From video production to promotion, author Jason R. Rich details how to use the power of YouTube to promote business brands, products, or services, ultimately attracting new customers. Unfamiliar entrepreneurs receive a full tutorial on pre-production and production essentials, from developing video ideas that attract attention to overcoming lighting and sound challenges. Amateur producers receive a full list of equipment needed, and they gain tips from well-known YouTube users on how to produce quality spots without breaking the bank. After covering the basics, Rich — joined by YouTube-savvy entrepreneurs — reveals how small business owners can drive viewers to contact their business. Rich also shows entrepreneurs how they can make money, while promoting themselves.

The New York Times bestselling book that presents all of the insights, tips, and strategies needed to make money—and lots of it—online. If you think you've missed the window of opportunity in the digital world, successful Internet entrepreneur Marc Ostrofsky says otherwise. DISCOVER YOUR PASSION! FEEL YOUR WHY! TELL YOUR STORY! CLAIM YOUR HAPPY! Starting a business can be an amazing time, but it can also be full of potential pitfalls. If you do not take the right steps, you could find your business stuck on a plateau. Businesses that grow stagnant on the plateau end up failing. In *Plateau to Summit: The Ultimate Guide to Take Your Business to the Top*, Ursula Garrett helps you to create a foundation for the success of your business. With her unique experience, Ursula helps you to keep your business on the path of growth, helping you enjoy success at every level. Along the way, she asks you to define your vision and gives you the tools to define the why for you and your company. Ursula shares the common pitfalls of business owners and how to avoid them. Ursula teaches you the tools you need to put your business on the path to explosive growth. No matter if you just started your business or have been in business for years, *Plateau to Summit* can give you the keys to build up your business. No matter your goals, Ursula's guide can give you the ability to reach them successfully. This book is a must have for any business owner, no matter your industry. It can assist you in building a business plan and an exit strategy, plus everything in between. Do not get stuck on a plateau but move your business toward the summit of your personal and professional success!

Say goodbye to scratching your head in confusion This business valuation book could be the answer you're looking for... Whether you're looking to buy or sell a business, to invest in the stock market or become a business angel, or simply to get a better idea of what your business is worth, this book contains the information you need. Each type of valuation method is introduced in turn: assets based, revenue based, earnings and cash flow based, together with discounted cash flow and 'rule of thumb' valuations. This book will show you how to calculate the value of the business. You'll also learn the strengths and weaknesses of each method of valuation; where they're useful and where they are of limited value. Does that sound as if the book is a dry, mathematical text? Far from it. *Business Valuation: The Ultimate Guide to Business Valuation for Beginners, Including How to Value a Business Through Financial Valuation Methods* contains real examples and talks about the 'art' as well as the 'science' of valuation. You'll also get a chapter that is focused on due diligence ('kicking the tyres'). Once you've read this book you should have a good handle on how to value a business. Maybe you won't be a highly paid McKinsey consultant, but you'll have what it takes to know what a business is worth, and you'll have enough smarts to avoid the obvious traps and pitfalls, such as 'dressing up' profits. That can make the difference between selling your business at a price that funds your retirement, and coming up short - or the difference between buying a great business at a good price, or paying over the odds for a moribund company. Here are just some of the topics that are discussed in this book: Why you might need a business valuation The basic concepts behind business valuation Profit based approaches Revenues based approaches Asset based approaches Discounted cash flow Sector-specific approaches And Much, Much More So, what are you waiting for? Start your learning now by getting this magnificent book!

The world is changing. The way we do business, the way we shop, the way we socialize and the way we run successful marketing campaigns In *Tumblr for Business*, Gabriela Taylor, an expert in online marketing and social media, shows you not only how Tumblr can be used to showcase your brand to a worldwide audience, but also how to create social buzz and take your business to the next level. Amazon reviewer Andrew David states, "Gabriela Taylor really knows how to keep things simple but detailed, which I liked because I did not know what I was doing at the start." If your customer demographics skew young, your business and Tumblr could be a perfect match, since half of Tumblr's users are under 25. There are 100+ million Tumblr blogs and only 67+ million sites running on WordPress. The popular website, valued at \$1 billion plus, allows the use of multimedia and can brag of 13 billion global page views in just one recent month and 75 million posts daily. "This book is really a soup to nuts guide on how to register for and set up a Tumblr blog to advanced Tumblr marketing strategies for your product or service," says Amazon reviewer Jennie Zahn. "Gabriela Taylor also provides other ways to use Tumblr to make money. Is it the ultimate guide? I'd have to say Yes. It's the best guide I've read for Tumblr. There's a thoughtful comparison of Tumblr and other social media sites like Facebook & Twitter." Zahn also liked the "step-by-step instructions to set up and enhance a Tumblr site. There's also great information on how to integrate other tools and features with Tumblr. . . . I thought the best part covered advanced strategies and monetization. Taylor writes clearly and is obviously an expert Tumblr user. I also think the book is underpriced for what you get. I'd highly recommend it for anyone considering using Tumblr at any level."

Are you daydreaming right now from your cube or home office about the notion of starting an event planning business? Perhaps you've been working in the events and meetings industry for several years and think that now is a good time to figure out how to work for yourself. Or maybe you've helped organize a few events in the past and feel that this could be your life's passion. These are all good reasons to pursue this profession. But anyone who contemplates the fantasy of starting their own event planning business must follow some important steps before you even beginning to talk to clients.

"Ditch your 9-5 and work anywhere in the world. Pick up this book and let's get started."--Back cover.
