Introduction to American politics that provides a critical examination of both political institutions and political behavior. Analyzing major political institutions such as Congress, the courts, the presidency, and the media, this book chronicles how the interests of affluent Americans—particularly business, professional, and corporate interests—dominate over those of “average” citizens. Anthony R. DiMaggio examines American political behavior, as it relates to lobbying, citizen activism, media consumption, and voting, to demonstrate how the public is often misinformed and manipulated regarding major political and economic matters. However, record public distrust of the government and the increasing popularity of mass protests suggest that most Americans are deeply unhappy with the political status quo, and many are willing to fight for change. Political Power in America details this interplay between a political system dominated by the affluent few and the rise of mass political distrust and protest. It offers information and tools needed to better understand the democratic deficit in American politics, while providing opportunities for discussing what we might do to address the mounting crisis of declining democracy. “An original and refreshing introductory text on the United States political system. The originality, coupled with an accessibility of critical concepts, makes this book truly one of a kind.” — Mark Major, author of The Unilateral Presidency and the News Media: The Politics of Framing Executive Power

This is the book you read BEFORE tax time! Buy a house, have children, go to college, lose a job, move...these things affect your taxes, and most people don't investigate the tax implications of them until they file their taxes. This can often be too late. This book makes it easy to review the rules and take action before you lose a bunch of money. The book contains over 80 chapters, most of them based on a life event or a topic, though the early chapters cover basic tax information, advice and other useful bits of information. They are all written in English (not Taxese), and are easy to understand, yet they contain all the details and rules you need to know. Best of all, most chapters have a section where I give my personal advice based on the thousands of tax returns I've completed for my clients. Each chapter also has a short section on how the rules differ for members of the military. Buy the book now, and review it every time something happens in your life. Includes details from the CARES Act passed during the Coronavirus Pandemic as well as the Trump/GOP Tax Bill.

Fully UPDATED for 2018 and the NEW TAX LAW. Mark J. Orr has been a practicing Certified Financial Planner(tm) (CFP(r)) since July 2000 for clients across the country and has also earned the RICP(r) designation (Retirement Income Certified Professional). His financial planning practice is centered on the firm beliefs that 1) people should not pay a dime more in taxes that the law requires... 2) nor should they take an ounce more risk than they need to in order to reach their financial goals. Get Me to ZERO(tm) describes seven synergistic tax strategies to help Americans legally get their future assets and cash-flow off the IRS's radar screen and pay as little as ZERO income taxes during retirement - while simultaneously slashing their investment risks. This book fully explains how implementing these proven tax strategies can offer up to 20%-40% more spendable retirement income than traditional 401Ks, TSPs, 403Bs and IRAs. Judge Learned Hand said, "Anyone may arrange his affairs so that his taxes shall be as low as possible; he is not bound to choose that pattern which best pays the treasury. There is not even a patriotic duty to increase one's taxes. Over and over again the Courts have said that there is nothing sinister in so arranging affairs as to keep taxes as low as possible. Everyone does it, rich and poor alike and all do right, for nobody owes any public duty to pay more than the law demands". That, in a nutshell is the legal basis for the Get Me to ZERO(tm) strategy - proactively and systematically arranging our financial affairs so that our future income taxes will be as low as possible. The whole aim of the Get Me to ZERO(tm) strategy is to make as much of your retirement cash-flow legally "invisible" to the IRS using the full tax code. And the more sources of "invisible" retirement cash-flow - the better. This book is not about tax loopholes! Author Tom Wheelwright, CPA says, "After all, the tax law is really a map - a treasure map. As you follow this map, your taxes go down". If we can't eliminate future income taxes in retirement, we at least want to minimize them by becoming fully informed and proactively using the tax code as it is written and intended. Using the letter and the spirit of our current and longstanding tax laws for future legal "tax avoidance"... NOT "tax evasion" is simply being tax savvy. Whose retirement are you planning for, YOURS... OR Uncle Sams? Wall Street doesn't like the TRIPLE ZERO(tm) plan at all, nor they have embraced ROTH conversions (or even ROTH contributions). Why doesn't Wall Street like ROTH conversions? Because when you convert a traditional IRA to a ROTH, income taxes get paid to the IRS and perhaps your state. That reduces the amount left that Wall Street (your broker or advisor) can make money on (fees and commissions). ROTH conversions give them a 20%-45% pay cut! Showing people how to implement a holistic and comprehensive planning approach that employs several diverse strategies to help people become more financially confident and secure today, while preparing for an extraordinary retirement is the primary goal of this book. Does your current retirement planning include future income tax planning? Do you have a tax-savvy exit strategy for your traditional retirement investments, so you can spend and enjoy more of your hard-earned savings... and pay the IRS less? A quick look at the Table of Contents and reading the first few pages ought to give you a good idea if this book should be on your reading list. It certainly should be if you would like to reduce your taxes in retirement to the lowest amount allowed by law, avoid taxation of your Social Security and enhance you're your overall financial position both today and tomorrow. Pay the IRS less. Keep more and have a better life!

The must-read summary of Donald J. Trump's book: "Time to Get Tough: Make America Great Again!". This complete summary of "Time to Get Tough" by Donald Trump, notorious businessman and president elect, reveals the business leader's plan to restore America to greatness. Tax-Free Wealth is about tax planning concepts. It's about how to use your country's tax laws to your benefit. In this book, Tom Wheelwright will tell you how the tax laws work. And how they are designed to reduce your taxes, not to increase your taxes. Once you understand this basic principle, you no longer need to be afraid of the tax laws. They are there to help you and your business—not to hinder you. Once you understand the basic principles of tax reduction, you can begin, immediately, reducing your taxes. Eventually, you may even be able to legally eliminate your income taxes and drastically reduce your other taxes. Once you do that, you can live a life of Tax-Free Wealth.

With a new postscript on the 2016 presidential primaries, this is the story behind today's headlines. In an absorbing narrative, E.J. Dionne Jr. illuminates the history of Republican politics from the Barry Goldwater era through the Reagan Revolution to the crisis of the 2016 presidential election. With that perspective and contemporary reporting, he explains the unrest and discontent on the Right and the Republican Party's bitter civil war while illustrating why a radicalized conservatism has made governing our country so difficult.--back cover.

Say goodbye to scratching your head in confusion This book on taxes could be the answer you're looking for... Filing taxes is something every business in America needs to do and there is a lot that needs to be learned in this process. It does not matter if you are self-employed or own a limited liability company (LLC). You need to know what the difference is regarding taxes and how to get the most out of your return. Payroll taxes may seem scary. However, you will start to see how simple they are as you read through Chapter 2 of this book. Do you know what deductions you can make as an individual taxpayer and as a business? There are so many tax breaks for a small business that you need to consider. You will see the updated information for deductions and credits that are available to you based on the new GOP tax bill. Best of all, learn how to make the new tax bill work for you so you can maximize your deductions. With the help of this book, you will learn how you can get through those grueling audits and survive the pressure of Uncle Sam and his squad of tax informants. If you have not filed the previous year's taxes, then you may want to check out Chapter 5 as we discuss IRS survival and this particular issue. In chapter 6, you will learn how to make your business taxes work for your business. As a special bonus, in chapter 7, you'll get examples of each of the IRS forms discussed throughout the chapters so you can see what they look like and their purpose. Get the book now and start your learning!

eClean Issue 50: Dominate Your Market, Understanding Deicers, Facebook's New Changes and Your Business, The Trump Tax Plan, and more.

The book I have written actually includes three books in one. The theme of book 1 is stated by Judge Learned Hand in his ruling of *Helvering vs Gregory* 60 Federal (2a) 809 is "Anyone may arrange their affairs that their taxes shall be as low as possible. Nobody owes any public duty to pay more than the law demands". The good news, thanks to the Tax Law, Tax Cuts and Jobs Act of 2017 your taxes have been reduced on a personal and business level. The goal in filing a tax return is to pay the minimum income tax as possible under the tax laws. The tax code gives you plenty of opportunities to accomplish this by taking advantage of valuable tax credits and deductions. Book 2 explains how you can succeed in starting your own business by following the blueprint that I have written for you in this book. The TCJA enables an aspiring entrepreneur to go into business for his/herself, and due to the elimination of several regulations and less taxes, has a much better chance of succeeding. Having your own business can be challenging but it can also be most rewarding. Being your own boss can be very empowering. The business economic climate is the best it has been in years to start your own business. The Tax Cuts and Jobs Act of 2017 by eliminating several regulations and lowering your taxes, personal and business, give you a much better chance of succeeding of going into business for yourself. Book 3 is a copy of the Constitution of the United States of America that states that congress has the power to lay and collect taxes. It also emphasizes why the Constitution is so valuable and needs to be protected at all costs.

Your Wealth Reserve™ reduces the taxes you pay Use your IRS-approved tax shelter-Pay 0% on asset gains. Accumulate \$55,000, \$250,000, even \$1,000,000 tax-FREE. Use your Wealth Reserve™ to reduce the taxes you pay like President Trump. Working people pay about 33% total taxes. The Tax-Credit Class like Warren Buffett, John Kerry, Mit Romney and The Don pay less than 17%. Your Wealth Reserve™ is a legal tax shelter hidden in plain sight. America taxes work more than non-work. Most of the income of wealthy people is dividends, capital gains and interest. It is taxed at 15 or 20%. This is how rich people stay rich. They don't work harder; they just work smarter. The Tax-Credit Class uses hundreds of tax credits and deductions to offset income. Some use their businesses to reduce their taxes because anything they do to further their enterprise is deductible, even when their businesses lose money. Donald Trump claimed losses from his failed casino, airline, yacht and Plaza Hotel deals in 1995 and used the loss of almost a billion (\$-915,729,293) to avoid taxes for up to 20 years. Many wealthy people use NOL "net operating loss" to shield their other incomes from taxation. Congress wrote the laws so they can. President Don has said: "I fight very hard to pay as little tax as possible" because "that makes me smart." If I did pay taxes, "it would be squandered, too, believe me." We can use some of the same tax credits and strategies he uses. For instance, in 1978 and 1979, he paid no tax on at least \$3.4 million revenue. How did he do it? Based on what we know from those early returns, real estate operations can be a great way to offset income. In fact, Congress allowed him to deduct the money he borrowed to do the failed real estate project. Most of us are not going to be real estate developers but are we using all of our tax credits as business owners and homeowners? Our system lets wealthy people delay IRS payments, invest the money and make a killing, according to expert David Cay Johnston. We can take advantage of the Tax Credits available to us.

A book to challenge the status quo, spark a debate, and get people talking about the issues and questions we face as a country!

Taxes Come First The 2017 Trump Tax Cuts and Jobs Act has lowered tax rates for the beleaguered American taxpayer. We live in a Golden Age of Taxes. The clock is ticking. The Trump tax cuts are slated to expire in 2025, while a regime change in Washington could undo them as early as 2021. Like grave robbers opening King Tut's tomb, Congress -- with no debate or public discussion -- plans to raid your retirement accounts for even more money under the so-called "SECURE" Act. Hang on to your wallet. Nationally recognized investment advisor Phil DeMuth decrypts the 73,954 pages of tax code to show you where the trip-wires lie. He offers simple rules of thumb to navigate the minefield, all in sparkling English. If you aren't playing the long game with your taxes now, you are sending a valentine to the U.S. Treasury every April 15 with a needlessly fat check attached. DeMuth shows how to safely pare your investment tax bill down to the legal minimum requirement. It adds up to a small fortune that would be better spent on your life, your family, and your retirement.

Fully updated for the 2019 – 2020 season, this essential book covers everything you need to know about saving money on tax day—and every other day of the year. Whether you're a consultant, business owner, independent contractor, or home filer, you'll learn how to legally, morally and ethically take advantage of the tax system to get a yearly subsidy of \$5,000 or more back from the IRS—and bulletproof your records forever. Written by tax expert and former IRS attorney Sandy Botkin, this is a must-have resource for saving thousands of dollars at tax time. Lower Your Taxes Big Time! shows you how to: •Properly document any business deduction so you never have to worry

about being audited • Get a tax subsidy of \$5,000 or more for starting up your own home-based business • Turn tuition, entertainment, orthodontia, and other expenses into huge deductions • Take advantage of small-business tax changes and extensions recently passed by the American Tax Cuts and Jobs Act, and more. • Learn how to easily navigate and maximize the new 20% pass through deduction for most small businesses

Noted tax expert and award-winning finance author Eva Rosenberg presents one of the first – if not the first – guides to Trump's newly enacted tax plan, providing individual tax payers with a roadmap to making the most out of this historic tax reform. Part One will provide plain English overview of what's new and how it will affect individual taxpayers as well as the larger goals of tax reform. Part Two will feature nearly 300 tax tips that will provide specific instructions on how to take advantage of the new tax law.
