Romance of the Three Kingdoms Volume 1 of 3 is the first part in the massive history of the end of the Han dynasty.

The book is the volume of "The Military History of Wei, Jin, Southern and Northern Dynasty " among a series of books of "Deep into China Histories". The earliest known written records of the history of China date from as early as 1250 BC, from the Shang dynasty (c. 1600–1046 BC) and the Bamboo Annals (296 BC) describe a Xia dynasty (c. 2070–1600 BC) before the Shang, but no writing is known from the period The Shang ruled in the Yellow River valley, which is commonly held to be the cradle of Chinese civilization. However, Neolithic civilizations originated at various cultural centers along both the Yellow River and Yangtze River. These Yellow River and Yangtze civilizations arose millennia before the Shang. With thousands of years of continuous history, China is one of the world's oldest civilizations, and is regarded as one of the cradles of civilization. The Zhou dynasty (1046–256 BC) supplanted the Shang and introduced the concept of the Mandate of Heaven to justify their rule. The central Zhou government began to weaken due to external and internal pressures in the 8th century BC, and the country eventually splintered into smaller states during the Spring and Autumn period. These states became independent and warred with one another in the

following Warring States period. Much of traditional Chinese culture, literature and philosophy first developed during those troubled times. In 221 BC Qin Shi Huang conquered the various warring states and created for himself the title of Huangdi or "emperor" of the Qin, marking the beginning of imperial China. However, the oppressive government fell soon after his death, and was supplanted by the longer-lived Han dynasty (206 BC – 220 AD). Successive dynasties developed bureaucratic systems that enabled the emperor to control vast territories directly. In the 21 centuries from 206 BC until AD 1912, routine administrative tasks were handled by a special elite of scholar-officials. Young men, well-versed in calligraphy, history, literature, and philosophy, were carefully selected through difficult government examinations. China's last dynasty was the Qing (1644–1912), which was replaced by the Republic of China in 1912, and in the mainland by the People's Republic of China in 1949. Chinese history has alternated between periods of political unity and peace, and periods of war and failed statehood – the most recent being the Chinese Civil War (1927–1949). China was occasionally dominated by steppe peoples, most of whom were eventually assimilated into the Han Chinese culture and population. Between eras of multiple kingdoms and warlordism, Chinese dynasties have ruled parts or all of China; in some eras control stretched as far as Xinjiang and Tibet, as at present. Traditional culture, and influences from other parts of Asia and the Western world (carried by waves of immigration, cultural assimilation, expansion, and foreign contact), form the

Traditional Chinese edition of Nanjing Requiem: A Novel. Ha Jin has written a remarkable story about Minnie Vautrin, the American missionary and dean of Ginling Women's University in Nanjing when the Japanese invaded the city of Nanjing. Vautrin's American identity was not enough to spare the women at Ginling the brutality described in Iris Chang's "The Rape of Nanking." But it could have been much worse without Vautrin's interference. In Traditional Chinese. Distributed by Tsai Fong Books, Inc.

"The Three Kingdoms gives us The Iliad of China. First of the five great works of traditional prose fiction, this master narrative transforms history into epic and has thereby educated and entertained readers of five centuries with unforgettable exemplars of martial and civic virtue, of personal fidelity and political treachery. Moss Roberts's translation, the first complete rendering in English, is one of surpassing excellence and impeccable scholarship. It should delight and captivate Western readers for many more years to come."—Anthony C. This epic saga of brotherhood and rivalry, of loyalty and treachery, of victory and death, forms part of the indelible core of classical Chinese culture and continues to fascinate modern-day readers. In 220 EC, the 400-year-old rule of the mighty Han dynasty came to an end and three kingdoms contested for control of China. Liu Pei, the legitimate heir to the Han throne, elects to fight for his birthright and enlists the aid of his sworn brothers, the impulsive giant Chang Fei and the invincible knight Kuan Yu. The brave band faces a formidable array of enemies, foremost among them the treacherous and bloodthirsty Ts'ao Ts'ao. The bold struggle of the three heroes seems doomed until the reclusive wizard Chuko Liang offers his counsel, and the tide begins to turn. Romance of the Three Kingdoms is China's oldest novel and the first of a great tradition of historical fiction. Believed to have been compiled by the play-wright Lo Kuan-chung in the late fourteenth century, it is indebted to the great San-kuo chi (Chronicles of the Three Kingdoms) completed by the historian Ch'en Shou just before his death in 297 CE. The novel first appeared in print in 1522. This edition, translated in the mid-1920s by C. H. Brewitt-Taylor, is based on a shortened and simplified version which appeared in the 1670s. An Introduction to this reprint by Robert E. Hegel, Professor of Chinese and Comparative Literature at Washington University, provides an insightful commentary on the historical background to the

The novel deals with the plots, personal and military battles, intrigues, and struggles of these states to achieve dominance for a period of almost 100 years. Romance of the Three Kingdoms is acclaimed as one of the Four Great Classical Novels of Chinese literature; it has a total of 800,000 words and nearly a thousand dramatic characters (mostly historical) in 120 chapters.
