"In whichever way he thinks, Mathew remains a brilliant management professional of this generation. I am not surprised he produced an essential, must-have information source of this quality" Professor Andrew Apter Director, James S. Coleman, African Studies Centre, University of California, Los Angeles (UCLA), 405 Hilgard Avenue, Box 951310 Los Angeles, CA 90095 - 1310 "In this book, Mathew has proved that attitude is the singular most important ingredient of personal and professional success. If you desire to be upwardly mobile in your profession, and to achieve quantum leaps in your career progression, the book is meant for you" Gayle Skinns Recruitment Consultant, Adecco UK Limited "I have consulted books on the subject of having to change jobs.

What stand 'Winning Your Right Job' out are its outcome-focused instructions on how to do things; the way it teaches how not to do things in the course of seeking to move up and move on in highly competitive environments; as well as the way it seeks to develop the supervisory, managerial and leadership know-how in the individual" Ibukun Oderinu Ex Human Resources Controller, Oasis Group, Nigeria (Now Managing Director/Chief Executive, Mario Consulting Limited, Nigeria "Rather than giving us fish, Mathew has given us an enduring training on how to fish in the oceanic waters of the labour market. Whosoever consults this book is bound to win not just jobs, but those high-profile ones that are rare to come by" Adeyinka A. Aladetoyinbo Release Officer, Small Business Releases, Australia New Zealand Bank, Australia.

I was 21 when I finished my University degree in Computer Visualization and Games. I was a freshman with no work experience in this field. I was looking for jobs in computer field, mainly games development, web design or 3d animation. It was hard to get 1 interview; I remember those days when I use to apply for dozens of jobs every day. I have been to countless online job recruiters (Reed, Monster, Indeed, etc.) Also, in many Job Center Plus and career advisors such as: Seetec, YMCA and many others. Been in many libraries not for reading books but to apply and to get advice in how to get in to the job market. It was taught but eventually I landed in my desired field. Every time I visited the above places my CV was rewritten countless times, until I found how to write a perfect CV from employers' point of view. This took a lot of patients and hard work but eventually I started to get dozens of interviews. I found the secret of writing an interview winning CV. Every time I used to apply for just a few jobs and would get 1 to 3 interviews a week. And this is what I want you to archive. I want you to get job interviews, I want you to learn how to write an interview winning CV. A CV that is written from employers' point of view. In this book titled "CV Resume Writing Techniques Get Hired Immediately" you will learn all the CV writing techniques that will guarantee you an interview. Plus, many interview winning techniques that you should know such as: how to prepare for an interview, how to do research before an interview, most common questions at an interview and how to answer them. After reading this book you will be able to write you own CV from employers' point of view that will give you multiple job interviews a week. Results may vary; however, this book is based on my experience in how I got multiple interviews by learning how to write a perfect CV. I also share with you on this book several ways in how to apply for jobs. Not only online but also by writing a cover letter and sending speculative letters.

Research scientists play a pivotal role in society. Their passion for science will drive them forward, leading to new discoveries that will ultimately make the world a better place. Unfortunately, as the professional environment becomes more and more competitive, research scientists today cannot just rely on technical knowledge to carve successful careers. Besides technical skills, they will need to acquire other skills, such as how to communicate their science to the outside world. A Survival Guide for Research Scientists is a one-stop-shop that will help you to develop those core skills not often taught at school or university. The book has been written by an author with more than 20 years of scientific research experience (across different scientific disciplines). She has not only been a research scientist but also a writer, a consultant, a sole-trader and a project manager. A Survival Guide for Research Scientists takes on a holistic approach in order to help you pave the way for success. As such, it features practical guidelines on how to: • conduct your scientific research (how to: do literature review, design experiments, adopt best practice, ensure health and safety, etc.). • write and edit (reports, bid proposals, peer review publications, etc.). • interact with the outside world (be a team leader, manage a project, network, deal with difficult people, do presentations, organise meetings, etc.). • look after your career (and get your dream job). • look after yourself (and how to manage stress). • look for a job (develop your CV, prepare for interviews, etc.). • become self-employed (and achieve business success). • deal with redundancy (and move forward in life, etc) Whatever your scientific background may be, this book is the perfect accompaniment, to guide you at every stage of your career. In this book, Martin Yate who is widely respected as 'the' expert on all career matters, describes how to create an irresistible CV that will open the doors to job interviews and offers of employment.
