

The Scandinavian Home Interiors Inspired By Light

If the goal were to build a house in which everyone would like to live, the architect would likely be Italian, the engineer maybe German, the gardener probably British, and the craftspeople either Swiss or Japanese. The interior designer of that house, though, should - beyond any doubt - be from Scandinavia. Northern Delights reveals why hardly any other interior or product design is so timeless, so functional, so aesthetic, and of such high quality as that of Sweden, Norway, Finland, and Denmark. The book's stunning selection of Scandinavian design ranges from individual products to skillfully staged living spaces. Although it also presents iconic designs, the book focuses on the work of young talents who are consciously building upon local sustainable design traditions and further developing them in a way that is consistent, intelligent, and reflects an unerring sense of style. Northern Delights showcases classic, minimal, rustic, and pop styles that are united by their simplicity, functionality, and love of light. The included examples show how the grains of different woods, the clarity of colored glass, the cheery colors of fabrics and patterns, and the overall quality of craftsmanship contribute to creating simple, inviting, and very comfortable spaces. Whether the featured work was created for residences, offices, or any

other rooms, in a Scandinavian interior, everyone feels at home.

National architectural magazine now in its fifteenth year, covering period-inspired design 1700–1950. Commissioned photographs show real homes, inspired by the past but livable. Historical and interpretive rooms are included; new construction, additions, and new kitchens and baths take their place along with restoration work. A feature on furniture appears in every issue. Product coverage is extensive. Experts offer advice for homeowners and designers on finishing, decorating, and furnishing period homes of every era. A garden feature, essays, archival material, events and exhibitions, and book reviews round out the editorial. Many readers claim the beautiful advertising—all of it design-related, no “lifestyle” ads—is as important to them as the articles.

Pages of design inspiration are accompanied by useful paint swatches and an extensive list of sources for Scandinavian design. This book will be an essential addition to the shelves of everyone who has ever admired the subtle palette of a Gustavian room or enjoyed sitting in an Arne

Jacobson chair.

Discover contemporary interiors inspired by natural landscapes. Modern pastoral interiors are about embracing the pared-back lifestyle of living in the country, taking nature as the main point of inspiration. Use colors, textures, and details to create a home in which to unwind--a retreat from the rest of the world. Niki Brantmark explores various takes on this simple, informal style. Chapter 1, Graphical, explores a look that is striking, reminiscent of weather-beaten landscapes: think whitewashed ceilings, rugged stone surfaces, and striking black features, softened by cozy soft furnishings and fresh plants and flowers. In chapter 2, Forest, the interiors are filled with exposed wood throughout, combined with traditional patterns and features, such as log burners and woven rugs--while Homestead style in chapter 3 introduces warmer hues, featuring painted wood and creamy, light browns in textiles, furniture, and collectibles. The final chapter, Waterside, brings to mind calm lakes and babbling streams, where rooms are filled with light, and gentle blue and gray shades pervade.

Discover classic and contemporary Scandinavian style. Scandinavia is famous for its distinctive style: homes are pared-back and simple, and form and function are combined to create aesthetically pleasing and practical interiors.

Scandinavians are inspired by light, having an abundance of it in summer but so little of it in winter, and house designs tend to maximize the amount of natural light that enters the home, and allow the inhabitants to make the most of outdoor life during the summer. Similarly, nature and the weather are major influences: homes are made warm and cozy for the freezing winter monthsâ€”not just

literally with log burners, but also through incorporating wood and natural materials. The Scandinavian Home showcases a wide range of these beautiful homes. The first chapter, City Dwellings, features sharp, modern apartments and smart townhouses. Country Homes shows the Scandinavian take on country style with laid-back, bohemian homes. Finally, the Summer and Winter Retreats include coastal cottages, an allotment house, and log cabins.

In a fast-paced world, wouldn't it be wonderful if you could slow down and enjoy a life with less pressure, less stress, and more time for the things you love? Sweden is ranked in the top three of the world's happiest places to live, and lagom, which means "not too much and not too little—just right," is the Swedish philosophy for enjoying balance in every aspect of life—from work and leisure to family and food, and everything in between. Experienced bakers know by touch when the dough they are kneading is lagom—not too moist and not too dry. At the office, professionals who work hard—but not to the detriment of other parts of their lives—are following the lagom ideal. Lagom is moderation, balance, and equality. By using the Swedish lifestyle as an example, Niki Brantmark offers insightful suggestions and bite-sized actions to help you make subtle changes to your life, so you too can make time for the things that matter most and find greater happiness.

Uncover the secrets of the Swedish philosophy of life called Lagom - meaning 'just enough'. At its core is the idea that we can strike a healthy balance with the world around us without having to make extreme changes, and without denying ourselves anything.

Swedish Country Interiors showcases homes that have a wide spectrum of interpretations of Swedish country style—rustic, rural, urban, comfortable, family friendly, elegant, simple, complex, grand, humble, and eclectic. Rhonda Eleish and Edie van Breems opened the doors to Eleish van Breems Antiques in 1998, specializing in eighteenth- and nineteenth-century Swedish antiques. Their company, Eleish van Breems Ltd. has expanded to become a full service Nordic design showroom and they are sought out for their interiors featuring the best hallmarks of Scandinavian design. The authors, who first published Swedish Interiors, and their antiques and interiors have been featured in many national publications, including Country Living, Victoria, and House Beautiful, and they have made appearances on Martha Stewart and HGTV Canada. Rhonda resides in Bridgewater, Connecticut with her daughter Kari and husband Buffer. Edie lives with her family in a 1760 colonial home in Fairfield, Connecticut. As featured in Country Living!
