Easy Origami

12 step-by-step origami animal projects for children, including paper to make them with. Suitable for children from age 5 and upwards, Mari Ono's origami pets are a wonderful introduction to paper-folding for kids. This is the perfect book for children who love animals and crafting, with projects including dogs, cats, a parrot, a hamster, and for those who prefer something a little less furry, a slithering snake! All the projects are fun to make as well as play with. There are amazing animal facts throughout, so children can learn while they craft. Each project has simple step-by-step instructions and clear photographs, as well as helpful arrows showing where to fold. There are skill ratings, so children can start with an easy project and then move on to something a bit more challenging until, eventually, they are easily impressing friends with their paper-folding skills. Specially designed pieces of origami paper are included with the book, so children can start crafting straight away.

There are step-by-step picture instructions in this book showing exactly what to draw with lots of ideas for adding details and backgrounds. A wide range of examples are given from soccer players and ballerinas to kings, queens and workmen.

Describes outer space and the history of astronomy, including the planets of the solar system, the life of a star, the origin of constellations, and how stars are photographed.

Following on the success of 100 paper planes, this title features new planes based on four different layouts, each decorated with its own unique colours, motifs and patterns - ranging from Aztec prints to fighting tigers to sci fi. It features clear and concise instructions on how to fold and throw the planes.

This giant pad is crammed full of puzzles and games that will keep children occupied for hours. There are 17 solo games and 13 to play with a friend, including classics such as Os and Xs, word searches, matching games and Sudoku, as well as little known gems. The back of each sheet features outline illustrations to complete and colour in, and answers are included on separate sheets.

This visually astonishing story takes children on a journey into and through the brain. Simple but beautifully illustrated metaphors explain the different jobs that our brains do, and how they use brain cells to accomplish them. From the senses to sleep, memories to making decisions, this book brings the wonder of brains and brain science to life. Conceived, written and designed by Dr Betina Ip, a practising neuroscientist who is also an artist, and a parent of two young children. Combines anatomical illustrations with metaphorical representations of brain at work. An information book that has the look and feel of a picture book.

Stick figures to the dark side only lead! To doodle like a Jedi you must learn! With this companion to the blockbuster bestselling Origami Yoda series, beloved author Tom Angleberger—with the help of the kids from McQuarrie Middle School—presents young Padawans with dozens of activities from the Star Wars universe. Padawans can learn how to

fold R2-D2 and C-3PO, draw Jabba, and even build a fully functioning ChapStick rocket! Other Force-mastering activities include: "Kellen's Guide to Cool Letters," "Mike's Complete Rules and Tips for Pencil Pod-Racing," "Rhondella's Tips for Photographing Origami," and much more! With Tom Angleberger's goofy sense of humor and accessible art style, Art2-D2's Guide to Folding and Doodling is sure to satisfy and inspire the millions of Origami Yoda and Star Wars fans. May the doodles be with you! Includes 16-page color insert with 10 pages of colored pull-out origami paper; instructions to make Yoda, Darth, C-3PO, Admiral Ackbar, and R2-D2; a section on photographing your origami creations, and two Star Wars backdrops to photograph them against. This is the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, showcasing his proven knack for authentically capturing the intrigues, fads, and dramas of middle school in "a satisfying tale of friendship and just resistance to authority" (Kirkus Reviews, starred review). Praise for Art2-D2's Guide to Folding and Doodling "Once again, Angleberger's humor, which presents itself in the text through characters from the series, in both human and origami form, connects with middle-grade readers. 'Art2' and the other 'Origami Yoda' books are the ultimate example of the by-a-fan/for-the-fans format, which succeeds if executed properly. This did he." --Florida Times-Union "Excellent activity-book offshoot of Angleberger's bestselling Origami Yoda series... The banter and tongue-and-cheek humor of the previous books is present, along with encouragement." --Publishers Weekly "The presentation's offbeat attitude, ingenuity, and wit, many libraries will want to stock this high interest book..." --Booklist "Fans (and nonfans, if there are any) of the "Origami Yoda" series (Abrams) and website will find new opportunities aplenty for foolery in this spinoff compendium of progressively challenging hands-on instructions for drawing, folding, and goofing around with (mostly) Star Wars characters." --School Library Journal
