"I may have been like other boys, but there was a major difference -- my family included 80 to 100 single young men residing in a Filipino farm-labor camp. It was as a campo boy that I first learned of my ancestral roots and the sometimes tortuous path that Filipinos took in sailing halfway around the world to the promise that was America. It was as a campo boy that I first learned the values of family, community, hard work, and education. As a campo boy, I also began to see the two faces of America, a place where Filipinos were at once welcomed and excluded, were considered equal and were discriminated against.

It was a place where the values of fairness and freedom often fell short when Filipinos put them to the test."-- Peter Jamero Peter Jameros story of hardship and success illuminates the experience of what he calls the bridge generation -- the American-born children of the Filipinos recruited as farm workers in the 1920s and 30s. Their experiences span the gap between these early immigrants and those Filipinos who owe their U.S. residency to the liberalization of immigration laws in 1965. His book is a sequel of sorts to Carlos Bulosans America Is in the Heart, with themes of heartbreaking struggle against racism and poverty and eventual triumph. Jamero describes his early life in a farm-labor camp in Livingston, California, and the path that took him, through naval service and graduate school, far beyond Livingston. A longtime community activist and civic leader, Jamero describes decades of toil and progress before the Filipino community entered the sociopolitical mainstream. He shares a wealth of anecdotes and reflections from his career as an executive of health and human service programs in Sacramento, Washington, D.C., Seattle, and San Francisco.

Too many Christians go through the motions of everyday living without fully considering God's call for their life. In, "Buy the Field," readers' sights will be lifted and challenged to have Paul's rallying words be our heart's cry, "I press towards the mark for the prize of the high calling of God in Christ Jesus." (Philippians 3:14) In addition to raising awareness of our God-ordained field, Pastor Rob Fleshman also equips the reader with practical, proven Biblical principles to launch out in faith and buy the field! What a tremendous resource this book is. I am constantly on the lookout for good books for thoughtful students about the issues of Christian living, and "Buy The Field" is one I can whole-heartedly recommend. until Scott reveals an invention of his own . . . a time travel app. They've already tested it twice, with both trips being very successful, but not without danger. Even though they returned with a few scrapes and bruises, and even a gunshot wound, they are eager to go on a new adventure and help solve a mystery. A young woman's voice comes through and asks them to find her twin brother, Jesse, who had run away to the circus in 1927, then disappeared and was never heard from again. Going back and living with a circus sounds like fun. Plus an old book written by his sister provides a glimpse into the past . . . as well as a photo of Jesse, a photo that grabs their attention and sets the girls' hearts racing. They land in a cornfield in Wichita Falls, Texas as the circus is setting up. It doesn't take them long to discover that circus life is not all glamour and fun; it's a lot of hard work. As usual, they jump in and quickly find jobs, places to sleep and new friends. But most importantly, they find Jesse. Now all they have to do is keep him alive. For Zoey and Jesse, it's love at first sight. It's a first romance for both of them and their love blossoms as they travel from city to city. Zoey knows she's too young to settle down and that Jesse is from a different time and culture, but her feelings for him are strong. Her and her friends' time travel mission has taken on a new dimension. Should they be successful and save his life, will Zoey be able to let him go? Is it possible for him to come to 2013 with her? Is it possible for her to stay in 1927 with him? Ultimately, can she give up everything she has in the present for true love in the past? Jesse's talent working with the big cats catches the attention of the Martin Maxwell, the owner of the circus. Maxwell promotes him to the center ring as a replacement for their current lion tamer who is planning on moving up to the Ringling and Barnum & Bailey Circus. Unfortunately, not everyone shares Zoey's love for Jesse and wants him to disappear forever. Kelly, Scott, Austin and Zoey must figure

DescriptionThis novel takes place in the thrilling years of the Weimar Republic in Germany, a time when the first modern queer movements and feminist movements were converging with radical political movements of various stripes--from monarchism and fascism to socialism, communism, and anarchism. This story centers round two lovers, a working class young man

named Theodor Priser who at first espouses Communism as a way to fight against the reaction of his times, and Katharina Von Rosen, a rich, beautiful flapper girl who answers with Anarchy, and embraces sexual freedom as essential to any social and political liberation. Katharina, who comes to have the nickname "Katya," leads Theodor (whom she names "Theo") through his inhibitions to embrace anarchy, with all its sexual and spiritual freedom, and the two go on to form a nucleus of radicalism amongst their friends and comrades in the turbulent world of Weimar Berlin. They suffer many trials and tribulations over the years between 1922 and 1933, but come together at the end to deal a blow to the rising Nazi regime of Germany, one which erased and buried the glory of Weimar--though not for all time. In this novel, all the perverse and darkly celebratory beauty of the Lost Generation comes through, and a story is told that gives light to all that has been forgotten--the daring, the freedom, the craziness of the years between the First World War and the rise of Fascism in what was the most liberated city in all the world at that time--Weimar Berlin. About the Author Sid Priser is a writer and activist born in 1972 in Chicago. Sid was diagnosed with Undifferentiated Schizophrenia in 1997, following a prolonged mental and emotional crisis culminating in hearing voices, which he deals with to this day. He has been writing seriously since 1994, and published his first novel, True Faith, in 2003. More of his writings are published online at www.smallaxebooks.com. He resides with his partner, Kathy, and their friends in a collective house in Chicago.

For the 50th anniversary of the Boeing 747's first commercial flight, a picture book about the development of the iconic passenger plane and how it changed the history of air travel. In 1968, the biggest passenger jet the world had ever seen premiered in Everett, Washington. The giant plane was called the Boeing 747, but reporters named it "the Jumbo jet." There was only one problem. It couldn't fly. Yet. Jumbo details the story of the world's first wide body passenger jet, which could hold more people than any other plane at the time and played a pivotal role in allowing middle class families to afford overseas travel. Author and illustrator Chris Gall, himself a licensed pilot, shows how an innovative design, hard work by countless people, and ground-breaking engineering put the Jumbo jet in the air. On January 22, 1970, the Boeing 747 made it's first transatlantic flight, taking passengers from New York to Paris in seven hours. Includes music (mostly songs with piano accompaniment).
