physics and biology to draw together the big story arcs of how the universe was created, why planets formed and how life developed, this creates a unique perspective from which to understand the place of mankind in the universe. Excited by the alternative 'framework for all knowledge' that is offered by this approach, Bill Gates is funding the Big History Project, which aims to bring the subject to a wider audience around the world. The Little Book of Big History breaks down the main themes of Big History into highly informative and accessible parts for all readers to enjoy. By giving a truly complete timeline of world events, this book shines a whole different light on history as we learned it and makes us think of our history - and our future - in a very different way.

An introduction to philosophy covers ten major movements and provides biographical profiles of fifty of the most influential philosophical thinkers.

In The Little Book of Big Promises , intuitive healer Peggy Rometo guides you on an inspiring journey to uncover your life's path. Using guided meditations, energy work, and other practices that allow you to tap into your intuition, she helps you identify the big promises you made to yourself and the world before your life began. Rometo's Pursuit of Promises process focuses on a sequence of significant events in your life—from as far back as childhood or from your life today—that have helped shape you. Each event brings forth a piece of you that is needed at that point in time, acting as a bridge from one stage of your life to the next. Looking at these events and your reactions to them will begin to reveal your promises—promises that outline the actions, intentions, and qualities you're meant to live. Throughout the process Rometo explores how to break free of the old patterns, beliefs, and fears that hold you back from embodying your true self. In the end, you will find your current promise, which is your starting point for a plan of action to live an authentic, purposeful life. Ultimately, you will be able to honor your life's overarching promise: to share who you are.

Hundreds of ideas for using home-made or commercially produced parachutes with young children. All the games have been tried with Foundation Stage groups and there are even simple instructions for making your own parachute.

Suggestions for spreading the spirit of Christmas to family and friends include "always get a Christmas tree that's a little too big for the room," and "be easy to please"

There are many ways to make money in today's market, but the one strategy that has truly proven itself over the years is value investing. Now, with The Little Book of Value Investing, Christopher Browne shows you how to use this wealth-building strategy to successfully buy bargain stocks around the world.

A classic picture-book edition of My Little Book of Big Freedoms illustrated by Waterstones Children's Laureate Chris Riddell, published in partnership with Amnesty International UK. We all want a good life, to have fun, to be safe, happy and fulfilled. For this to happen, we need to look after each other and stand up for the basic human rights that we often

take for granted. This book features 16 different freedoms, each accompanied by beautiful illustrations. It shows why our human rights are so important - they help to keep us safe. Every day. Featuring a stunning new cover and full-colour artwork for the first time.

As you have probably noticed, there are quite a few investing books out there. Many of them were written by some of the world's greatest investors. So, why should you read our book? Stock investing is more prevalent than ever, whether directly or indirectly through brokerage accounts, exchange-traded funds, mutual funds, or retirement plans. Despite this, the vast majority of individual investors have no training on how to pick stocks. And, until now, there hasn't been a truly accessible, easy-to-understand resource available to help them. The Little Book of Investing Like the Pros was written to fill this void. We believe the simplicity and accessibility of our stock picking framework is truly unique. Using real-world examples and actual Wall Street models used by the pros, we teach you how to pick stocks in a highly accessible, step-by-step manner. Our goal is straightforward—to impart the skills necessary for finding high-quality stocks while protecting your portfolio with risk management best practices. Our practical approach is designed to help demystify the investing process, which can be intimidating. This training will help set you apart from others who are largely flying blind. Pilots require extensive training before receiving a license. Doctors must graduate medical school, followed by a multi-year residency. Even those providing professional investment advice require certification. But, anyone can buy a stock without any training whatsoever. While buying stocks on a hunch and a prayer may not endanger your life, it can certainly put your finances at risk.

Leaders and Managers want quick answers, quick ways to reach solutions, ways and means to access knowledge that won't eat into their precious time and quick ideas that deliver a big result. The Little Book of Big Coaching Models cuts through all the noise and gives managers access to the very best coaching models that they need to get the best from their team. Every model is quick and easy to read and delivers the essential information and know-how quickly, efficiently and memorably.

The Little Book of Big Stuff about the Brain
The True Story of Your Amazing Brain
Crown House Publishing

The key to building wealth the low-priced stock way Low-priced gems, or what author Hilary Kramer calls "breakout stocks" come in all kinds of shapes and sizes but they all have three things in common: (1) they are mostly under \$10; (2) they are undervalued; and (3) they have specific catalysts in the near future that put them on the threshold of breaking out to much higher prices. In The Little Book of Big Profits from Small Stocks, small stock expert Hilary Kramer looks for stocks with fifty to two hundred percent upside potential! From drug stocks that may have been punished because an FDA approval failed to materialize when Wall Street expected it to, to the overly zealous selling off of Ford, there are many great low-priced stock opportunities. In this Little Book you'll learn: How to identify the low cost stocks that have the potential to yield big profits The most important secret to making money in stock investing Plus, you'll gain instant access to a website with educational videos, interactive tools and stock recommendations The Little Book of Big Profits from Small Stocks explains Kramer's methodology and gives you the ability to analyze the opportunities to pick your own winners.

A timely guide to making the best investment strategies even better A wide variety of strategies have been identified over the years, which purportedly outperform the stock market. Some of these include buying undervalued stocks while others rely on technical analysis techniques. It's fair to say no one method is fool proof and most go through both up and down periods. The challenge for an investor is picking the right method at the right time. The Little Book of Stock Market Profits shows you how to achieve this elusive goal and make the most of your time in today's markets. Written by Mitch Zacks, Senior Portfolio Manager of Zacks Investment Management, this latest title in the Little Book series reveals stock market strategies that really work and then shows you how they can be made even better. It skillfully highlights earnings-based investing strategies, the hallmark of the Zacks process, but it also identifies strategies based on valuations, seasonal patterns and price momentum. Specifically, the book: Identifies stock market investment strategies that work, those that don't, and what it takes for an individual investor to truly succeed in today's dynamic market Discusses how the performance of each strategy examined can be improved by combining into them into a multifactor approach Gives investors a clear path to integrating the best investment strategies of all time into their own personal portfolio Investing can be difficult, but with the right strategies you can improve your overall performance. The Little book of Stock Market Profits will show you how.

The financial benefits accruing from improvements in customer satisfaction are so significant that customer satisfaction measurement has become an important business need. The results of customer satisfaction measurement often form a key basis for improving service quality and are often linked to pay and bonuses. It is therefore imperative for CEOs and senior managers to understand the principles behind customer satisfaction measurement. This book works in that direction by explaining the principles of customer satisfaction in a brief yet powerful manner. It will help the readers build relevant and actionable customer satisfaction programs for their organization. The book begins by going over the concepts of customer satisfaction measurement. It then dwells on the various kinds of tools available to organizations to capture customer satisfaction. Further, the book also deals with two major aspects with which many organizations are trying to come to grips: (a) How do we align/link brand research with customer satisfaction research? (b) How do we connect survey research with internal databases to generate great insights for organizations? The book also discusses how the entire data from such programs can be made very actionable using simple techniques. The principles and ideas mentioned in this book come from the authors' combined experience of nearly 40 years of working with clients in a variety of sectors and industries.

From the Donner party to the sinking of the RMS "Titanic," this little book shows that some people's faux pas are worse--way, way worse--than others.

Perfect for entertainment, lead-ins for sermons or speeches, illustrations, and ice breakers, these short jokes and quips will help you relax, encourage your audience to listen, and provide a humorous note for talks, speeches, lessons, and social occasions. Organized by topics that include Marriage, Sports, Sunday School, Work, and more, this little humor book is easy to use. A surgeon, an architect, and a politician were arguing about whose profession was the oldest. Surgeon: "Eve was made from Adam's rib, and that was surely a surgical operation." Architect: "Maybe, but before that order was created out of chaos, and that was an architectural job." Politician: "That may be, but somebody had to create the chaos!" Golfer: "I'd move heaven and earth to break 100 on this golf course." Caddy: "Try heaven. You've already moved most of the earth!" Mother: "I don't think you should marry Henry. He's a dentist and you're a manicurist." Daughter: "What does that have to do with it?" Mother: "I'm afraid you'll fight tooth and nail."

It is easy to look up a word in the dictionary, but knowing how to use it is a different matter altogether. This volume solves that problem by explaining and illustrating the use of each word in a simple, straightforward and sometimes humorous way.

Kindness comes in all shapes, forms, and sizes. The Little Book of Kindness provides a gentle reminder to young readers that every kind act-no matter how small-makes a big difference.

Nobody ever said being an adult was easy. But it's easier with *The Little Book of Big Excuses*, with hundreds of excuses for things you did, things you didn't do, things you did wrong, and things you never want to hear about again. First things first: "Fake Don't Flake." In here are your excuses for being late for or not showing up to any number of places for any number of reasons--grandma's birthday party, work, home, weddings, dentists appointments. "Excusez-Moi, si'l vous plait" is where to look when you're caught wearing a halter top to a black tie event. Or forget your boss's spouse's name--again. Or don't want to pick up the tab. The French have a word for everything. If you need to learn how to say "I'd Love to, but"--the art of articulating just why you can't do most anything you don't want to do--in any language, this is the book for you. Demonstrate your incompetence. When someone asks you to bring those complicated hors d'oeuvres, show up half an hour late with half the ingredients. Bonus section here: how to get someone else to do all the work while you still get the credit. "Delivery Subsystem Failure--Mailboxes, Messages, Missives Gone Awry, Oh My!" Never, ever again will you want for an excuse for not writing, calling, IMing, or emailing. Fake communication breakdowns make fail-safe excuses for a myriad of don't wannas and didn't do its. "All's Fair in Love" contains excuses for not calling, not going on the second date, forgetting the birthday or anniversary of the one you love. Plus how to retreat with remorse, even from the altar steps. Hint: You could have your mother or your manager phone it in. That's what Julia Roberts did. * Hundreds of excuses for thousands of situations, plus "The Excuse Clinic: How to Make Lame Excuses Walk and Okay Excuses Sing." * Life is serious business, people, so pay attention. Let Addie help you off the hook.

What would be, do or have if you could? Seriously what would you choose. This is what Matt Belcher asked himself when he was almost bankrupt, about to lose his house, drinking every night and 100K in dept. This little book will change your life. An easy to read, honest, direct and no frills book that comes straight from the heart to yours. The no fluff book! This isn't another light self help book. Actually you will find it very direct and strong. These are practical proven steps that have helped 1000's of people change their lives' Why not you?"

Collects more than five hundred brain games and puzzles, organized by type and level of difficulty, designed to stimulate and strengthen the brain.

A huge range of ideas for outdoor games and activities.

A bright, fun, new sticker book with 19 oversized glossy stickers and one big puffy sticker (and lots of little ones, too!) that celebrate love and friendship, from the passionate and creative team behind Pipsticks+Workman. These one-of-a-kind big stickers are right on trend, popping up on laptops, cell phone cases, and notebooks everywhere.

Hundreds of ideas for role play, grouped so you and the children can incorporate linked themes into your setting and develop role play in more than one place. Resources, vocabulary lists, literacy and numeracy links are provided for each situation.

If you want to be successful and happy, *The Little Book about Big Success*, by Charles Holmes, will help you get from where you are to where you want to be.

Canada's bestselling author on real estate draws back the curtain on real estate investing Investing in real estate has often been viewed as the poor second cousin to the stock and bond markets. The misperception that investing in real estate is somehow difficult has cost Canadians the opportunity to increase both the quality of and income from their investment portfolio. To help provide a new perspective to Canadian investors, Canada's bestselling real estate author speaks about his relationship with real estate as the asset that has consistently delivered value for himself and the Real Estate Investment Network community across the country. Author Don R. Campbell is Canada's most recognizable face in media on matters to do with real estate Offers readers a unique glimpse into Don R. Campbell's views on real estate as an asset class, the opportunities and challenges, and the essential characteristics of a successful real estate investor People want to learn from the best. Investors have no better role model than Don R. Campbell—either to be introduced to the world of real estate or to take away lessons that will embolden success.

"For one human being to love another; that is perhaps the most difficult of all our tasks, the ultimate, the last test and proof, the work for which all other work is but preparation." —Rainer Maria Rilke *A Little Book of Love* gathers the collected wisdom of great men and women throughout history, through quotes and thoughtful meditations on the subject of love in a beautiful publication. From romantic and intimate love to friendship and family, this inspiring collection makes a great gift for anyone seeking to strengthen love's role in their lives, and to deepen their relationships with others. Whether a family member, friend, or that special person, it serves as a simple, affordable gesture of the love we feel for those we hold dear. Filled with loving advice and thought-provoking quotations, this easily accessible book includes easy ways to enhance the role love plays in your life. Heartfelt kindness with a drop of deeper wisdom is present in every page. Love binds us together, sharing strength and happiness. With love we can turn our world around. *A Little Book of Love* promotes cooperation and a deeper understanding of ourselves and the people around us, by helping us to reflect on love's place in our lives. *A Little Book of Love* will inspire reflection and discussion at home, and among friends about the meaning of love—personally and spiritually-- while discovering that through simple actions and thoughts, we can direct the power of love to better improve our lives and ourselves. Whether shared with a friend or read aloud to oneself, this book helps to remind us of all the blessings that love brings to our lives every day.

This book starts you off on the serious job of investigating materials, processes, objects and events. Investigation is a key scientific skill and this book enables you to support young investigators.

This fascinating foray into the world of homeschooling discusses the benefits of home education to mind, body, and soul, while addressing such issues as socialization, academics, and spiritual training. Original.

"It's hard to talk clearly about investing and make sense to ordinary readers at the same time. Katsenelson gives a lucid explanation of today's markets with sound advice about how to make money while avoiding the traps that the market sets for exuberant bulls and frightened bears alike." — Thomas G. Donlan, *Barron's* "A thoroughly enjoyable read. Provides a clear framework for equity investing in today's 'sideways' and volatile markets useful to everyone. Clear thinking and clear writing are not often paired - well done!" — Dick Weil, CEO, Janus Capital Group "The bible for how to invest in the most tumultuous financial market environment since the Great Depression. A true guidebook for how to build wealth prudently." — David Rosenberg, Chief Economist & Strategist, Gluskin Sheff + Associates Inc. "A wonderful, grounded read for new and seasoned investors alike, Katsenelson explains in plain English why volatility and sideways markets are a stock picker's best friend." — The Motley Fool, www.Fool.com Praise for Active Value Investing "This book reads like a conversation with Vitaliy: deep, insightful, inquisitive, and civilized." — Nassim Nicholas Taleb, author of *The Black Swan* "Thoroughly enjoyable . . . for the thoughtful and often entertaining way in which it is delivered. . . Katsenelson takes his reader step by step into the mind of the value investor by relating, in a fictional addendum to *Fiddler on the Roof*, the story of Tevye's purchase of Golde, the cow. He also describes his own big-time gambling evening (he was willing to lose a maximum of \$40) and that of a half-drunken, rowdy fellow blackjack player to stress the importance of process. He then moves on to the fundamental principles of active value investing. What differentiates this book from so many others on value investing is that it describes, sometimes through the use of case studies, the thinking of a value investor. Not just his models or his metrics but his assessments. Katsenelson is an empiricist who weighs facts, looks for contraindications, and makes decisions. He makes value investing come alive. This may be a little book, but it's packed with insights for both novices and experienced investors. And it is a delight to read." —Seeking Alpha

Designed as a cover to cover read which leaves the reader with a working knowledge of the human brain from its first evolution 2 billion years ago to the present day. A light-hearted look at the brain aimed at a lay audience. It especially focuses on the neurobiology of emotional intelligence and in many ways is the neurobiological explanation of why emotional intelligence is so important to health, wealth and

happiness.
