The Road Taken is an anthology sure to please readers of all tastes. Murder, mayhem, love united and unrequited, family stories of celebration and of the deepest grief, humor, romance, mystery and wit-it's all here and more in this collection of short stories, essays, memoirs and poetry. Spend a few minutes or a few hours in pure enjoyment. What happens when a talented, enthusiastic teacher and twenty-six aspiring writers work on craft together? Over time, they produce a collection of short stories, memoirs, essays, and poetry. What happens to this collection? In the case of Cyndy Muscatel and her Creative Writing Class, it becomes a published anthology. For the authors, it's the trek of discovery from rough draft to published manuscript. For the readers, it's the opportunity to take a remarkable road trip into the human condition via many points of view. The journey represents a unique, collective experience.

Discusses the social, cultural, intellectual, and aesthetic aspects of American literature Despite the fact that the name of many characters mentioned in the Old Testament, like David, King of Israel, have been recently confirmed by archaeology as well as their epoch and the events in which they were involved, most archaeologists continue to deny the historicity of the Bible they view as pious fiction or a mythical account. They argue that the major events in the Bible such as the victory of Abraham against Chedorlaomer, an unknown king of Elam around 2000 BCE, the victory of Moses against an unknown Pharaoh around 1500 BCE or the victory of Esther, an unknown Persian Queen, against an unknown vizier of Xerxes, never existed because they left absolutely no evidence. They also explain that according to what we know today, these events could not have occurred. These logical arguments are impressive but a precise chronological analysis based on absolute dates, coupled with a rigorous historical investigation, shows that all those major events really took place at the dates and places indicated.

Lance McKnight, a fifty some odd year old college professor wakes up at a critical point in his life in his 13 year old body all the way back in 1977. As he slowly comes to grip with the idea that he is now on a hero's journey, he navigates a personal history that is frightening in both its familiarity and its differences. Taking inspiration from a Robert Frost poem, he chooses The Road Not Taken, and sets out to rewrite his history, only to discover that this new reality is rewriting him as well. With the appearance of the mysterious and deadly gwyner, a creature from his grandfather's tales told to keep children close to the house, he discovers just how much he is being changed. When the

Nineteen years ago, David McLean was appointed by the prime minister of Canada to the board of directors of CN, after which he was elected chairman. McLean has been reelected each year and will retire in April 2014. In *A Road Taken*, the longest-serving chairman of the board in CN history explains complex business issues in very human terms. McLean's stories include his leadership role in the privatization of the company and the intrigue and egos in the behind-the-scenes race to launch the biggest IPO in Canadian history at that time. They also include the adventure and challenge of a prairie childhood, a university education fuelled by team sports and ambition, and a successful career in law and business. McLean plumbs the depths and delivers a treatise on leadership in business and life that is as moving as it is honest.

Author's Note "In my opinion the pantheon of American warriors (past & present) will forever and never cease to be my enlightenment when it comes to the questions & answers of American justice (no threat standing) it is simply the way we were."

To all who may enjoy what is written in this book, Jesus and I wrote down some traumatic events in my life. It took several years to complete and three years of letting go. Each day I would ask Jesus to help me go through my life once more to finally purge myself of the pain, anger, and suffering I had to endure in the past, which you should let go.

The Road taken by John Hudson brings together three sequences of poems created for walks in London and France. "Shapeshifter," written for a small rural community in France, explores the transformations a community uses and undergoes in order to thrive on a daily basis.

"Stride" draws inspiration from the poet's cultural roots on London's East End and undertakes a twelve mile walk across varied terrain, socially, physically, spiritually and psychologically. "A Strange Guide to Places" walks a thirty four kilometre path in a sequence of poems that can be read in either direction and takes the reader on a journey beyond the confines of physical geography into a landscape of imaginative possibilities.

The Road Not Taken takes a new perspective on the course of social welfare policy in the twentieth century. This examination looks at the evolution of social work in the United States as a dynamic process not just driven by mainstream organizations and politics, but strongly influenced by the ideas and experiences of radical individuals and marginalized groups as well.
