“Fascinating . . . not only a history of arguably the most visible Catholic church in the world, but indeed all New York’s colorful church music landscape.” —Scott Turkington, director, Church Music Association of America Victorian-era divas who were better paid than some corporate chairmen, the boy soprano who grew up to give Bing Crosby a run for his money, music directors who were literally killed by the job—the plot of a Broadway show or a dime-store novel? No, the unique and colorful history of St. Patrick’s Cathedral. Since its inception more than 125 years ago, the Cathedral Choir has been considered the gold standard of liturgical music—an example of artistic excellence that has garnered worldwide renown. Yet behind this stately facade lies an intriguing mix of New York history, star secrets, and high-level office politics that has made the choir not only a source of prime musical entertainment but also fodder for tabloids and periodicals across the nation. In this unique and engaging book, readers are treated to a treasure trove of vibrant characters, from opera stars from around the world to the thousands of volunteer singers who brought their own hopes and dreams—and widely varying musical abilities—to the fabled choir. In the first major book devoted to the trumpet in more than two decades, John Wallace and Alexander McGrattan trace the surprising evolution and colorful performance history of one of the world's oldest instruments. They chart the introduction of the trumpet and its family into art music, and its rise to prominence as a solo instrument, from the Baroque "golden age," through the advent of valved brass instruments in the nineteenth century, and the trumpet's renaissance in the jazz age. The authors offer abundant insights into the trumpet's repertoire, with detailed analyses of works by Haydn, Handel, and Bach, and fresh material on the importance of jazz and influential jazz trumpeters for the reemergence of the trumpet as a solo instrument in classical music today. Wallace and McGrattan draw on deep research, lifetimes of experience in performing and teaching the trumpet in its various forms, and numerous interviews to illuminate the trumpet's history, music, and players. You know these songs by heart. They're the "greatest hits" of Christmas. But do you know the fascinating, inspirational stories behind them - who wrote them and how they came to be? In his latest book, Ace Collins reveals the stories behind the greatest hits of Christmas - all the songs you have enjoyed for generations. For example, as the story goes, jazz great Mel Torme wrote "The Christmas Song" after visiting a friend in California, who, longing to escape California's heat for the cold winters of his New England, doodled these now-famous phrases on his spiral pad: "Chestnuts roasting Jack Frost nipping Yuletide carols " Torme saw those words and one of the most famous Christmas songs of all time, first recorded by Nat King Cole, was born. Within these pages, you'll discover the origins of such famous Christmas songs as "Have Yourself a Merry Little Christmas, " "Winter Wonderland, " "White Christmas, " "Little Drummer Boy, " "Feliz Navidad, " "O Holy Night, " and two dozen others. Although not yet as famous as the Christmas songs of which he writes (he's working on that), Collins's many books have sold tens of thousands of copies and have become treasured family classics, read and enjoyed by young and old alike. His new book is a treasure-trove of the kind of magic that makes Christmas the beloved holiday it is. This is Ace Collins at his storytelling best which means it's sure to become a "greatest hit" with your family

Musical performance has been a part of television since the introduction of the medium. The styles and production requirements of music and of television have long influenced the other. Murray Forman gives the history of this interaction, going back to the early years of television, before the broadcast networks, up through the late fifties. He explores the full range of popular music from show tunes to Latin in a wide variety of television programs, and shows how the standards of presentation and performance developed.

He entered TV an A list superstar in 1950 and maintained that status through his final special in 1996. Much of his work on TV still ranks among the top 100 highest rated shows of all time, from hosting the Academy Awards to his Christmas specials from Vietnam. Given all that, there has not been one book devoted to profiling and analyzing his amazing achievements--until now. Bob Hope on TV: Thanks for the Video Memories summarizes and reviews the

television appearances by the man voted in 1985 America's favorite all-time entertainer--when he was 77 years old! It profiles nearly 1,000 hours of national TV appearances by "Ol' Ski Nose" by virtually every genre in the medium, starting with all his comedy specials he headlined for almost half a century. Other appearances included are his acting guest shots ranging from I Love Lucy to The Simpsons; his work on close to 200 variety shows and specials; his memorable moments on talk shows, game shows, awards presentations and sporting events; and even his considerable contributions to documentaries and news programs. Laugh again to great jokes and get new insights as nearly forty interviewees share their recollections about working with Bob as guest stars, writers, producers and directors. Bob Hope on TV: Thanks for the Video Memories is a tribute to the impact of one of the brightest stars ever to shine on television. This book is a collection of growing up and parenting narratives from medical doctors, professors, managers, accountants, nurse, researcher, financial analyst, engineer, consultant and mentor - who graduated from the UEC High School Two Score and Four Years ago. The 10 narratives and supporting materials share the "lessons learned" and "best practices" as well as the shortcomings and tragedies from childhood to adolescence, to adulthood, into the 40s, 50s, 60s, and the golden years - which are timeless and repeated by each generation across communities, cultures and borders. The stories are intended as reference materials and transformative roadmap for adolescents, would-be parents, parents, guardians, mentors, teachers, social workers, and other parties who have an interest in the adversities, challenges and in managing growing up and parenting.

Best known for the "dead-ant" theme to the Pink Panther films, Henry Mancini also composed the music to Peter Gunn, Breakfast at Tiffany's, Orson Welles' Touch of Evil, and the Academy Award winning soundtracks to Victor/Victoria and The Days of Wine and Roses. In a career that lasted over thirty years, Mancini amassed twenty Grammy awards and more nominations than any other composer. In his memoir, written with jazz expert Lees, Mancini discusses his close friendships with Blake Edwards, Julie Andrews, and Paul Newman, his professional collaborations with Johnny Mercer, Luciano Pavarotti, and James Galway, and his achievements as a husband, father, and grandfather. A great memoir loaded with equal parts Hollywood glitz and Italian gusto.
