"Hedge Fund Market Wizards will be a modern day sequel to the highly successful *Market Wizards* and *New Market Wizards* written over 20 years ago. These two earlier volumes have become classics in the investment literature and have been read by virtually every hedge fund manager, as well as by a much broader lay audience. This new volume in the series will follow the same effective formula used by its predecessors. The book will devote a chapter to each of a broad array of highly successful traders, ranging widely in the markets they trade and their methodologies, but sharing in their achievement of superior performance. Each chapter, following the original format, will include an introductory section, a core section based on an interview with the trader, and a conclusion section that seeks to draw useful trading and investment lessons illustrated by the trader's approach and advice"--

field's leading experts pulls back the veil on trend following, showing how it works and how you can take advantage of it. Michael Covel reveals the "underground" network of little-known traders and hedge fund managers who've been using trend following for decades. He introduces its fundamental concepts and techniques, showing why market prices contain all the information investors need, and how to understand price movements well enough to profit from them. Using 100 pages of easy-to-understand charts from top trend followers, Covel proves the strategy works -- and shows why only a technical system based on following price trends can win over the long term. Covel presents more than a decade's worth of data: information you'd otherwise pay a fortune to see presented this clearly. He also shows even more backtested trend following results, so you can gain even greater confidence in the method. Along the way, Covel thoroughly debunks misinformation and failed advice from pros who ought to know better. This timely book capitalizes on today's intense volatility and uncertainty to give investors what they're desperately searching for: a strategy that really works.

The best-selling trading book of all time—updated for the new era *The New Trading for a Living* updates a modern classic, popular worldwide among both private and institutional traders. provides clear rules for both. The New Trading for a Living includes templates for rating stock picks, creating trade plans, and rating your own readiness to trade. It provides the knowledge, perspective, and tools for developing your own effective trading system. All charts in this book are new and in full color, with clear comments on rules and techniques. The clarity of this book's language, its practical illustrations and generous sharing of the essential skills have made it a model for the industry—often imitated but never duplicated. Both new and experienced traders will appreciate its insights and the calm, systematic approach to modern markets. The New Trading for a Living will become an even more valuable resource than the author's previous books:

- Overcome barriers to success and develop stronger discipline
- Identify asymmetrical market zones, where rewards are higher and risks lower
- Master money management as you set entries, targets and stops
- Use a record-keeping system that will make you into your own teacher

Successful trading is based on knowledge, focus, and discipline. The New Trading for a Living will lift your trading to a higher level by sharing classic wisdom along with modern market tools.
