disability, they too, want to be free. In Traditional Chinese. Annotation copyright Tsai Fong Books, Inc. Distributed by Tsai Fong Books, Inc.

Simplified Chinese edition of The Nightingale

During World War I, as young men journeyed overseas to battle, American women maintained the home front by knitting, fundraising, and conserving supplies. These became daily chores for young girls, but many longed to be part of a larger, more glorious war effort--and some were. A new genre of young adult books entered the market, written specifically with the young girls of the war period in mind and demonstrating the wartime activities of women and girls all over the world. Through fiction, girls could catch spies, cross battlefields, man machine guns, and blow up bridges. These adventurous heroines were contemporary feminist role models, creating avenues of leadership for women and inspiring individualism and self-discovery. The work presented here analyzes the powerful messages in such literature, how it created awareness and grappled with the engagement of real girls in the United States and Allied war effort, and how it reflects their contemporaries' awareness of girls' importance.

New York magazine was born in 1968 after a run as an insert of the New York Herald Tribune and quickly made a place for itself as the trusted resource for readers across the country. With award-winning writing and photography covering everything from politics and food to theater and fashion, the magazine's consistent mission has been to reflect back to its audience the energy and excitement of the city itself, while celebrating New York as both a place and an idea.

After more than fifteen years, this initial volume of the American Film Institute Catalog series is again in print. The 1920s set covers the important filmmaking period when "movies" became "talkies," and the careers of many influential directors and actors were launched. Films such as Wings, The Phantom of the Opera, All Quiet on the Western Front, and The Jazz Singer are included in this volume. After more than fifteen years, this initial volume of the American Film Institute Catalog series is again in print. The Scottish People, 1490-1625 is one of the most comprehensive texts ever written on Scottish History. All geographical areas of Scotland are covered from the Borders, through the Lowlands to the Gaidhealtachd and the Northern Isles. The chapters look at society and the economy, Women and the family, International relations: war, peace and diplomacy, Law and order: the local administration of justice in the localities, Court and country: the politics of government, The Reformation: preludes, persistence and impact, Culture in Renaissance Scotland: education, entertainment, the arts and sciences, and Renaissance architecture: the rebuilding of Scotland. In many past general histories there was a relentless focus upon the elite, religion and politics. These are key features of any medieval and early modern history books, but The

Scottish People looks at less explored areas of early-modern Scottish History such as women, how the law operated, the lives of everyday folk, architecture, popular belief and culture."

The History of Ayr From 1428 to the Time of Burns.

How did a baby-faced insurance agent wind up tracking Nazi "Werewolf " saboteurs, leading raids behind enemy lines and wrecking havoc with the German war machine? Young Jimmie Miller saw World War II as a career opportunity and signed up for the Army Counter Intelligence Corps thinking he would ride out the war in style. Instead, he wound up fighting his way across North Africa, France, Germany and Austria. Along the way, he found adventure and the career he sought, but it came with endless nightmares and a deeply troubled soul. This book is inspired by whispered stories my father and his Counter Intelligence Corps buddies told each other. In the end, they took their secrets to the grave and I don't pretend this is an accurate account of WW II espionage but it's a great story that covers many forgotten aspects of the war. The intrigue of North Africa, the southern D-Day invasion of France, raids on concentration camps, the recovery of stolen Jewish gold and the destruction of the Nazi's last-ditch terrorist squads: these are the tales my father never told me.

most beautiful—and defiant—noblewoman in all of Britain. After a disastrous first marriage left her with a secret shame, she refuses to accept any man. As royal factions war for England's throne, she and her knights-in-arms go to Harlowe, the border castle that is her birthright. But out of the mists comes an ambush—and a dark, handsome, broadsword-wielding Scottish lord who saves her life. Giles of Moray is immediately taken by the raven-haired, emerald-eyed beauty at his mercy, and as unbidden passion envelops them, Giles pledges his freedom and fiefdom to win Elizabeth's heart. All he demands in return is for the forcefully independent Elizabeth to surrender—completely—to the power of their love.

He captured her for revenge. She stole his heart in return.

He stole a kiss, and found a wife. Ian McCaim is used to following in his brother's footsteps—even if it takes him to medieval Scotland. When he finally completes the time travel ritual, the magic lands him next to Hightower Castle and his big brother, Greyson, is there to greet him. As soon as the rest of the family returns to Hightower, the McCaims can finally go home, but in the meantime, Greyson has a task for Ian: charm the man whose son is fated to play a pivotal role in the Scottish War of Independence. An easy task—or at least it would be if Ian were capable of behaving himself. After a lifetime of having endured stares, Màiri Kelbrue is used to being looked at—the strange mark on her cheek ensures it. So when the handsome man she encounters near her father's loch gawks at her, she assumes the worst. Until he kisses her. The passion
