Mars Xi can kill you with her mind, but she'll need more than psychic powers to save her in *Killing Gravity*, the thrilling science fiction space adventure debut by Corey J. White. Before she escaped in a bloody coup, MEPHISTO transformed Mariam Xi into a deadly voidwitch. Their training left her with terrifying capabilities, a fierce sense of independence, a deficit of trust, and an experimental pet named Seven. She's spent her life on the run, but the boogeymen from her past are catching up with her. An encounter with a bounty hunter has left her hanging helpless in a dying spaceship, dependent on the mercy of strangers. Penned in on all sides, Mariam chases rumors to find the one who sold her out. To discover the truth and defeat her pursuers, she'll have to stare into the abyss and find the secrets of her past, her future, and her terrifying potential. *The Voidwitch Saga Book 1: Killing Gravity Book 2: Void Black Shadow* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Corey J. White's debut novel *Repo Virtual* blurs the lines between the real and virtual in an action-packed cyberpunk heist story. The city of Neo Songdo is a Russian doll of realities — augmented and virtual spaces anchored in the weight of the real. The smart city is designed to be read by machine vision while people see only the augmented facade of the corporate ideal. At night the stars are obscured by an intergalactic virtual war being waged by millions of players, while on the streets below people are forced to beg, steal, and hustle to survive. Enter Julius Dax, online repoman and real-life thief. He's been hired for a special job: stealing an unknown object from a reclusive tech billionaire. But when he finds out he's stolen the first sentient AI, his payday gets a lot more complicated.

Facing a new evil in the form of a vicious queen and her bloodthirsty, shape-shifting minions, the Cerberus warriors, with the undead descending upon Africa, are desperate to escape a fate far worse than death. Original.

Corey J. White concludes his pulse-pounding space opera in *Static Ruin*. As the most wanted voidwitch in the galaxy has no place left to run—except back to those who created her. She killed the man who trained her. She killed the fleet that came for her. She killed the planet that caged her. Now she must confront her father. Mars Xi is on the run, a bounty on her head and a kill count on her conscience. All she has left are her mutant cat Ocho and her fellow human weapon Pale, a young boy wracked by seizures who can kill with a thought. She needs him treated, and she needs to escape, and the only thread left to pull is her frayed connection to her father, Marius Teo. That thread will take her to the outskirts of the galaxy, to grapple with witch-cults and privately-owned planets, and into the hands of the man who engineered her birth. *The Voidwitch Saga #1 Killing Gravity #2 Void Black Shadow #3 Static Ruin* At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

Corey J. White's space opera *Voidwitch Series* continues: Mars Xi returns in *Void Black Shadow*, sequel to *Killing Gravity*. Mars Xi is a living weapon, a genetically-

manipulated psychic supersoldier with a body count in the thousands, and all she wanted was to be left alone. People who get involved with her get hurt, whether by MEPHISTO, by her psychic backlash, or by her acid tongue. It's not smart to get involved with Mars, but that doesn't stop some people from trying. The last time MEPHISTO came for Mars they took one of her friends with them. That was a mistake. A force hasn't been invented that can stop a voidwitch on a rampage, and Mars won't rest until she's settled her debts.
