

True Allegiance Ben Shapiro

"An elegant and thoughtful dismantling of perhaps the most dangerous ideology at work today." — BEN SHAPIRO, bestselling author and host of "The Ben Shapiro Show" "Reading Noah Rothman is like a workout for your brain." — DANA PERINO, bestselling author and former press secretary to President George W. Bush There are just two problems with "social justice": it's not social and it's not just. Rather, it is a toxic ideology that encourages division, anger, and vengeance. In this penetrating work, Commentary editor and MSNBC contributor Noah Rothman uncovers the real motives behind the social justice movement and explains why, despite its occasionally ludicrous public face, it is a threat to be taken seriously. American political parties were once defined by their ideals. That idealism, however, is now imperiled by an obsession with the demographic categories of race, sex, ethnicity, and sexual orientation, which supposedly constitute a person's "identity." As interest groups defined by identity alone command the comprehensive allegiance of their members, ordinary politics gives way to "Identitarian" warfare, each group looking for payback and convinced that if it is to rise, another group must fall. In a society governed by "social justice," the most coveted status is victimhood, which people will go to absurd lengths to attain. But the real victims in such a regime are blind justice—the standard of impartiality that we once took for granted—and free speech. These hallmarks of American liberty, already gravely compromised in universities, corporations, and the media, are under attack in our legal and political systems.

"Topical, engaging, personable, and above all, reassuring." -Dr. Jordan B. Peterson, author of 12 Rules for Life From host of The Rubin Report, the most-watched talk show about free speech and big ideas on YouTube right now, a roadmap for free thinking in an increasingly censored world. The left is no longer liberal. Once on the side of free speech and tolerance, progressives now ban speakers from college campuses, "cancel" people who aren't up to date on the latest genders, and force religious people to violate their conscience. They have abandoned the battle of ideas and have begun fighting a battle of feelings. This uncomfortable truth has turned moderates and true liberals into the politically homeless class. Dave Rubin launched his political talk show The Rubin Report in 2015 as a meeting ground for free thinkers who realize that partisan politics is a dead end. He hosts people he both agrees and disagrees with—including those who have been dismissed, deplatformed, and despised—taking on the most controversial issues of our day. As a result, he's become a voice of reason in a time of madness. Now, Rubin gives you the tools you need to think for yourself in an age when tribal outrage is the only available alternative. Based on his own story as well as his experiences from the front lines of the free speech wars, this book will empower you to make up your own mind about what you believe on any issue and teach you the fine art of:

- Checking your facts, not your privilege, when it comes to today's most pervasive myths, from the wage gap and gun violence to climate change and hate crimes.
- Standing up to the mob against today's absurd PC culture, when differences of opinion can bring relationships, professional or personal, to a sudden end.
- Defending classically liberal principles such as individual rights and limited government, because freedom is impossible without them.

The Progressive Woke Machine is waging war against the last free thinkers in the world. Don't Burn This Book is the definitive account of our current political upheaval and your guide to surviving it.

2019 was the year of the "wokescolds" and the "woke inquisitors"—the new representatives of moral panic in America. Fresh faces in Congress, a wave of ever-radical Democratic presidential candidates, and the left's media minions went full throttle in their crusade to fundamentally change our society. Their "activism" was merely complaints without solutions, and manufactured narratives, all of which reared their ugly head in landmark events like the impeachment of President Donald Trump. Read all about this systemic political pandering, and the prognosis for our culture, in this collection of syndicated columns from bestselling author Ben Shapiro.

In his latest column collection, controversial conservative radio host Ben Shapiro breaks down the Trump phenomenon and its implications on the political establishment and conservatism. He's unafraid to point a finger at all those accountable for his rise and election—Democrats and Republicans alike, the media, Hollywood elites, and even the cult of personality—and offers lessons that Trump's nomination should teach Republicans.

In a Culture of Distortions, Discover God-Defined Womanhood and Beauty In a culture where airbrushed models and career-driven women define beauty and success, it's no wonder we have a distorted view of femininity. Our impossible standards place an incredible burden of stress on the backs of women and girls of all ages, resulting in anxiety, eating disorders, and depression. One question we often forget to ask is this: What is God's design for womanhood? In Girl Defined, sisters and popular bloggers Kristen Clark and Bethany Beal offer women a countercultural view of beauty, femininity, and self-worth. Based firmly in God's design for their lives, this book helps women rethink what true success and beauty look like. It invites them on a liberating journey toward a radically better vision for femininity that ends with the discovery of the kind of hope, purpose, and fulfillment they've been yearning for. Girl Defined helps readers

- discover God's design for femininity and his definition of a successful woman
- uncover the secrets of lasting worth, purpose, and fulfillment
- be equipped and empowered to live out a radically better vision for womanhood
- gain personal insight through the chapter-by-chapter study guide

She wondered if he was the man she was searching for. How many men after all could have that name, and be both a retired musician and a former Luftwaffe ace? She had so many unanswered questions. How would he explain the violence, the many deaths by his own hand? How had he survived when so many of his comrades perished under the guns of the Allied air armadas? And most important, had this man somehow found redemption? Or was he just another grizzled old Nazi living out his last days in undeserved anonymity, still unrepentant for the horrors his people inflicted upon the world, and her people in particular. Rachael Azerod, a New York reporter, flies to London to interview Harmon Becker, the former German WW II hero whom Hitler himself awarded the highest honors—but she has her own reasons for meeting. Was he just a soldier? Or did he do something so astounding that not even he was willing to remember it...until now. Of Another Time and Place is a novel about love, redemption, and two young lovers separated by war and desperate to survive the unparalleled violence consuming their war-torn nation. It is the story of a country gone astray, mesmerized by their mad Fuehrer, and the artist-turned-warrior and his courageous bride who vow to break his spell and make a difference, even if it means dangling at end of a Nazi rope. A worthy addition to the pantheon of beloved war novels from A Farewell to Arms to All Quiet on the Western Front, Brad Schaeffer's gripping story draws the reader into the very heart of the conflagration that was the Second World War. He takes the reader deep into the conflicts that raged not only in the skies over Germany, but within the hearts of combatants and non-combatants alike who found themselves trying to maintain their humanity when all decency seemed to have abandoned the happy lives they once knew.

A lot has changed since 2015, and Ben Shapiro has something to say about it. In this curated sequel to "Facts Don't Care About Your Feelings," Shapiro breaks down American politics from 2015 to today like you've never seen before. Review political dog fights and the Democrats' radicalism problem through a poignant lens. Analyze the novel coronavirus and its economic implications through a perspective too often stamped out by the mainstream media. Explore the absurdities of "anti-racism," "mostly peaceful" protests and other leftist attempts to rewrite America. And discover pieces of the American identity—unity, free speech, capitalism and so much more—we have lost in the mayhem.

True AllegiancePost Hill PressTrue AllegiancePost Hill Press

America's worst ideas and people are rising to the top, thanks to a rancid culture that has turned every part of our lives into a fight between so-called "privilege" and entitled brats claiming "victim" status. The country is under siege and America's most ferocious enemy is already here: our privileged victims. On university campuses, in the news media, and in Hollywood, race, gender, and sexuality determine who should advance and who should be taken down a peg. Driven by "social justice" and governed by "intersectionality," out-of-control college students, school administrators, journalists, and titans of the entertainment industry divide and rank us on an infinite scale of grievance—the more of them, the better. And God have mercy on any individual deemed to benefit from "privilege." Privileged Victims zealously exposes the lies and myths behind: • The #MeToo movement that redefined sexual assault and rape to include simple regret, ruining the lives and careers of countless men • Hoax hate crimes, a key feature of the privileged victim class • The debate over our jungle-like immigration system, dumbed down by a scheming national news media to ugly charges of racism and xenophobia • Hollywood, which no longer aims to produce high-quality entertainment, but to virtue signal and promote "social justice" And so much more. In gripping detail, Eddie Scarry uncovers the perversion behind social justice and its identity-first dogma that's replacing America's meritocracy, tracing its origins in academia and shining a light on the havoc it has wrought over the course of three decades. Bewildered citizens mistakenly believe that it's a matter of political correctness gone too far or the ailing symptoms of a country that has grown too sensitive. The truth is much worse: it's a deliberate, malignant reorganization of American life and the replacement of merit with mediocrity is the ultimate destination. "How did everyone in America get so unhappy all of a sudden? In part, because it pays. Eddie Scarry lays out the scam in this infuriating and fascinating book. It'll make you never want to complain again, just for the sake of being countercultural." —Tucker Carlson, Host of "Tucker Carlson Tonight" on Fox News and Author of Ship of Fools "What I love about Eddie is his courage. He knows the outrage mob is constantly coming and he doesn't care. Some of us call that being a First Amendment advocate. Count me as a fan and a reader."—Megyn Kelly

War is coming. The first skirmishes are already being fought. The crisis America faces is between two incompatible visions of the future, and a nation sharply divided between them. Will we become this diverse beacon of tolerance where we forget our past and embrace socialism and political correctness? Or, will we stand for our traditional beliefs, values, liberty, and sovereign government as free citizens our Founders did? Between these two paths, it becomes clearer each day no happy compromise exists to be reached, and as the arguments become more heated and the fights spill into the street, this battle to define America for generations to come is just beginning. To understand the reasons for the fight, the players shaping this conflict, the groups who will be on each side, and what this potentially means for your family and our nation, this brutally candid account offers a vital glimpse toward dark days ahead.

What will the fracturing of the United States look like? After the Revolution is an edge-of-your-seat answer to that question. In the year 2070, twenty years after a civil war and societal collapse of the "old" United States, extremist militias battle in the crumbling Republic of Texas. As the violence spreads like wildfire and threatens the Free City of Austin, three unlikely allies will have to work together in an act of resistance to stop the advance of the forces of the white Christian ethnostate known as the "Heavenly Kingdom." Our three protagonists include Manny, a fixer that shuttles journalists in and out of war zones and provides footage for outside news agencies. Sasha is a teenage woman that joins the Heavenly Kingdom before she discovers the ugly truths behind their movement. Finally, we have Roland: A US Army vet kitted out with cyberware (including blood that heals major trauma wounds and a brain that can handle enough LSD to kill an elephant), tormented by broken memories, and 12,000 career kills under his belt. In the not-so-distant world Evans conjures we find advanced technology, a gender expansive culture, and a roving Burning Man-like city fueled by hedonistic excess. This powerful debut novel from Robert Evans is based on his investigative reporting from international conflict zones and on increasingly polarized domestic struggles. It is a vision of our very possible future.

Instant New York Times bestseller "Howard Zinn on acid or some bullsh*t like that." —Tim Heidecker The creators of the cult-hit podcast Chapo Trap House deliver a manifesto for everyone who feels orphaned and alienated—politically, culturally, and economically—by the lanyard-wearing Wall Street centrism of the left and the lizard-brained atavism of the right: there is a better way, the Chapo Way. In a guide that reads like "a weirder, smarter, and deliciously meaner version of The Daily Show's 2004 America (The Book)" (Paste), Chapo Trap House shows you that you don't have to side with either sinking ships. These self-described "assholes from the internet" offer a fully ironic ideology for all who feel politically hopeless and prefer broadsides and tirades to reasoned debate. Learn the "secret" history of the world, politics, media, and everything in-between that THEY don't want you to know and chart a course from our wretched present to a utopian future where one can post in the morning, game in the afternoon, and podcast after dinner without ever becoming a poster, gamer, or podcaster. A book that's "as intellectually serious and analytically original as it is irreverent and funny" (Glenn Greenwald, New York Times bestselling author of No Place to Hide) The Chapo Guide to Revolution features illustrated taxonomies of contemporary liberal and conservative characters, biographies of important thought leaders, "never before seen" drafts of Aaron Sorkin's Newsroom manga, and the ten new laws that govern Chapo Year Zero (everyone gets a dog, billionaires are turned into Soylent, and logic is outlawed). If you're a fan of sacred cows, prisoners being taken, and holds being barred, then this book is NOT for you. However, if you feel disenfranchised from the political and cultural nightmare we're in, then Chapo, let's go...

Now a #1 New York Times Bestseller. Human beings have never had it better than we have it now in the West. So why are we on the verge of throwing it all away? In 2016, New York Times bestselling author Ben Shapiro spoke at the University of California—Berkeley. Hundreds of police officers were required to protect his speech. What was so frightening about Shapiro? He came to argue that Western civilization is in the midst of a crisis of purpose and ideas; that we have let grievances replace our sense of community and political expediency limit our individual rights; that we are teaching our kids that their emotions matter more than rational debate; and that the only meaning in life is arbitrary and subjective. As a society, we are forgetting that almost everything great that has ever happened in history happened because of people who believed in both Judeo-Christian values and in the Greek-born power of reason. In The Right Side of History, Shapiro sprints through more than 3,500 years, dozens of philosophers, and the thicket of modern politics to show how our freedoms are built upon the twin notions that every human being is made in God's image and that human beings were created with reason capable of exploring God's world. We can thank these values for the birth of science, the dream of progress, human rights, prosperity, peace, and artistic beauty. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Jerusalem and Athens built America, ended slavery, defeated the Nazis and the Communists, lifted billions from poverty, and gave billions more spiritual purpose. Yet

we are in the process of abandoning Judeo-Christian values and Greek natural law, watching our civilization collapse into age-old tribalism, individualistic hedonism, and moral subjectivism. We believe we can satisfy ourselves with intersectionality, scientific materialism, progressive politics, authoritarian governance, or nationalistic solidarity. We can't. The West is special, and in *The Right Side of History*, Ben Shapiro bravely explains how we have lost sight of the moral purpose that drives each of us to be better, the sacred duty to work together for the greater good. A growing number of Americans want to tear down what it's taken us 250 years to build—and they'll start by canceling our shared history, ideals, and culture. Traditional areas of civic agreement are vanishing. We can't agree on what makes America special. We can't even agree that America is special. We're coming to the point that we can't even agree what the word America itself means. "Disintegrationists" say we're stronger together, but their assault on America's history, philosophy, and culture will only tear us apart. Who are the disintegrationists? From Howard Zinn's *A People's History of the United States* to the *New York Times*' 1619 project, many modern analyses view American history through the lens of competing oppressions, a racist and corrupt experiment from the very beginning. They see American philosophy as a lie – beautiful words pasted over a thoroughly rotted system. They see America's culture of rights as a façade that merely reinforces traditional hierarchies of power, instead of being the only culture that guarantees freedom for individuals. Disintegrationist attacks on the values that built our nation are insidious because they replace each foundational belief, from the rights to free speech and self-defense to the importance of marriage and faith communities, with nothing more than an increased reliance on the government. This twisted disintegrationist vision replaces the traditional "unionist" understanding that all Americans are united in a shared striving toward the perfection of universal ideals. *How to Destroy America in Three Easy Steps* shows that to be a cohesive nation we have to uphold foundational truths about ourselves, our history, and reality itself—to be unionists instead of disintegrationists. Shapiro offers a vital warning that if we don't recover these shared truths, our future—our union—as a great country is threatened with destruction.

JOHNSTONE COUNTRY. WHERE OTHERS FEAR TO TREAD. From the bestselling authors of *The Doomsday Bunker*, *Black Friday*, and *Stand Your Ground* comes the explosive story of a college under siege—and freedom under fire . . . **POLITICAL CORRECTNESS WON'T SAVE YOU** Former Army Ranger Jake Rivers is not your typical Kelton College student. He is not spoiled, coddled, or ultra-lib like his classmates who sneer at the "soldier boy." Rivers is not "triggered" by "microaggressions." He is not outraged by "male privilege" and "cisgender bathrooms." He does not need a "safe space." Or coloring books. Jake needs an education. And when terror strikes, the school needs Jake . . . Without warning, the sounds of gunfire plunge the campus into a battle zone. A violent gang of marauders invade the main hall, taking students as hostages for big ransom money. As a veteran and patriot, Jake won't give in to their demands. But to fight back, he needs to enlist his fellow classmates to school these special snowflakes in the not-so-liberal art of war. This time, the aggression isn't "micro." It's life or death. And only the strong survive . . . *Live Free. Read Hard.*

A thrilling seat-of-the-pants adventure perfect for fans of Dan Brown and Scott Mariani When the wreckage of a sunken Nazi submarine unlocks a shocking legacy of Hitler's quest for Atlantis, fearless archaeologist Conrad Yeats exposes an alarming conspiracy in the ruins of the Third Reich—a dangerous secret that the highest levels of every major government will stop at nothing to protect. Holding the key to ancient mystery, Yeats is plunged into a deadly race across the Mediterranean, hunted by the assassins of an international organization on a ruthless mission to ignite global Armageddon and revive an empire. With the help of Serena Serghetti, the beautiful Vatican linguist he loved and lost, Yeats must uncover the sinister truth behind the centuries-old-puzzle before worldwide devastation begins. 'A wonderfully honed cliff-hanger – an outrageous adventure with a wild dose of the supernatural. A thrill ride from start to finish' Clive Cussler on *Raising Atlantis* 'Remarkable! Grabs holds of you from the first page' Nelson Demille on *Raising Atlantis*

Action adventure about a tribal police officer in Arizona who stumbles onto a crime involving international covert operations.

Project President is a hilarious romp through American electoral history. From short, fat, bald John Adams' wig-throwing tantrums during the 1800 election to Abraham Lincoln's decision to grow a beard in 1860; from John F. Kennedy's choice to forgo the fedora at his inauguration to John Kerry's decision to get Botoxed for the 2004 race; from the Golden Age of Facial Hair (1860-1912) to the Age of the Banker (1912-1960); from Washington's false teeth to George W. Bush's workout regimen, *Project President* tells the story of America's love affair with presidential looks and appearance, why that often matters more than a politico's positions on the issues, and what might well be coming next. "I'm constantly citing the power of dress. It's semiology: our clothes send a message about how we want to be perceived, and where is this more powerful and evident than in elected offices. In *Project President*, Ben Shapiro captures presidential semiotics with a potent narrative and deft analysis. It's simultaneously fascinating and hilarious!" -Tim Gunn *Project Runway*, Liz Claiborne, Inc. "Ben Shapiro takes a romp through American history and shows how personality--and even haircuts--have elected or defeated presidential candidates. It's a tour through history that fans of both parties will enjoy--and can learn from." -Michael Barone Resident scholar, American Enterprise Institute Senior Writer, U.S. News & World Report Co-author, *The Almanac of American Politics* "Presidential politics has always been more superficial than we'd like to admit. With a stylish and likeable touch befitting a strong candidate, Ben Shapiro takes us deep into the shallowness that has shaped American history." -Jonathan Alter *Newsweek* "Shapiro deftly explains how height, hair and handsomeness can affect a candidate's campaign as much as issues. A fun, informative read." -Glenn Beck *Nationally syndicated talk show host* Host of CNN's *The Glenn Beck Show* "A hilarious and illuminating journey through America's centuries-long fascination with presidential image-making. Whether you're left, right, moderate or apathetic, this lively book will get you ready for the packaging of the '08 races." -Jim Hightower "This is a perceptive, witty-sometimes hilarious-look at the realities behind the faces and the facades, the slogans and the character assassinations, of each presidential campaign from George Washington to today - with much for us to ponder for tomorrow." -Sir Martin Gilbert Official biographer of Winston Churchill "An entertaining and illuminating romp through the politics of symbolism and personality in our presidential politics. If you're thinking of running for president, read this book before you spend a dime on a political consultant." -Rich Lowry *National Review* COLMES: Who do you want [for the Supreme Court]? ANN COULTER: Thank you for asking. I want Ben Shapiro. COLMES: Ben Shapiro. ANN COULTER: Yes. He just finished his first year at Harvard Law, 21

years old. COLMES: You mean for a date or for the court? ANN COULTER: No, for the court. He's my candidate. He's very bright. He's already written one best-selling book. (CROSSTALK) COLMES: You want to put a 21-year-old guy on the court? ANN COULTER: Twenty-one, and he's just finished first year of Harvard Law. COLMES: So you want someone who's going to be on the court for 50, 60 years? Is that - is that the whole idea? ANN COULTER: No, I just happen to like Ben Shapiro. Hannity and Colmes Fox News Channel July 8, 2005

NEW YORK TIMES BESTSELLER It's time for a black exit. Political activist and social media star Candace Owens addresses the many ways that Democrat Party policies hurt, rather than help, the African American community, and why she and many others are turning right. Black Americans have long been shackled to the Democrats. Seeing no viable alternative, they have watched liberal politicians take the black vote for granted without pledging anything in return. In *Blackout*, Owens argues that this automatic allegiance is both illogical and unearned. She contends that the Democrat Party has a long history of racism and exposes the ideals that hinder the black community's ability to rise above poverty, live independent and successful lives, and be an active part of the American Dream. Instead, Owens offers up a different ideology by issuing a challenge: It's time for a major black exodus. From dependency, from victimhood, from miseducation—and the Democrat Party, which perpetuates all three. Owens explains that government assistance is a double-edged sword, that the Left dismisses the faith so important to the black community, that Democrat permissiveness toward abortion disproportionately affects black babies, that the #MeToo movement hurts black men, and much more. Weaving in her personal story, which ushered her from a roach-infested low-income apartment to 1600 Pennsylvania Avenue, she demonstrates how she overcame her setbacks and challenges despite the cultural expectation that she should embrace a victim mentality. Well-researched and intelligently argued, *Blackout* lays bare the myth that all black people should vote Democrat—and shows why turning to the right will leave them happier, more successful, and more self-sufficient.

The conclusion of Emma Jean and Grim's story. Book three of *The Perversion Trilogy*.

Fox News personality and radio talk show host Levin explains how the dangers he warned against have come to pass"--

They're watching. They've wiretapped the apartment. They've got their daughter. They told them they'd hurt her if they spoke about it. They told them, "Don't say a word . . ." Or else . . . NEW YORK TIMES BESTSELLER WALL STREET JOURNAL BESTSELLER USA TODAY BESTSELLER "BLITZ, Trump Will Smash the Left and Win", by David Horowitz. Amazon #1 Bestseller. Hot book, great author!" — President Donald J. Trump BUCKLE UP—2020 WILL BE THE POLITICAL RIDE OF YOUR LIFE! IN NOVEMBER TRUMP WILL SMASH THE LEFT AND WIN! "We love David Horowitz. He thinks Trump is gonna win in a landslide in November, and he gives reasons why in the book, and he says Republicans are gonna be singing 'Happy Days Are Here Again' once November comes and the election is over and the votes are counted." — Rush Limbaugh "He is one of the bravest guys. He found the real intent [of the Left] was to control America. He has never, ever sat down. A true national treasure." — Glenn Beck "If you're interested in debating deranged liberals with facts, you won't want to miss this latest book." — Donald Trump, Jr. "BLITZ is a MUST-read for those who want to better understand what is really happening in the 'idea war' for the soul of America." — Governor Mike Huckabee BLITZ reveals the attacks made against Trump have been the most brutal ever mounted against a sitting president of the United States. Blinded by deep-seated hatred of his person and his policies, the left even desperately tried to oust Trump in a failed impeachment bid. Horowitz shows that their very attacks—targeting a man whose mission has been to "Drain the Swamp" and "Make America Great Again" backfired, turning Trump himself into a near martyr while igniting the fervor of his "base." With the 2020 election upon us, New York Times bestselling author David Horowitz chronicles the brutal battles, bitter backlash, and leftwing lies Trump has faced as Democrats repeatedly try to sabotage his presidency. You'll discover the left's terrifying socialist and, in some cases, communist agendas as you've never seen them before. Trump's response? In the meantime, he's going to steamroll this opposition in November using the same playbook he has used to win before. In BLITZ you will find shocking revelations: The 9 biggest dangers to America the left poses—their agenda will blow your mind. Show me the money: naming the billionaires and fat cats really out to get Trump. How patriotism suddenly became "white nationalism" linking Trump to Hitler and the KKK. The growing secularism of the left and how the hate pushed against Christians will backfire. Why every effort to demonize Trump and his supporters is failing like crazy. Obama's agenda: how the former president casts a much greater shadow over Trump's political woes than you ever imagined. The Genius: how Trump's brilliant strategy has worked and will continue to work, making him president again in 2021! The effort to remove and destroy our duly elected President may be the greatest challenge America has faced since the Civil War, explains Horowitz. For the first time BLITZ exposes the left's strategy to take down Trump, and how Trump not only beat them at their own game, but how he's turning the tables on them to achieve a stunning reelection win come November. "An indispensable book—BLITZ— explaining why today's Democrats are so dangerous and why President Trump is their nemesis." — Mark R. Levin, New York Times bestselling author of *Unfreedom of the Press* "BLITZ is the latest must-read from Horowitz: insightful, hard-hitting, controversial, and uncompromising. Ignore him at your peril." — Peter Schweizer, New York Times bestselling author of *Clinton Cash* and *Profiles in Corruption* "This is the book your anti-Trump relatives and friends should read...as clear a moral indictment of the anti-Trump left as has been written." — Dennis Prager, President of PragerU and New York Times bestselling author "Unparalleled insight into the current political climate, how we got here and what it means for 2020 elections." — Sean Spicer, Host of Spicer & Co., Newsmax TV "Horowitz understands the left's malevolent goals and how to stop them. This is a must read-book!" — Charlie Kirk, New York Times bestselling author of

The MAGA Doctrine “[David Horowitz] author and political activist believes President Donald Trump should focus on the issue of keeping Americans safe to help secure his re-election in the fall.” – One News Now

Ben Shapiro discusses hot-button political and social issues of the day. He calls attention to the corruption of the American future due to social liberalism. This is a collection of his nationally syndicated columns from 2014.

Since 1917, no fan of the Chicago White Sox had seen their team win a World Series. Three generations. A lifetime. In the Shapiro household, the White Sox were lifeblood, passed along with the family name: from Nate to David, from David to Ben. Then, in 2005, the White Sox finally made a run. In "Say It's So," David and Ben Shapiro document that glorious year from the perspective of a father and son rooting for the team -- and rooting for each other. "I read a lot of books on baseball, but it's a rare one that can take me back to the summer of 1967, when I sat on the front porch with my father listening to radio broadcasts of the Impossible Dream Boston Red Sox. David and Ben Shapiro are loyal to a different brand of Sox, but their collaboration reflects the same passion for baseball that unites generations. This book is written with insight, humor and -- most important -- a love of the game that should resonate with fathers and sons regardless of their team allegiance." -- Jerry Crasnick, ESPN.com and Baseball America "Ben and David Shapiro's 'Say It's So' beautifully captures the special relationship between fathers and sons that's so closely linked to our national pastime. Wonderful, moving, and uplifting." -- Dana Perino, co-host of Fox News' The Five and New York Times bestselling author of Let Me Tell You About Jasper "Baseball brings people together like no other sport, and in Ben and David Shapiro's new book, they show just why -- why fathers and sons will forever be playing catch together, and forever rooting together for teams to which they pledge their faith, even if it takes a century to be fulfilled." -- Mark Levin, nationally syndicated talk show host and New York Times bestselling author of Rescuing Sprite

In Warrior Saints of the Silk Road, Jeff Eden introduces the rich literary heritage of Islamic Central Asia by presenting the first complete English translation of a beloved cycle of mystical legends from the region along with an accessible commentary.

Brainwashed is the explosive exposé of the leftist agenda at work in today's colleges, revealed by firebrand Ben Shapiro, a recent UCLA graduate, syndicated columnist, and one of today's most exciting new conservative voices, who's been on the front lines of the battle for America's young minds. This book proves once and for all that so-called higher education continues to sink lower and lower into the depths of liberal madness as close-minded professors turn their students into socialists, atheists, race-baiters, and sex-crazed narcissists. "Ben Shapiro's writing is smart, informative, and incisive. He is wise beyond his years without losing the refreshing fearlessness of youth." ?Ann Coulter, best-selling author of High Crimes and Misdemeanors, Slander, and Treason "In Brainwashed, Shapiro tells the truth?that universities are forums of left-liberal indoctrination, where dissent is discouraged and penalized, with more restrictions on free speech rather any other part of American society. Parents who are paying for tuition might want to take note, and see what their hard-earned money is paying for." ?Michael Barone, U.S. News & World report and co-author of The Almanac of American Politics "Welcome to P.C. 101. In this trenchant insider's expose, Ben Shapiro bears witness to the modern American campus freak show. You'll get up close and personal with the Marxist loons, moral relativists, multicultural zealots, and American-haters who are corrupting young minds. Brainwashed reveals the ignominious lows to which higher education has sunk. Get deprogrammed. Buy this book!" ?Michelle Malkin, nationally syndicated columnist and author of Invasion "Sharp thinking, tight writing, crazy-but-true stories: Ben Shapiro sees campus brainwashing and raises a national protest. This is a good book to give both freshmen who need warning and voters/alumni who need to take action." ?Dr. Marvin Olasky, University of Texas professor and editor-in-chief of World magazine "A worthy successor to God and Man at Yale and Harvard Hates America in exploring the bely of the academic beast." ?David Horowitz, founder of Students for Academic Freedom and author of Radical Son and Left Illusions "What Animal House did for the toga party, Brainwashed should do for American resistance to campus radicalism." ?Rusty Humphries, nationally syndicated radio talk show host

Now in paperback, New York Times bestselling author Ben Shapiro presents a comprehensive case against Barack Obama's abuses of power during his time in office. From the DOJ to the NSA, from the EPA to the Department of Health and Human Services, Barack Obama's administration has become a labyrinth of corruption and overreach touching every aspect of Americans' lives. The People vs. Barack Obama strips away the soft media picture of the Obama administration to reveal a regime motivated by pure, unbridled power and details how each scandal has led to dozens of instances of as-yet-unprosecuted counts of espionage, involuntary manslaughter, violation of internal revenue laws, bribery, and obstruction of justice. The story of the Obama administration is a story of abuse, corruption, and venality on the broadest scale ever to spring from the office of the presidency. President Obama may be the culmination of a century of government growth—but more important, he is the apotheosis of the imperial presidency. Obama chooses when to enforce immigration laws, delays his own Obamacare proposals when it is politically convenient to do so, micromanages the economy, attacks the Supreme Court, Congress, and the sovereign states. And he proclaims that he alone is the voice of the people while encroaching on their rights. In The People vs. Barack Obama, Ben Shapiro brings Obama into the people's court and addresses each of his abuses of power.

New York Times bestselling author Ben Shapiro's new novel asks how close are we to our country's collapse—and will we be able to stop it once it begins? America is coming apart. An illegal immigration crisis has broken out along America's Southern border—there are race riots in Detroit—a fiery female rancher-turned-militia leader has vowed revenge on the president for his arrogant policies—and the world's most notorious terrorist is planning a massive attack that could destroy the United States as we know it. Meanwhile the President is too consumed by legacy-seeking to see our country's deep peril. Brett Hawthorne is the youngest general in the United States Army—and he's stuck, alone, behind enemy lines in Afghanistan. He's the last lost soldier of a failed war, fighting to stay alive and make it back home—but will he be able to stop the collapse of America in time?

"From the editor-at-large of Breitbart.com, a timely and compelling look at how liberals use bullying toward their opponents on today's top political issues"--

Many serious leftists have learned to distrust talk of logic and logical fallacies, associated with right-wing "logicbros". This is a serious mistake. Unlike the neoliberal technocrats, who can point to social problems and tell people "trust us", the serious Left must learn how to argue and persuade. In Give Them an Argument, Ben Burgis arms his reader with the essential knowledge of formal logic and informal fallacies.

“Every single American needs to read Michael Knowles’s *Speechless*. I don’t mean ‘read it eventually.’ I mean: stop what you’re doing and pick up this book.” —CANDACE OWENS “The most important book on free speech in decades—read it!” —SENATOR TED CRUZ *A New Strategy: We Win, They Lose* The Culture War is over, and the culture lost. The Left’s assault on liberty, virtue, decency, the Republic of the Founders, and Western civilization has succeeded. You can no longer keep your social media account—or your job—and acknowledge truths such as: Washington, Jefferson, and Columbus were great men. Schools and libraries should not coach children in sexual deviance. Men don’t have uteruses. How did we get to this point? Michael Knowles of *The Daily Wire* exposes and diagnosis the losing strategy we have fallen for and shows how we can change course—and start winning. In the groundbreaking *Speechless: Controlling Words, Controlling Minds* Knowles reveals: How the “free speech absolutists” gave away the store The First Amendment does not require a value-neutral public square How the Communists figured out that their revolution could never succeed as long as the common man was attached to his own culture Where political correctness came from How, comply or resist, political correctness is a win-win game for the bad guys Why taking our stand on “freedom of speech” helps put atheism, decadence, and nonsense on the same plane with faith, virtue, and reality The real question: Will we shut down drag queen story hour, or cancel Abraham Lincoln? For 170 years the First Amendment was compatible with prayer in public school How the atheists got the Warren Court to rule their way To this day, there’s a First Amendment exception for obscenity. What exactly is the argument that perverts’ teaching toddlers to twerk is not obscene? Read *Speechless: Controlling Words, Controlling Minds* if you want to learn how to take the fight to the enemy.

How far are Americans willing to go to force each other to fall in line? According to the establishment media, the intelligentsia, and our political chattering class, the greatest threat to American freedom lies in right-wing authoritarianism. We’ve heard that some 75 million Americans who voted for Donald Trump represent the rise of American fascism; that conservatives have allowed authoritarianism to bloom in their midst, creating a grave danger for the republic. But what if the true authoritarian threat to America doesn’t come from the political right, but from the supposedly anti-fascist left? There are certainly totalitarians on the political right. But statistically, they represent a fringe movement with little institutional clout. The authoritarian left, meanwhile, is ascendant in nearly every area of American life. A small number of leftists—college-educated, coastal, and uncompromising—have not just taken over the Democratic Party but our corporations, our universities, our scientific establishment, our cultural institutions. And they have used their newfound power to silence their opposition. The authoritarian Left is aggressively insistent that everyone must conform to its values, demanding submission and conformity. The dogmatic Left is obsessed with putting people in categories and changing human nature. Everyone who opposes it must be destroyed. Ben Shapiro looks at everything from pop culture to the Frankfurt school, social media to the Founding Fathers, to explain the origins of our turn to tyranny, and why so many seem blind to it. More than a catalog of bad actors and intemperate acts, *The Authoritarian Moment* lays bare the intolerance and rigidity creeping into all American ideology – and prescribes the solution to ending the authoritarianism that threatens our future.

“Vitaly important, devastatingly thorough, and shockingly revealing.... After reading *Primetime Propaganda*, you’ll never watch TV the same way again.” —Mark Levin Movie critic Michael Medved calls Ben Shapiro, “One of our most refreshing and insightful voices on the popular culture, as well as a conscience for his much-maligned generation.” With *Primetime Propaganda*, the syndicated columnist and bestselling author of *Brainwashed*, *Porn Generation*, and *Project President* tells the shocking true story of how the most powerful medium of mass communication in human history became a vehicle for spreading the radical agenda of the left side of the political spectrum. Similar to what Bernard Goldberg’s *Bias* and *A Slobbering Love Affair* did for the liberal news machine, Shapiro’s *Primetime Propaganda* is an essential exposé of corrupting media bias, pulling back the curtain on widespread and unrepentant abuses of the Hollywood entertainment industry.

"Tim Wise is one of the great public moralists in America today. In his bracing new book, *Under the Affluence*, he brilliantly engages the roots and ramifications of radical inequality in our nation, carefully detailing the heartless war against the poor and the swooning addiction to the rich that exposes the moral sickness at the heart of our culture. Wise's stirring analysis of our predicament is more than a disinterested social scientific treatise; this book is a valiant call to arms against the vicious practices that undermine the best of the American ideals we claim to cherish. *Under the Affluence* is vintage Tim Wise: smart, sophisticated, conscientious, and righteously indignant at the betrayal of millions of citizens upon whose backs the American Dream rests. This searing testimony for the most vulnerable in our nation is also a courageous cry for justice that we must all heed."—Michael Eric Dyson, author of *The Black Presidency: Barack Obama and the Politics of Race in America* Tim Wise is one of America's most prolific public intellectuals. His critically acclaimed books, high-profile media interviews, and year-round speaking schedule have established him as an invaluable voice in any discussion on issues of race and multicultural democracy. In *Under the Affluence*, Wise discusses a related issue: economic inequality and the demonization of those in need. He reminds us that there was a time when the hardship of fellow Americans stirred feelings of sympathy, solidarity for struggling families, and support for policies and programs meant to alleviate poverty. Today, however, mainstream discourse blames people with low income for their own situation, and the notion of an intractable "culture of poverty" has pushed our country in an especially ugly direction. Tim Wise argues that far from any culture of poverty, it is the culture of predatory affluence that deserves the blame for America's simmering economic and social crises. He documents the increasing contempt for the nation's poor, and reveals the forces at work to create and perpetuate it. With clarity, passion and eloquence, he demonstrates how America's myth of personal entitlement based on merit is inextricably linked to pernicious racial bigotry, and he points the way to greater compassion, fairness, and economic justice. Tim Wise is the author of many books, including *Dear White America* and *Colorblind*.

We often ask ourselves what gets lost in translation--not just between languages, but in the everyday trade-offs between what we experience and what we are able to say about it. But the visionary poems of this collection invite us to consider: what is loss, in translation? Writing at the limits of language--where "the signs loosen, fray, and drift"--Alan Shapiro probes the startling complexity of how we confront absence and the ephemeral, the heartbreak of what once wasn't yet and now is no longer, of what (like racial prejudice and historical atrocity) is omnipresent and elusive. Through poems that are fine-grained and often quiet, Shapiro tells of subtle bereavements: a young boy is shamed for the first time for looking "girly"; an ailing old man struggles to visit his wife in a nursing home; or a woman dying of cancer watches her friends enjoy themselves in her absence. Throughout, this collection traverses rather than condemns the imperfect language of loss--moving against the current in the direction of the utterly ineffable.

Argues that the Carter Administration-created USDA Agency of Invasive Species is the perfect example of Big Government gone out of control. Original.
