Explores the wide range of scholarship on revision while bringing new light to bear on enduring questions in composition and rhetoric. A vibrant history of the renowned and often controversial Iowa Writers' Workshop and its celebrated alumni and faculty As the world's preeminent creative writing program, the Iowa Writers' Workshop has produced an astonishing number of distinguished writers and poets since its establishment in 1936. Its alumni and faculty include twenty-eight Pulitzer Prize winners, six U.S. poet laureates, and numerous National Book Award winners. This volume follows the program from its rise to prominence in the early 1940s under director Paul Engle, who promoted the "workshop" method of classroom peer criticism. Meant to simulate the rigors of editorial and critical scrutiny in the publishing industry, this educational style created an environment of both competition and community, cooperation and rivalry. Focusing on some of the exceptional authors who have participated in the program--such as Flannery O'Connor, Dylan Thomas, Kurt Vonnegut, Jane Smiley, Sandra Cisneros, T. C. Boyle, and Marilynne Robinson--David Dowling examines how the Iowa Writers' Workshop has shaped professional authorship, publishing industries, and the course of American literature.

The classic study of a man who redrew the boundaries of art Andy Warhol's work and personality changed American visual culture forever, making him an international superstar. His rise to global fame, his entanglement with the seedy New York sexual underground, and the shocking assassination attempt that almost ended his life are chronicled in Stephen Koch's indispensable classic Stargazer. In this must-read volume, Stephen Koch provides unprecedented detail on Warhol's life and work, giving particular attention to a medium that found Andy at his wildest: film. In one who made paradox into an art form, Koch finds that there was inspiration and brilliance on both sides of the public image that Warhol so meticulously crafted.

Digital Humanities is a burgeoning field of research and education concerned with the intersection of technology and history, philosophy, linguistics, literature, music, cultural studies, and the arts. Supporting Digital Humanities for Knowledge Acquisition in Modern Libraries aims to stand at the forefront of this emerging discipline, targeting an audience of researchers and academicians, with a special focus on the role of libraries and library staff. In addition to a collection of chapters on crucial issues surrounding the digital humanities, this volume also includes a fascinating account of the painstaking restoration efforts surrounding a 110-year-old handwritten historical source document, the results of which (never before published on this scale) culminate in a full-color, 70-page photographic reproduction of the 1904 Diary of Anna Clift Smith.

Whether you choose the self-publishing route or a traditional publisher, good revision skills are essential for every writer. Publishers are looking for print-ready quality. They have little time or money to invest on editing. For the independent author, good revision skills are even more important when reviews for poor editing can kill book sales. But polishing your own work can be tricky. Revise to Write will help you

When American authors John Dos Passos and Ernest Hemingway went to Spain in 1937 to witness the Spanish Civil War firsthand, the devastation they encountered was far from impersonal: As Spain was unraveling thread by thread, so was the relationship between these two literary titans. They had arrived in Spain as comrades, leftist writers—in-arms. But a real-life literary mystery unfolded when Dos Passos' friend José Robles—a Spanish-born Johns Hopkins professor—disappeared. Written from a novelist's eye for detail, *The Breaking Point* is the story of two lives at the intersection of friendship and murder, of love and death, and of literature and history.

Love affairs in England, America, and China, or the empires of the past, the present, and the future, revisited by one man in search of love and happiness.

"A selection of letters from the first fifteen years of a sixty-year friendship between American poet Donald Justice and American novelist Richard Stern"--Provided by publisher.

From Stephen Koch, former chair of Columbia University's graduate creative writing program, comes essential and practical advice drawn from The Modern Library Writer's Workshop. With nearly thirty years of teaching experience, Stephen Koch has earned a reputation as an astute and benevolent mentor; and with Advice to the Writer, his lucid observations and commonsense techniques have never been more accessible. Here Koch dispenses sound guidance for those moments when the muse needs a little help finding her way: in "Shaping the Story," he untangles plot; in "Working and Reworking," he explains the most teachable (yet least often taught) of all writerly skills: revision; and in "The Story of the Self," he delves into autobiography. Featuring handpicked commentary from some of our greatest authors, Advice to the Writer is a unique introduction to this maddening and intoxicating pursuit. Praise for Stephen Koch's The Modern Library Writer's Workshop "An extraordinarily comprehensive and practical work by a master craftsman and a master analyst of the craft."—Madison Smartt Bell, author of All Souls' Rising and Anything Goes "Stephen Koch was my teacher long ago. Now he is everyone's teacher, indelibly. This is a book not just for the beginning writer but for every writer."—Martha McPhee, author of the National Book Award nominee Gorgeous Lies "The Modern Library Writer's Workshop is a treasure trove of wisdom, both immensely practical and philosophical, entertaining and thought-provoking. Koch takes us inside the writing process, and it is impossible not to emerge transformed."—Joanna Hershon, author of Swimming Indian poetry in English began with the imitation of English Romantic poets but gradually Indo-Anglian poets began to write on Indian themes based on Indian contexts and Indian social scenario. Indo-Anglian poetry has received world recognition and some of the poets are held in high esteem. This anthology containing 35 essays is an attempt to represent the gamut of Indian poetry in English, both pre-Independence and post-Independence, from diverse critical perspectives. The thirteen poets covered in this anthology include Michael Madhusudan Dutt,

Toru Dutt, Rabindranath Tagore, Sarojini Naidu, Nissim Ezekiel, A.K. Ramanujan, and Kamala Das. The essays in the book offer innovative perspectives and touch upon different aspects of Indian poetry in English. The tone of the essays varies from personal to argumentative to objectively discursive. The book, with diverse and thought-provoking essays, will be highly useful for undergraduate and postgraduate students of English Literature. Besides, those who are interested to know about Indian Poetry in English will find the book quite illuminating and interesting.

This how-to-write fiction book is comprised primarily of exercises introduced by brief but informative essays on the aspects of fiction. Long on specifics and short on theoretical information so often found in books about the art of writing, this text provides a practical, hands-on approach to writing fiction. Organized by the elements of fiction and concluded by an anthology of contemporary fiction, this book helps all fiction writers hone and improve their craft. The elements of fiction-character, point of view, dialogue, plot, style and revision. For those interested in improving fiction-writing skills.

Includes, beginning Sept. 15, 1954 (and on the 15th of each month, Sept.-May) a special section: School library journal, ISSN 0000-0035, (called Junior libraries, 1954-May 1961). Also issued separately.

“Make [your] characters want something right away—even if it’s only a glass of water. Characters paralyzed by the meaninglessness of modern life still have to drink water from time to time.” —Kurt Vonnegut “‘The cat sat on the mat’ is not the beginning of a story, but ‘the cat sat on the dog’s mat’ is.” —John Le Carré Nothing is more inspiring for a beginning writer than listening to masters of the craft talk about the writing life. But if you can’t get Vladimir Nabokov, Virginia Woolf, and Gabriel García Márquez together at the Algonquin, The Modern Library Writer’s Workshop gives you the next best thing. Stephen Koch, former chair of Columbia University’s graduate creative writing program, presents a unique guide to the craft of fiction. Along with his own lucid observations and commonsense techniques, he weaves together wisdom, advice, and inspiring commentary from some of our greatest writers. Taking you from the moment of inspiration (keep a notebook with you at all times), to writing a first draft (do it quickly! you can always revise later), to figuring out a plot (plot always serves the story, not vice versa), Koch is a benevolent mentor, glad to dispense sound advice when you need it most. The Modern Library Writer’s Workshop belongs on every writer’s shelf, to be picked up and pored over for those moments when the muse needs a little help finding her way.

Wandor has written the first history of Creative Writing in the UK, analyzing its complex relationship with English and literary theory. On the threshold of adulthood, these young people have immense informational needs that libraries are in a wonderful position to supply: information about colleges, about work, about relationships, and leisure activities. In this lively and practical guide, notable teen experts and stellar practitioners Sheila Anderson, Amy Alessio, Patrick Jones, Robin Lupa, and Kristine Mahood explain why service to teens in this age range is so important, and how you can enhance your collection and services to accommodate and win over this important group. In the 1920s and 1930s the Modern Library series began to bring out cheap editions of modernist works. Jaillant provides a thorough analysis of the series' mix of highbrow and popular literature and argues that the availability and low cost of modernist works helped to expand modernism's influence as a literary movement.

Advice in the words of the most successful writers ever is presented in thematic chapters for easy reference.

This book grows out of the question, "What is South Asian American writing and what insights can it offer us about living in the world at this particular moment of tense geopolitics and inter-linked economies?" South Asian American literature, with its focus on the multiple geographies and histories of the global dispersal of South Asians, pulls back from a close-up view of the United States to reveal a wider landscape of many nations and peoples. Drawing on the cosmopolitan sensibility of scholars like Anthony Appiah, Vinay Dharwadker, Martha Nussbaum, Bruce Robbins, and Amartya Sen, this book argues that to read the body of South Asian American literature justly, one must engage with the urgencies of places as diverse as Bangladesh, Sri Lanka, India, Burma, Pakistan, and Trinidad. Poets, novelists, and playwrights like Indran Amirthanayagam, Meena Alexander, Amitav Ghosh, Michael Ondaatje, Shani Mootoo, Amitava Kumar, Tahira Naqvi, and Sharbari Ahmed exhort North American residents to envision connectedness with inhabitants of other lands. These writers' significant contribution to American literature and to the American imagination is to depict the nation as simultaneously discrete and entwined within the fold of other nations. The world out there arrives next door.

fierce iconoclast for a new generation. Oscar V. Campomanes of the University of California writes, To say of Jose Garcia Villa that he made English 'strange' to native English speakers -- as Jean Paul Sarte once said about Frantz Fanon and French -- is no extravagant claim ... Villa hungrily embraced colonial culture even as, like Fanon, Villa sought to transform its impositions into highly novel, even unrecognizable, verbal artifacts and art forms. This volume is bound to dramatically recast our considerations of American modernism, Asian and Filipino American literary history, and the rise of 'englishes' in colonial and postcolonial studies. Anyone interested in the least-understood cultural underside of the U.S. colonization of the Philippines or in the colonial aspect of American cultural assimilationism would do well to read and enjoy this book. A remarkable story of a forgotten seventeen-year-old Jew who was blamed by the Nazis for the anti-Semitic violence and terror known as the Kristallnacht, the pogrom still seen as an initiating event of the Holocaust After learning about Nazi persecution of his family, Herschel Grynszpan (pronounced Greenspan) bought a small handgun and on November 7, 1938, went to the German embassy and shot the first German diplomat he saw. When the man died two days later, Hitler and Goebbels made the shooting their pretext for the state-sponsored wave of anti-Semitic terror known as Kristallnacht, still seen by many as an initiating event of the Holocaust. Overnight, Grynszpan, a bright but naive teenager, was front-page news and a pawn in a global power struggle.
