I remember a report some time ago extolling the health benefits of the vitamins found in sperm, with the advice that in preparation for having a healthy and intelligent baby, for some months before becoming pregnant a woman should swallow her partner's sperm. You can rest assured this report was compiled by a team of men. This has nothing whatsoever to do with the fact I set out to write a book entitled "49," a humorously light-hearted fly-on-the-wall look at my life from the day before my forty-ninth birthday to the day I hit fifty. A story of how I was coping with being too old for a mid-life crisis, counting the days tick down until the inevitable half-century. Should I be wearing socks with sandals; when would I start to enjoy pastimes that involved either binoculars, a fishing rod, making boats out of used matchsticks, a tandem bicycle or Morris dancing? Was I developing man-breasts, and more importantly, would the next woman I meet have bingo-wings? What pre-fifty pastimes would I be consigning to the dusty bin of life - wearing Ramones T-shirts and ogling young girls; my T-shirt definitely had to go. Maybe I wouldn't even make it to the end of the book; instead I'd meet my end running the Snowdonia Marathon. As it was I did make it to the end. Having spent a year writing "49" and many months trying to get a publishing deal without success, I started to write a blog. I pretty soon realised the missing ingredient - sex: sex sells. Post a good title and you have a success; mention anal sex and you have a best-seller. Without a second thought I changed the book title to "Sperm, Wonderful Sperm!" and quickly contacted an online print-on-demand publisher. This is the result...

The new sixth edition of Bradt's Sri Lanka is the longest and by far the most comprehensive guidebook ever published to this alluring island nation, and now includes a brand new, detailed, full-colour wildlife section. Freshly researched and completely rewritten by Philip Briggs, one of the world's most experienced and highly regarded guidebook writers, the new Bradt guide incorporates detailed coverage of every aspect of this diverse and compact land, from the idyllic tropical coastline to the misty forests of Hill Country. Not only does the book provide in-depth sections on all major beach resorts, archaeological reserves, historic towns and national parks, but it also introduces adventurous travellers to a host of intriguing lesser-known sites, along with many emergent destinations inaccessible for decades prior to the end of the civil war in 2009. Extensive hotel and restaurant listings, covering everything from exclusive boutique hotels to shoestring homestays, have been compiled from scratch rather than updated from historical information, with each entry having been cherry-picked by the author based on his personal inspection of hundreds upon hundreds of properties countrywide. More than 70 newly drawn maps cover all towns and resorts of note, as well as the main national parks and their surrounds. Sri Lanka has enjoyed a high level of political stability and safety since the civil war ended in May 2009, encouraging a tourist boom in the south, and the gradual opening of the north and east to independent travel. Beach holidays are an all-year attraction, while a host of fantastic Buddhist-affiliated UNESCO World Heritage Sites ranges from the massive dagobas of Anuradhapura, built in pre-Christian times on a scale to rival the Egyptian pyramids, to the exquisitely painted cave temples of Dambulla. Wildlife-viewing opportunities abound, and this guide provides unparalleled, illustrated advice on making the most of these. Asia's densest wild elephant and leopard populations are protected in the island's extensive network of national parks, and there's also fine offshore whale and dolphin-watching, and a bird checklist of 450 species including more than 30 endemics.

The author served in the Royal Hong Kong Police from 1960 to 1993 and, after discovering Thailand in the late sixties, visited the "Land of Smiles" at least once each year. After leaving Hong Kong and returning to his native Wales he continued to visit for a month each Spring and Autumn. He consummated his love for Thailand by marrying a young Thai lady who unfortunately died, still young, from cancer. In the course of his visits he naturally became well acquainted with the night scene in Pattaya and, being an experienced observer, acquired the material that provides the basis for this book. The vignettes in this book capture a wide spectrum of Pattaya nightlife and provide the reader with an easy to read but interesting voyage into the pathos and the humour that exists behind the bright lights. For anyone who has visited Pattaya it will bring back memories and for those yet to visit a taste of what is awaiting them. The author has also published "Reminiscences of a Hong Kong Chailo" about his life in the police force in Hong Kong.

What they need is a bit of class, a bit of history of art, a bit of literature, a bit of posh totty. Melissa has come to Hull to regenerate the city. Maybe she can be a shot of viagra for a particular East Hull pub quiz team. A murderous black comedy, set in Hull's black economy, with too many questions and all the wrong answers.

With The Most Amazingly Awesome Pub Quiz Book Ever, you can experience the fun of a pub quiz in your own home, or help get one started at your local bar. With answers to many questions like these and more, The Most Amazingly Awesome Pub Quiz Book Ever will help you take on even the most ardent of trivia enthusiast. With hundreds of questions on everything from history and sports, to music and geography, you will always be ready for the ultimate trivia smackdown. It's got everything you need... except the alcohol! This is a book about knowing and what it means to know. We don't give our knowledge a second thought yet some of us would bet considerable amounts of money on what we know. We are proud of our retention of facts. Pub quizzes and TV quiz shows thrive on this seemingly basic desire. We would swear on a bible that the Sun will set and rise each day. In fact, the Sun stays relatively static as the Earth rotates on its axis giving the illusion of sunset and sunrise. We know, for a fact, that we know more things than our predecessors. By inference, our descendants will know more than us yet again. In a hundred years time, they may even smile lovingly at our innocence and naivety. Knowing there is an infinity of things yet to know is one of the key tenets of our knowledge. This book is a purposely short exploration into what we know, what we don't know and how to open up the floodgates to acquiring even more knowledge. In this way, without throwing the baby out with the bathwater, humanity can evolve from its current state into a very Bright Future indeed. This We Know. "Yet another stunning though exploration by a master of his art. Just the sort of thinking we need right now."

On 14 April 2013, Daniel Graham and his twin brother, Jake, stepped out of their front door in Bristol and on to the path. Longing for a challenge, they set out to complete the adventure of a lifetime: a 3,000-kilometre walk through Western Europe. Camping beneath trees and washing in rivers, the journey led them through the quaint villages of southern England and on to the European mainland. Trekking steadily south, they continued on through the arable hills of the Benelux countries, the humble peaks of the Vosges Mountains, the gorges of the Jura Range and, finally, to the French Alps, a majestic barrier of summits and valleys that would lead them on to the Mediterranean Sea. Unsupported and on a tight budget, the brothers soon learnt of the ever-changing nature of the path - one moment inflicting illness and doubt, the next summoning the unprovoked kindness of strangers. From the profound beauty of the smallest flower to the resounding grandeur of an alpine massif, Daniel and Jake's five-month expedition through Western Europe to the Mediterranean Sea is a heart-warming tale of companionship, adventure and unrelenting determination.

Brooker on the BNP Party Political Broadcast: 'Nick Griffin's first line is "Don't turn it off!", which in terms of opening gambits is about as enticing as hearing someone shout "Try not to be sick!" immediately prior to intercourse.' Brooker on Philip from The Apprentice: 'If it were legal or even possible to do so, he'd probably marry himself, then conduct a long-term affair with himself behind his back, eventually fathering nine children with himself, all of whom would walk and talk like him. And then he'd lock those mini-hims in a secret underground dungeon to have his sick way with his selves, undetected, for decades.' Brooker on Royal Ascot: 'Every year it's the same thing: a 200-year-old countess you've never heard of, who closely resembles a Cruella De Vil mannequin assembled entirely from heavily wrinkled scrotal tissue that's been soaked in tea for the past eight decades, attempts to draw attention away from her sagging neck - a droopy curtain of skin that hangs so low she has to repeatedly kick it out of her path as she crosses the royal compound - by balancing the millinery equivalent of Bilbao's Guggenheim museum on her head.'

A highly entertaining anecdotal collection of humorous life observations during a trip around the world. Travelling by bus to Kathmandu, the author experiences hair-raising misadventures: a chase through Jerusalem, a gun battle in Jordan, a pummelling by a gargantuan masseur in Istanbul, a python in India, and the terrifying James Bond encounter in Australia. His portrait of an Afghani shopkeeper has a bizarre twist. Time-travelling detours punctuate interesting stories about the Taj Mahal, Sydney Opera House, Tahiti, Easter Island statues and Christ in Rio. More than a travelogue, personal insights and character portrayals are underscored by whimsical humour.

This new title from Bradt tells the inspiring and emotional story of Ishbel Holmes, also known as 'World Bike Girl', a Scottish-Iranian woman who became a champion racing cyclist in spite of having been abandoned by her family, and who set off on the adventure of a lifetime despite her lack of experience, money or equipment. Ishbel Holmes was determined to cycle the world but her journey took a completely unexpected turn when, despite her initial instincts not to, she rescued a street dog in Turkey. Ishbel was lost and alone when she started on her epic trip, but in Lucy found a companionship never previously known. Between the two there formed a deep bond and their relationship was followed and supported by thousands of readers online, before becoming a media sensation overnight when Ishbel put out a plea for help to transport Lucy to an animal shelter three hundred miles away. This heart-rending tale is about more than just the relationship between a woman and her dog. It is a testimony to the human spirit, overcoming present-day challenges and churning up long-buried and painful memories from Ishbel's earlier life. It is also a tale of adventure, one person's determination to cross an unfamiliar country by bike and the unforgettable scenes that greet her on the Turkey-Syria border and into Syria itself. And it is a loving portrait of Lucy, the street dog that was determined not to let Ishbel go and whose dogged persistence helped to break down the barriers around her heart and in so doing change her life in ways she had never imagined. Ultimately, this is a tale of love and healing, a modern fable that touches the soul and reminds us all of the need to belong.
