splendid isolation -- embodies the myriad and contradictory historical forms of nationhood. This volume covers a range of subjects drawn from Italy and abroad to study Italian national identity. Whether considering opera or Ninja Turtles, the essays reveal how cultural identity is constructed and manipulated -- an issue made urgent by the influx of African, Indochinese, and Eastern European immigrants into Italy today. Topics include exile, nationalism, and imagined communities, Italy's colonial "unconscious", and Mussolini's adventures in North Africa.

The first edition was called "the most valuable film reference in several years" by Library Journal. The new edition published in hardcover in 2001 includes more than 670 entries. The current work is a paperback reprint of that edition. Each entry contains a mini-essay that defines the topic, followed by a chronological list of representative films. From the Abominable Snowman to Zorro, this encyclopedia provides film scholars and fans with an easy-to-use reference for researching film themes or tracking down obscure movies on subjects such as suspended animation, viral epidemics, robots, submarines, reincarnation, ventriloquists and the Olympics ("Excellent" said Cult Movies). The volume also contains an extensive list of film characters and series, including B-movie detectives, Western heroes, made-for-television film series, and foreign film heroes and villains.

Once upon a time, science fiction was only in the future. It was the stuff of drive-ins and cheap double-bills. Then, with the ever-increasing rush of new, society-altering technologies, science fiction pushed its way to the present, and it busted out of the genre ghetto of science fiction and barged its way into the mainstream. What used to be mere fantasy (trips to the moon? Wristwatch radios? Supercomputers capable of learning?) are now everyday reality. Whether nostalgic for the future or fast-forwarding to the present, *The Sci-Fi Movie Guide: The Universe of Film from Alien to Zardoz* covers the broad and widening range of science-fiction movies. From the trashy to the epic, from the classics to today's blockbusters, this cinefile's guidebook reviews nearly 1,000 of the biggest, baddest, and brightest from every age and genre of cinematic and TV science fiction. You'll find more than just Star Wars, Star Trek, and Transformers, with reviews on many overlooked and under-appreciated gems and genres, such as ... • Monsters! Pacific Rim, Godzilla, The Thing, Creature from the Black Lagoon • Superheroes: Thor, Iron Man, X-Men, The Amazing Spider-man, Superman • Avant-garde masterpieces: Solaris, 2001, Brazil • and many, many more categories and movies!!

This book collects the reviews originally published on the Crossover Comics blog comparing IDW's Teenage Mutant Ninja Turtles graphic novels to the Original Mirage books. Since April 2012, I have had a lot of fun attempting to connect the dots and figure out what influenced this new timeline. I try to stick to the Mirage comics as much as possible, but Tom Waltz, Kevin Eastman, and Bobby Curnow are drawing from all corners of the Turtleverse to write the best iteration of the Ninja Turtles to date. "Really enjoying these! Love the side-by-side comparison of old and new. Thanks!" Tom Waltz, IDW TMNT Writer

Ever wondered what a superhero eats for breakfast? Do they need a special diet to feed their superpowers? The odd metabolisms of superheroes must mean they have strange dietary needs, from the high calorie diets to fuel flaming bodies and super speeds, to not so obvious requirements for vitamins and minerals. *The Secret Science of Superheroes* looks at the underpinning chemistry, physics and biology needed for their superpowers. Individual chapters look at synthesising elements on demand, genetic evolution and what superhero suits could be made of. By exploring these topics, the book introduces a wide range of scientific concepts, from protein chemistry to particle physics for a general scientifically interested audience. With contributions from leading science communicators

Inspired by his blog of the same name (which is inspired by what the author considers to be one of the great all-time "Simpsons" quotes), So, Do You Like ... Stuff? is a collection of Mike Kenny's funniest material. Follow the author as he questions whether or not he picked up the correct child from daycare. Watch and learn as he interprets nonsensical hit songs. Feel for him as he attempts to accomplish the mundane tasks assigned to him by his father-in-law. Hide in fear with him as he passively fights off grizzly bears by hoping they go away. So, Do You Like ... Stuff? is a compilation of newly improved, reedited columns and blog posts, as well as original, previously unreleased material. "Stuff" may cover a wide range of topics, but the themes here are common to everyone-family, work, health, ... cat condominiums. The usual. Just, unusually funny.

The Verge of Psychosis is a look into the uncovered diary of delusional aspiring actor Trott Felipe, who chronicles his first year in Hollywood, pursuing his dream. Unfortunately, he's a \$%#*&^@ idiot. Trott's story starts off like that of any other aspiring-actor-moving-from-Iowa-to-Hollywood-type. You know stapling headshots to trees in Studio Exec's neighborhoods, attending mobile acting classes on short school buses, getting assaulted for wearing camouflage, and getting kicked out of Lakers games. But what makes Trott stand out in a crowd? Well nothing really, except for his mind, but not in a good way. Trott's driven, yet clueless. He's outgoing, yet totally secluded. How do you become secluded in Hollywood you ask? Trott finds a way, just as he does with everything in life. But unfortunately, with all of the compromising, "open-mindedness" and talking to inanimate objects, he doesn't realize he is slowly slipping into psychosis...and things could turn fatal...for everybody.

"Attack on Technodrome" begins! Time is short as Krang accelerates his plan to terraform the Earthf which will kill all who live on it! A surprise alliance results in a daring plan--and the stakes have never been higher!
